

THE WAHPETON TIMES

VOL. XL.

WAHPETON, RICHLAND COUNTY, NORTH DAKOTA, THURSDAY JUNE 15th, 1916

Number 16

HAVE YOU SIGNED UP FOR THE TRIP

About 80 Cars Will Go From Here To Lidgerwood on the 22nd Of This Month

NOBLY RESPONDING TO THE CALL

The Citizens of Wahpeton Wish To Repay the Debt Owed to Lidgerwood

Mr. Frank Budack, sheriff of Richland county spent the fore part of the week among the autoists and citizens of this city signing them up for a trip to Lidgerwood on the 22nd of this month.

Lidgerwood is entertaining the old settlers of this county on the 21st and 22nd of this month, and the B-W. base ball team also plays the winner of the Milnor-Hankinson ball teams on the twenty second. Lidgerwood has always accorded the fair management a hearty cooperation by being in attendance at least one day of the fair. This has always been one of the biggest days of the Richland County Fair. It is no more than fitting that the Citizens of Wahpeton should do likewise and accord the Lidgerwood people who have gone to a heavy expense in entertaining the Old Settlers and we should do our part to make it a financial success as well as to show the old settlers that we appreciate what they have done for this county and its citizens.

About eighty cars will be in line for that day and if Sheriff Budack has not called upon you, and you would like to join in the procession, then call upon him and sign up for the trip, you will be more than welcome. The more the merrier. The city band is also going and the people of this city especially know that the old settlers are going to hear some splendid music.

Don't forget the date, June 22, and shape your affairs so that you can make the trip.

CALIFORNIA PERFUME CO.

Free to every lady who gives an order for one dollar (\$1.00) or more of our toilet articles and household specialties during the month of June, will be given free a 50c bottle of our new odor "Daphne".

INDEPENDENTS WIN FROM KINDRED

Sunday by the Score of 7 to 0. Game Called in Sixth Inning On Account of Rain

BOLL ALLOWED ONE HIT

And the Boys Behind Him Played A Sterling Game With No Errors

The Wahpeton Independents, a ball team composed of boys around the town and with all home players. These boys will be dressed in brand new uniforms at their next appearance at Wyndmere Sunday next when they meet and hope to defeat the fast team of that place.

The boys went in autos to Kindred Sunday morning and in the afternoon met and defeated the fast team of that place by the score of 7 to 0. In the first inning the Independents ran in four scores and in the last four innings made three more. The field work of the local boys was perfect, no errors being made.

The line up for last Sunday at Kindred was as follows: Steffens, c; Boll, p; Kelly, 1st; Youngquist, 2nd; Fischer, ss; Mikkelsen, 3rd; Mart Voves, lf; Jacobchick, cf; Boepple, rf.

A NEW OUTLET FOR GRAIN

Last Monday E. H. Nobe, Norway's Consul representing the Norwegian government called at the St. Paul office of the Equity Society in company with Erick Hammer, Secretary of the Norwegian Food Commission to make arrangements for purchasing grain direct from the producers through their own selling agency. This is certainly a long step in the right direction. Whenever the farmers get in a position to sell their own grain to the foreign governments for just what it is worth less the cost of transportation, they will have their marketing problem solved.

Both Mr. Nobe, the Consul and Mr. Hammer, Secretary of the Food Commission were very enthusiastic over purchasing wheat direct from the producers through their own selling agency. Mr. Hammer will return to Norway soon to report the results of his mission here.

WAHPETON CONSERVATORY OF MUSIC RECITAL

Wahpeton may well take pride in possessing genuine musical talent and superior music teachers. The recital given last Friday evening at the Congregational Church by the pupils of the Wahpeton Conservatory of Music evinced the presence of both the quantities named. The students represented were Miss Olivia Edelbrock, pianist, Miss Thelma Edelbrock, violinist, Mr. J. W. Perkins, baritone and Mr. Rudolph Gilles, baritone.

The special excellence of student musicianship and the quality of the program materials; the works of the best composers (speaking chronologically) from Beethoven to Moszkowski attest the high ideals and careful methods of their teachers, Miss Marguerite Baker, Miss Nina Bardwell and Mr. Olaf Henrikson.

