## MANY COUNTRIES ASK Y. W. C. A. FOR HELP

Following many requests written and eabled, the national Y. W. C. A. has recently determined to open work in Italy. For this purpose a sum of \$6000 has just been appropriated, \$3000 of it to be used for starting work in the city of Rome and the remaining \$3000 is detailed to hospital work throughout Italy. Miss Mabel Warner, of Salina, Kas., has been appointed to go from France, where she has been serving as a war work secretary, to Italy, to start the work.

Roumania has also requested that work be opened and Switzerland is asking that the work in that country be enlarged. A committee of women appointed by the Polish reconstruction committee and the Y. W. C. A. soon leaves for Poland to investigate that country and to see what kind of reconstruction work may be done there, after which it is probable that the 100 selected women of Polish birth, known as the Polish Grey Saboteurs, trained by the Y. W. C. A. to do rehabilitation work in their own country, may go over to commence their operations.

In France the association has a strong work consisting of the operating of a great number of huts for Red Cross nurses; foyers (or club and social rooms) for munitions and industrial women, houses for signal corps and allied branches of the army women, and hostess houses for American women war workers.

There are nine secretaries of the Y. W. C. A. in Archangel, Russia, which is just now the only station open to Americans in that country. The Russian women themselves, however, are carrying on the work which was opened by the Y. W. C. A.'s representatives last winter and spring in Petrograd, Moscow and Samara.

In South America, Japan and China an extensive work for girls has been going on.

Miss Elizabeth Wilson, for a number of years head of the secretarial department at national headquarters of the Y. W. C. A., 460 Lexington avenue, New York City, has just left for India, where she is to establish a training center for Hindu women.

This is only a birds-eye view of the activities of the International Y. W. C. A. Every country where work has been started offers a varied line of features, each of which would be elaborated.

## Woman Is Contesting Election of Auditor

Special to The Daily Tribune. Plentywood, Jan. 24.—According to an action filed in district court, Beatrice K. O'Grady is contesting the election of James F. Redmond as county auditor. This action is thought to have been instigated because of the fact that Redmond's plurality in the recent general election was less than 100 votes over Beatrice O'Grady, the non-partisan league candidate. In her petition, Mrs. O'Grady contends that she received more votes than Redmond, and is therefore entitled to the office. B. K. Wheeler of Butte is attorney for the contestant.

## Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup at home. It is simple and cheap to make, but it really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time. It's truly something worth quickly trying, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely he annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma. Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its sealing effect on the membranes. Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with all directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## SIMPLE GOWN FOR RESTAURANT WEAR

By ELOISE.

What to wear when taking afternoon tea or luncheon with that favorite soldier boy is a question which is bothering many a young woman just now. Many young girls who are making their first trips to the large cities to meet the returning soldiers find themselves quite at sea when it comes to choosing the proper dress for restaurant wear.

The suit, of course, is always appropriate for every hour of the day but if one wears a heavy coat a one-piece frock will be more comfortable. For luncheon, afternoon, or even the early dinner a frock like the one pictured is in perfect taste. It is a simple one-piece affair of satin and georgette. This is a navy but any of the darker shades, black, brown, tan, or taupe would be suitable. The draped overskirt is heavily weighted by four bands of broad navy fringe and plaiting of eury lace is used to finish the round neck and the three-quarter length sleeves.

The smart hat for afternoon or restaurant wear will be a small cloche fitting shape with graceful plumes or feathers posed at artistic angles. The clothes for dining in public should be attractive as possible but simple and inconspicuous at the same time.

## SHAKESPEARE IS WELL RECEIVED

William Shakespeare would have chuckled happily if he could have seen and heard the reception given his "The Taming of the Shrew" just about 314 years after its first appearance, when Miss Ellen Forsberg of the Washington school related the comic tale to the fourth and fifth grade youngsters of the city schools yesterday afternoon during the weekly "Story Hour" in the children's room of the library.

