VAST ROAD BUILDING PROGRAM PLANNED, SAYS U. S. OFFICIAL
Forest Service Engineer Says Montana Will Get Big Share of Work.

Special to The Daily Tribune.
Missoula, Jan. 23.—The government is planning a tremendous road building program, to commence as early as possible this spring, according to W. T. Norcross, assistant chief engineer of the federal forest service in charge of roads, who is here from Washington, for a conference with forestry officials.

Two hundred thousand dollars will be spent in western Montana during 1919, he said, and an equal sum will be devoted to road projects in northern Idaho.

Edwin J. Cummins, university graduate and formerly deputy county attorney at Deer Lodge, is visiting his parents in this city, after serving with the marines in France. He was wounded three times, but is recovering. He will return to his command at Quantico, Va., in 30 days.

The next war loan will give everyone a chance to prove whether or not he is as patriotic in peace times as he is during a war.

FOUR CANDIDATES FOR BUTTE MAYOR ALREADY LINED UP

Returned Soldier, Alderman and Present Executive Expected to Run.

Special to The Daily Tribune.
Butte, Jan. 23.—The city campaign, for which primaries will be held in March, is already taking some form. So far there are three, besides the incumbent, who it is expected will enter the race for the mayoralty.

William Cutts, who recently returned to his home in Butte after serving for more than a year in the army, being stationed in California, is a candidate. Since returning home, Cutts has been made commander of the Army and Navy association, an organization recently formed to look after the welfare of returning soldiers and sailors. Before entering the service Cutts was manager of a local theater. He is an old-time resident of the city.

Ernest Hardcastle, member of the present city council, is also expected to become a candidate for mayor. He favors a revised assessment of city property.

It is believed that a portion of the organized labor element of the city will support as their choice for mayor W. F. Dunn, editor of the Daily Bulletin and one of the members of the legislature from Silver Bow county.

W. H. Maloney may also be a candidate to succeed himself.

Patrick J. Whitty, police magistrate for the past four years, will have opposition this spring, as the office is sought by John Wesson, who for a number of years has served as city detective.

As the Silver Bow county legislation in the house of representatives is in effect, hope of legislation for consolidation of the city and county governments has been abandoned, but there are rumors that an attempt to place Butte under a commission form of government will use all present plans for the approaching municipal campaign.

Special Feed Rates Withdrawn, Protest Made by State Board

Helena, Jan. 23.—Learning unofficially that the United States Railroad administration had withdrawn special rates on shipment of feedstuffs to poor crop sections in Montana effective tomorrow, the Montana railroad commission today filed a vigorous protest with R. H. Ashton, district director, with headquarters at Chicago.

The rates, which were granted about two months ago, were half of the usual rates and a considerable amount of hay had been shipped into the state from the Dakotas, Minnesota and from Washington.

Farmers appraised of the contemplated order of the railroad administration telegraphed to the railroad commission asking for an extension. They also desired to know whether special rates already in transit would be placed under the full rate charges. They were informed that only the half rate could be charged for stuff in transit.

ASSASSIN TO USE 1918 TAX SCHEDULES IN FIXING VALUES
Special to The Daily Tribune.
Helena, Jan. 23.—Before adjourning, the assessors in attendance here in annual convention, tentatively decided to use the 1918 tax schedules, except on sheep, in fixing values this year, unless the legislature passes laws taking the power out of their hands. Sheep will be assessed at \$6 a head this year and lambs at \$3.

Former Harlem Rancher Dies in South Dakota
Special to The Daily Tribune.
Harlem, Jan. 23.—A letter was received here Wednesday telling of the death of E. W. Sutherland from influenza, at Florence, S. D., January 12.

Sutherland and his family were formerly residents of the Soudan in Bench. Their place is about 12 miles north of Harlem. When the drought took his second crop this summer, he decided to go back to South Dakota for a while. He rented a place near Florence.

He died at the age of 42 and leaves a wife and four little children. At the time of his death the members of his family were all ill with influenza.

Legislative Banquet to Be Held February 1
Special to The Daily Tribune.
Helena, Jan. 23.—Announcement is made that the biennial banquet of members of the legislative assembly will be held here at the Placer hotel Saturday evening, February 1. E. B. Linderman of Big Park, Flathead county, is secretary of the association.

AFTER BURLERSON'S SCALP.
Special to The Daily Tribune.
Butte, Jan. 23.—At the regular meeting of the Silver Bow Trades and Labor assembly a committee was appointed to draft resolutions to be sent congressmen and senators, protesting against the zone system. A resolution is also to be prepared asking for the resignation of Postmaster General Burlerison.

The New York bolsheviks want cheaper steamship rates to Russia. If they'll all agree to go there, we should think New York would be glad to pay their fare.

Summer Sand Storm Visits Lewistown

Lewistown, Jan. 23.—This city was visited today by a severe sand storm. The oldest residents in the vicinity cannot remember anything of its kind at this time of the year. This winter has been one of extreme mildness, not a particle of snow being on the ground. Butterflies and grasshoppers can be seen in the fields. Normally January and February are the coldest months of the year in this section.

ST. PATRICK'S DAY JUBILATION TO BE REVIVED IN BUTTE

Streets Will Resound With the Strains of "The Wearin' of the Green."

Special to The Daily Tribune.
Butte, Jan. 23.—If plans in contemplation by the Ancient Order of Hibernians of Silver Bow county reach fruition, March 17 will witness a revival of the old St. Patrick's day celebrations for which Butte was famous in the early days.

The city's streets will resound to the stirring strains of "The Wearin' of the Green" as natives of the Emerald Isle and marching of Irish extraction swing along in a mammoth procession in honor of Ireland's patron saint, and the green and gold will be intertwined with the Stars and Stripes in elaborate decorations.