Miss Edelbrock and her sister, Thelma, the young violinist, who occupied the principal positions on the program, are charming girls whose general bearing bespeaks the careful training of a good mother as well as that of good music teachers. Both are endowed with the same musical spirit and differ most in the choice of means of expression. Thelma has a truly remarkable tone for one so young. It is full and true, and except for a vibrato too slowly executed, compares favorably with that of good violinists of twice her age. Olivia, has on the other hand, delicacy and greater facility of execution.

From among the fourteen compositions which figured on the program, the following are mentioned because of special significance of the interpretations given

RECITAL

Miss Olivia Edelbrock, pianist.
Miss Thelma Edelbrock, violinist.
Assisted by
Mr. J. W. Perkins, baritone
Mr. Rudolph Gilles, baritone.

Orchestral parts on second piano by Miss Baker
Congregational Church
Friday evening, June the ninth.
Fifteen minutes after eight.

CROW ELK-HART "30"

Breaks Record in Non-Stop Lock-Gear Run

One of the most remarkable automobile runs that motordom has ever known was an official non-stop, lock-gear run made by Frank Malich, a Cincinnati business man, from Elkhart, Indiana to his home in Cincinnati, news of which reached The Red River Motor Co. of Wahpeton, N. Dak. CROW ELK-HART Distributors, today.

Besides successfully completing the run, Mr. Malich broke the Elkhart-Cincinnati road record.

The gears of Mr. Malich's Crow Elk-hart "30", a \$725 stock car were locked in high by the American Express Company at Elkhart and the key deposited with officials at the latter city.

Mr. Malich started at 6 A. M. from Elkhart and arrived in Cincinnati at 4:35 P. M.—300 miles away—in record time.

The gears were locked in high so that the entire trip up over hills, through valleys and through some of the worst pulling that motor cars have ever faced. Mr. Malich drove without being able even if he wanted to, to shift to lower gear.

On arrival at Cincinnati, the

motorist was unable to break the lock, as he attempted to do, and finally resorted to the service of a locksmith.

It was the most remarkable trip I have ever known a motor car to make, said Mr. Malich today. Though I have known the car was a wonder on its ability to climb hills and navigate the worst road conditions in this country, I doubted myself when I left Elkhart if I would arrive in Cincinnati. For to my knowledge, no car, even the most expensive build, has been able to make such a trip. I would come to hills that seemed almost to tower above me and the Crow Elk-hart "30" would flatten them out in wonderful shape.

The power of that motor is something upon which the Crow people must be congratulated, for it is the power of the motor and the ability of the chassis to stand up under the strain to which it was put—for I was going at mighty good speed most of the time to which credit must be given for the run. The way this \$725 stock car mastered situations which few cars are ever put to in high gear, aroused a wonderful respect for the genius of its creators and you must understand there is some mighty stiff going between Elkhart and Cincinnati.

RED RIVER MOTOR CO., Wahpeton, N. D.

NEW FIRE WHISTLE

The city dads have been trying out a new fire whistle today which has been installed upon the roof of the city hall. Judging by its noise it ought to prove satisfactory. A number of people at first thought that some Ford had got stuck in the mud on Dakota avenue and stood in front of the business places, looking up and down the street to see if it got out.

HOSPITAL BENEFIT

A matinee will be given at the Photoplay Theatre on Saturday, June 17th at 3 p. m. for the benefit of Wahpeton Hospital. In addition to the regular program, several musical numbers will be given by home talent. It is hoped that the people of Wahpeton will remember this date and respond generously in aid of a worthy cause, as the entire proceeds will be donated by the management of the theatre.

LOSE FRIDAY

WIN SUNDAY

The B-W. Baseball Team Lost to Milnor Friday by Score of 1 to 0

GAME CALLED IN SIXTH

Sunday On Account of Rain and Boys of Little Twins Win by Score of 3 to 0

What was termed one of the best ball games ever played on the Milnor diamond was staged in that city last Friday when the local team of the little twins journeyed to Milnor and met the fast team of that place. The local boys lost out by the score of 1 to 0. An error by Riperton in the first inning with two out and a man on third was the cause of Milnor scoring the one run they did. After the first inning the local team played the better ball but the breaks of the game were against them and so the game ended with Milnor on the long end of the close score of 1 to 0.

Win From Hankinson

Sunday the Little Twins demonstrated to the pied pipers of Hankinson that we wouldn't listen to the strain of their pipes and therefore we were prepared to exterminate our own rats.