Shakespeare would know that he lived not in vain if he could have heard the continuous delighted laughter after each episode in the taming of the beautiful and high spirited Katherine, who finally became the meek and gentle wife of the doting Petruchio.

The relating of "The Tempest" with its plot of magic pleased the youthful audience no less, and the fitting of the fairy Ariel held their interest thru the tale of the storm and the happy story-book ending.

Next Friday Miss Eva Richards of the Emerson school will have charge of the room during story-hour and will tell the children of the third and fourth grades two of Oscar Wilde's best fairy stories, "The Happy Princess" and "The Selfish Giant."

## OPPONENTS OF NEW COUNTY ARE HEARD

Directors of Commercial Club May Take Definite Stand in Matter Today.

Directors of the Great Falls Commercial club yesterday afternoon heard statistics from the opponents of the proposed new Daly county which would have Belt as the county seat. A number of large land owners in the community which would comprise the said county unit were present and registered their protests against the plan.

At a meeting conducted by the directors of the club on January 17 the directors gave out a statement announcing that the opponents of the idea would be given seven days in which to file evidence with the understanding that the Commercial club would decide as to its attitude within 48 hours after expiration of the seven day period and the further understanding that if the bill was introduced in the legislature before the expiration of this period the directors reserved the right to proceed in the matter.

The evidence submitted yesterday was principally of a statistical nature and after it had been taken the directors of the club decided to meet again today and perhaps take a definite stand in the matter. A committee of five was appointed to carefully go over the data on hand from both adherents and opponents of the bill and this committee will report and make a recommendation at the session today.

## FARNUM AT THE ALCAZAR TODAY

Readers of Zane Grey's novels will be interested in the announcement that his most famous book, "Riders of the Purple Sage," has been pictured for the films and will be shown in graphic form for three days, beginning today at the Alcazar theater, with William Farnum, the dynamic star, playing the part of Lassiter.

The story has to deal with several startling incidents that occurred in Utah in the early days of the Mormon settlement. Beginning with the abduction of a girl by one of the powerful dignitaries of the Mormon church, the picture reveals the hunt of the girl's brother thru the years for the man who wronged her, the tremendous power of the elders of the cult over their followers, and the final accounting at the hands of Lassiter. Showing at the Alcazar today.—Adv.

## SCHOOL BOYS ON SERENADE VISIT

It's nice to be popular. So that the staff in The Tribune editorial rooms last evening when "sweet and insistent sounds" arose from the streets below and penetrated easily thru and above the sound of numerous typewriters, click of telegraph and jangling of the telephone.

For a minute everyone stopped work and wondered if any or all the staff had been getting married, been elected to something, or was being mobbed. Finally after careful investigation the police reporter—the office sleuth discovered that the pleasing uproar was nothing less than the Great Falls high school, whose number seemed to be legion, as they snaked danced feebly up and down, round and about.

With drums, autos, and voices they serenaded The Tribune for several moments, and then with savage whoops and yells they followed their clownishly attired drum corps around the corner and away.

Mrs. E. C. Sinnott and children were in Great Falls yesterday from Power shopping returning home on the afternoon train.

## SHOWS NO LIGHTS ON FRONT OR REAR

Big Touring Car Credited to Nearby Town Follows Habits of Some City Drivers.

That the habit of not a few of the Great Falls motorists in running without lights has afflicted some of the people in the surrounding territory appears to be indicated in the appearance of a big touring car on First avenue north early yesterday morning—that is to say about 1 a. m.—without lights, either front or rear. Those who read the license tag say it bore the figures 31630. Reference to the state list of registered automobiles shows that number to have been issued originally to H. A. Willman, of Augusta and was for a Studebaker car.

There were several people in the car when it was traveling along the avenue and it probably was a party that had been to the lecture at the opera house, returned to their home at Geyser after coming to the city yesterday morning to consult a doctor about one of their children.
