Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

The Old Way Not many years since the only way to do the family washing was to stand over a steaming wash tub and rub the clothes by hand. This method gradually gave way to the hand-power machine, which saved time and energy, at the same time washing the clothes cleaner. Then came the electrically-driven washers and the peer among all of them is the Woodrowasher

There are 25 points of merit which account for the superiority of the Woodrowasher. We will be glad to tell you of all of these features and demonstrate this washer if you will call at our hardware section. Another pleasing feature of the Woodrowasher is the fact that YOU CAN BUY ONE ON EASY TERMS.

I CAN GET IT AT SANDAHL'S FOR LESS!!

The above slogan is heard many times by every grocery merchant in the city. Why? Because every economical housewife in Great Falls knows that the Big Cash and Carry Store is selling a better grade of merchandise for less money than any other store in the whole northwest and that by trading there they are not paying the other fellow's bills, as everybody pays cash there. By doing away with a bunch of expensive book-keepers and collectors and also by buying in large quantities and paying cash enables us to have our goods laid down at our door at the very lowest rock-bottom prices, another big saving passed on to the consumer. Now a word about delivery: Many times you have read an ad quoting "Free Delivery." Who ever heard of any store running a delivery free with gasoline at 35c a gallon, or where is the man or "delivery boy" that will drive a wagon or a car without pay? Not much. Somebody must pay the bills and naturally a little more is added on to each item, and thereby the consumer is made the "goat" again by paying from 15 to 25 per cent more for his so-called "Free Delivery." After you have taken the above in consideration you can readily see how and why Sandahl does "Sell it for Less."

Table with multiple columns listing grocery items and prices. Items include Blue Ribbon Creamery Butter, Seal Brand Coffee, Fels Naptha Soap, Orange Pekoe Tea, Crepe Toilet Paper, O-Cedar Oil, etc.