Hawkins the old pirate captain from the Fargo-Moorhead club of the Northern League was on the mound for the Hankinson club and if the rain had only held off until after the ninth inning, what a scalping bee it would have been. Hawkins in the first three frames showed up splendidly, but just as the boys were getting their batting clothes on, and a determined look to fatten their batting averages the elements began to fall and then the game had to be called.

Trim Hankinson Again

The artists of the Little Twins journeyed to Hankinson yesterday and again demonstrate our superiority over them, by taking the 60 per cent on the result of a 3 to 5 score in favor of the B-W's.

At Cogswell Today

The boys left Hankinson yesterday and arrived in Cogswell this morning and are playing with the fast team of that place. No word up to the time of going to press had been received, stating the outcome.

Fergus Here Sunday

Arkansas Smith with his tribe of aborigines will be here Sunday to play off and settle the tie between the Little Twins and the Fergus team. Each team having won one game each. This will be a fast game as both teams are about of the same calibre.

Beardsley Here Tuesday

The all salaried team from Beardsley, Minn., will be here today with the local boys Tuesday and a good fast game is looked for.

RECKLESS DRIVING—WIFE'S LEG BROKEN

Mrs. John Brummond of Hankinson was the victim of an automobile accident Sunday afternoon and is now in the Lutheran hospital suffering with a broken leg.

John Brummond and wife and children had come over for a visit with Mrs. Brummond's parents, Mr. and Mrs. Thimjon of this city and about the time the rain started they started for home. Mr. Brummond started the car at full speed and on the outskirts of this city went into the ditch with the above results.

LARGE PICNIC TOMORROW NOON

At the State School of Science When the Citizens Will Join The Students to

CELEBRATE COMMENCEMENT

And Also the Closing of This State Institution For This Season

Wahpeton will tomorrow fittingly observe the closing of the state School of Science for this season. This is the first time that a thing of this nature has been done. But nevertheless it is timely. It will show the students of this popular educational institution that the citizens of Wahpeton appreciate whatever they have done for them.

Every year a large number of students come here to attend the above mentioned school and while in this city leave with us a certain amount of worldly goods. Wahpeton has prospered to a certain extent by these students patronizing the local business places and it is no more than right that we retaliate and show these students that we appreciate whatever they have done for us.

Mayor Fligelman has requested the business places of this city to close from the hours of 11:30 A. M. in the morning until at least 2 p. m., and join in the big picnic that is going to be held on the campus grounds. During the picnic dinner the Science School band will render some very sweet music and everything is set for the largest out of door entertainment ever held in Wahpeton.

Have your wives or even (?) pack up a nice lunch and then meet her at twelve o'clock at the campus grounds. It will not only relieve your mind from its daily strain, but will create in you a feeling of satisfaction that you have tried to show these students that you appreciate their coming here instead of going to some other school.

7 ARRESTED, CHARGED

WITH SELLING BOOZE

Seven warrants issued at the request of the states attorney were served by Sheriff Budack, Deputy Sheriff McMichael and Assistant States Attorney Lounsbury last Friday and Saturday, and as a result five men are now out on bail and two unable to furnish bonds are boarding at the Hotel DeBuda.

RAILWAY MEN REJECT

PROPOSALS; MAY STRIKE

A continuance of the conference between representatives of 35,000 railroad workers and their employers, called to avert a possible general strike involving all railroads in the United States, hinged today upon the decision of the railroad managers as to whether they would offer a specific compromise to the demands of their employees.

TO TEACHERS

This is to remind you again that Summer School will commence on Tuesday, June 20th at the State School of Science.

It is to the advantage of any teacher to increase her stock of knowledge, and the Summer School offers her opportunity not only to do so but to acquire added ability to instruct others. But the untried, untrained teacher especially needs the work of the Summer School.

In recommending teachers for the schools of the county, other things being equal, those who attend the Summer School and do good work will be given the preference.

If you have no license to teach you may earn credits toward one by attending. But it is a matter of common knowledge that a certificate is no guarantee of efficiency as a teacher. It is not even unquestionable evidence of needed scholarship, for much of the poor instruction in our schools is due to teachers' inadequate knowledge of the subjects.

Call for efficient teaching service comes, not only from the county superintendent, but from school officers and patrons—indeed from wide-awake, devoted teachers themselves. This call is based on a demand for higher standards of work in the schools and it is up to those in the work and those just entering it to respond to those demands.

Very truly yours,
CHAS. HANSON.