At a meeting of the society which more than 400 attended a special committee was named to draft tentative plans for the proposed celebration, and a second meeting of the society has been called to make definite arrangements. This meeting will be held in Hibernian hall in Centerville, and arrangements have been made for the entertainment there of 500 members.

SEPTEMBER 8 TO 13 SET FOR STATE FAIR
Directors Consider Proposed Legislation for Improvement of Grounds.

Helena, Jan. 23.—September 8 to 13 was today set as the period of the 1919 Montana State fair by the directors who are in session in this city.

Plans to inaugurate the coming exposition for the biggest and best fair ever held in the state are before the directors, as well as proposed legislation needed for the improvement of the fair grounds and its buildings.

Wind Blowing Down Buildings in Teton
Special to The Daily Tribune.
Choteau, Jan. 23.—The wind has raved here this month. Small buildings have been out of luck, and many a home-owning house has been timbered over. Bill Emerick's two-story house on his 320-acre ranch was picked up, carried across a nearby coulee and literally demolished. Emerick has since purchased several loads of lumber and engaged a contractor to build a bungalow for himself.

Rev. J. A. Alford drove over from Valer in his Ford at the risk of his life. With Rev. V. E. Hall he called on Dr. Davis, who lives near Bobo; he asked the latter if the wind always blew this way, to which Dr. Davis replied, "No, sometimes it blows the other way."

SMALLPOX AT KALISPELL.
Special to The Daily Tribune.
Kalispell, Jan. 23.—A case of smallpox has been reported to the city health officer, the victim being A. C. DeLange, a railroad man who recently removed to Kalispell from Whitefish. For several days it was believed that he was suffering with the influenza.

PREPARING TO BEGIN WORK ON IRRIGATION OF 1,500,000 ACRES

Twin Falls Contractor Says Plans Are Being Made for Bruneau Project.

Special to The Daily Tribune.
Butte, Jan. 23.—The government expects to start work soon on the Bruneau irrigation project, according to William G. Reed, a contractor of Twin Falls, Ida., who is now in Butte. This project when completed will bring 1,500,000 acres of land under the ditch, and will cost \$35,000,000. It will be the largest project of its kind ever undertaken in America, and the employment it will furnish will greatly relieve the labor market.

Plans for the big irrigation canals at a cost of \$300,000 have been already prepared. The water will come out the Snake river at American Falls, where a big lake will be formed. The main canal will be 125 miles long, and will carry water above the highest plateaus near Twin Falls.

Reed says he looks forward to a prosperous building season this year. He has just completed a \$60,000 dormitory for the Montana normal school in Dillon and a \$25,000 dormitory for the state orphan's home in Twin Bridges.

PRISONER KILLS HIMSELF IN CELL
Takes Poison and Refuses to Let Physician Administer Antidotes.

Special to The Daily Tribune.
Roseman, Jan. 23.—Alvin Richardson of Logan, who had been on trial in the district court, ended his life in his cell about 8 this morning by taking carbolic acid.

He told the men in the cell he had taken poison but not to tell the sheriff. They immediately called for him and the sheriff and deputy responded at once. A doctor arrived a few minutes later, but nothing could be done as Richardson refused to swallow antidotes. He died half an hour later. His suffering in the meantime being intense.

He was charged with first-degree assault for shooting Joe McLeese at the latter's ranch on the Madison last October. He had been confined in jail for three months and his trial began yesterday. He had worked for farmers near Logan for 12 years. Efforts are being made to locate a brother.

A. C. M. Faces Suit Thru Loan of Machine for Red Cross Work

Special to The Daily Tribune.
Butte, Jan. 23.—In behalf of the estate of Harry Webster, Public Administrator Madge Duggan has brought suit against the Anaconda Copper Mining company and Stewart Leggat, asking for damages of \$30,000, alleging that Webster was run into and fatally injured the night of Nov. 4 by an automobile ambulance belonging to the mining company which was driven by Leggat for the Red Cross during the influenza epidemic.

COMMERCIAL CLUB OF HELENA ELECTS RAMSEY PRESIDENT

Many Members Announce Intention of Doubling Subscriptions.

Special to The Daily Tribune.
Helena, Jan. 23.—George L. Ramsey of the Banking Corporation of Montana was elected president of the Helena commercial club today. T. A. Marlow was elected first vice president, F. M. Smith of East Helena, second vice president, and Aubrey Holter, third vice president. E. W. Prossed was elected treasurer.

Dr. M. Rheam, who has been secretary for the last six years, resigned. The position pays \$3000 a year. The vacancy has not been filled.

Many of the large subscribers to the commercial club announced they would double their subscriptions the ensuing year.

Frail, Sickly Children Improve Rapidly on Vinol
The reason we so strongly recommend Vinol for frail, sickly children is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates—but no oil—the very elements needed to build them up. It is delicious to the taste, and children love it.

These Two Mothers Have Proved This.
Bainbridge, N. Y.
" My little daughter, 15 years old, overworked and was run-down, tired all the time, nervous, had headaches, couldn't eat and had to stay out of school. Vinol has built her up. She has a good appetite, no more headaches and has returned to school again."—Mrs. Lester Andrews.

Williamson, W. Va.
" My little boy was weak, puny, and tired all the time, did not want to do anything. Vinol was recommended and it built up his strength and made him healthy. Now he romps and plays like other children. We certainly believe in Vinol for children."—Harley Clay.

THIN, NERVOUS PEOPLE NEED BRITO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Brito-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Brito-phosphate can be safely taken by the

weakest and most delicate sufferer, and the results following its use are often simply astonishing. Weak, tired people regain strength and vigor; thinness and anorexia give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Brito-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks.

CAUTION—Altho Brito-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.
