WHY RUN-DOWN PALE EXHAUSTED WOMEN SHOULD TAKE IRON

There can be no beautiful, healthy, rosy-cheeked, steady nerves without iron. When the iron goes from the blood of women, the roses go from their cheeks—their charm and attractiveness disappear. I have used my patients take organic iron—Nuxated Iron—not metallic iron which often corrodes the stomach and does more harm than good. Nuxated Iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of a weak, nervous, irritable, careworn, haggard woman in two weeks' time in many cases. I have used it in my own practice with most surprising results.—Ferdinand King, M.D., well known New York Physician and medical author. (Satisfaction guaranteed or money refunded.—On sale at all good druggists.)

Bannan has brought suit in district court to recover on a note for \$130.16 allegedly given eight years ago by Grover Row, who is named defendant. The complaint relates that the note was signed Jan. 18, 1911, and that it fell due in 60 days, but that no part of the amount has been paid. Traditions mean nothing to Everett S. Kellogg. Since time without date there has been a proverb having to do with the disposition of a woman's tongue to wag and poet and paragon alike have caused the sufferings of man to appear as intensified by the ability of the female of the species to make conversation, but Everett has a contrary opinion. The proverb probably never had the benefit of his advice on the subject, for had they consulted him there would undoubtedly have been a modification of the familiar aphorism. Everett doesn't think it would be a hardship to listen to his wife. He is suing for a divorce because she won't talk to him at all, he alleges. For several months past, he says, in the complaint he filed yesterday in district court, Mrs. Kellogg has refrained from speaking to him and he consequently thinks he has been subjected to extremely cruel treatment. His peace of mind has been destroyed, he continues, and as matters now stand in the Kellogg home he believes the legitimate purpose of his marriage to the defendant has been nullified. Further acts of cruelty alleged of Mrs. Kellogg by her husband are that she has repeatedly threatened to desert him, she is also subject to fits of violent anger, the plaintiff charges. They were married at Shelby, Mo., January 14, 1914. CORPORATIONS MAKE REPORTS Four corporations yesterday filed with the county clerk and recorder their annual statements, the Benton Group Mining company, the Belt Valley Livestock company, Kenyon & Wheeler and the Kenyon-Killing company, all conforming with the state's requirements in this relation. The Benton Group Mining company has an authorized capitalization of \$150,000, of which \$108,114 has been actually subscribed. T. C. Power of Helena is president and Frank Coombs and Allen Pierce, both of Great Falls, are, respectively, vice president and secretary. The Belt Valley Livestock company has an authorized capitalization of \$60,000. Stock subscriptions amount to \$39,600. The officers are E. J. Cray of Choteau, president; A. T. Cray of Belt, secretary and treasurer, and George Cray of Ismay, vice president. Each official is also a director in the company. The firm of Kenyon & Wheeler is capitalized at \$10,000, subscriptions amounting to \$16,100. E. O. Wheeler is president and general manager; W. A. Brown, vice president, and L. L. Angert, secretary. With the Kenyon-Killing company the capitalization is \$200,000 and \$2,500 has been paid in by purchasers of stock. The officers are: C. E. Kenyon, president; L. L. Angert, vice president, and M. E. Kenyon, secretary and treasurer. GOOLSBY WANTS FREEDOM Eddie B. Goolsby has brought action in district court to obtain a divorce from Kate Goolsby, who, he alleges, deserted him at Canada, in October, 1916, without cause. The plaintiff asserts that he provided a good home for his wife and was a dutiful husband, but that Mrs. Goolsby left him and has since absented herself from the home. They were married in Rush Hill, Mo., Jan. 5, 1905.

Strain Brothers THE BIG STORE

THIEVES CARRY AWAY THE CANS A car of canned goods left on the house track of the Stone-Ordeau-Wellis company Wednesday night was entered by thieves, who got away with a quantity of merchandise. The company told the police that it would be impossible to learn how many cases are missing until the work of unloading the car is finished, when a check can be made of what was left by the thieves. The car was partially unloaded Wednesday night and when the workmen quit that evening the door was fastened with a padlock. Entrance was gained by forcing the lock with a jimmy. Several cans were found on the ground a short distance from the car, evidently having been dropped by the thieves. It was expected last night that the extent of the company's loss will be determined today. Lizzie Anderson, Jessie Burns and Peter Daly, arrested in a south side shack Wednesday night for drunkenness and creating a disturbance, were each fined \$25 yesterday by Police Magistrate George Raban. The Anderson woman produced the cash, but her friends were committed owing to their inability to raise the necessary amount. An attempt was made to learn the place where the whiskey responsible for their arrest was obtained, but Daly, who is believed to have taken the liquor to the women's shack, had nothing to say except that he took it off a shelf. Nellie Gibson, charged with vagrancy, forfeited \$25.

GLINSKI GREAT FALLS MAN

Explaining that she had received a letter from her husband since the arrest, Mrs. Mae Glinski writes to The Tribune to say she does not understand how his name got in the casualty reports printed on January 12. Mrs. Glinski seems not to understand that the reports now being printed are coming from the war department and cover the cases occurring weeks ago. She says her husband was taken to a hospital in September last and that, without any doubt, is how his name got into the lists. She says also that he was reported as being from Billings while he went from this city.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health. Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound that I bought a bottle and took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness."—Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa. The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

AN ATTACK OF INFLUENZA Often Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of influenza which has visited so many homes. The symptoms of this disease are very distressing and leave the system in a run down condition. Almost every victim complains of lame back and urinary troubles, which should not be neglected, as these danger signals often lead to dangerous kidney troubles. Druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root, being a herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample size bottle of Swamp-Root, on receipt of 10 cents, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular medium and large size bottles, for sale at all druggists. Be sure to mention this paper.—Adv.
