GOT SEPARATION IN CANADA, WANTS DIVORCE IN U. S.

Annie Goodyear Asks for Decree to Protect Homestead Rights.

Special to The Daily Tribune.
Fort Benton, Feb. 3.—Susan has been instituted in the district court by Annie Mary Goodyear against Joseph Goodyear, seeking to have a decree of separation granted her in Canada made an absolute divorce in this country.

The complaint recites that the parties were married in Mount Forest, Ontario, January 26, 1887, and that plaintiff has lived in Chouteau county since March, 1913; that in March, 1912, the high court of justice of the province of Ontario granted a judgment whereby they were daily separated in accordance with the laws of Canada which does not grant divorce except on the ground of adultery. The grounds for the separation are declared to have been cruel and inhuman treatment of the plaintiff.

She says she has applied for citizenship papers in this country, but that her petition has been denied "by reason of her technical status as a married woman"; that she will suffer an irreparable injury and severe loss by being deprived of the great privilege of becoming an American citizen, and in addition thereto will suffer a forfeiture of her homestead lands to the detriment of several necessary creditors in the event that said final decree of divorce prayed for is denied.

They relieve backache, sore muscles, stiff joints, rheumatic pains and bladder ailments.—Great Falls Drug Co.—Adv.

He is perfecting plans for the organization of a company at Lewistown and Butte, men which will install all the needed equipment and machinery to handle the ore economically and on a big scale.

Another meeting is to be held in Butte in a few days to adopt the final plans.

GERVAIS SCORES WELL IN ELECTION CONTEST

Examination of Ballots Said to Have Revealed Peculiar Arithmetic.

Chinook, Feb. 3.—Altho official returns from Wing precinct in the November election gave Emile J. Gervais, democratic nominee for treasurer of Blaine county, seven votes and his opponent, F. M. Rolfe, republican, 23 votes, examination of the ballots is reported to have disclosed that Gervais received at least 12 votes in the precinct.

The ballots from that precinct were examined Saturday afternoon in district court by direction of Judge W. B. Rhoades in an effort to locate a certain ballot voted by an elector who was assisted in voting by a member of the election board because he could not read or write the English language. No ballot was found bearing the indorsement of the election official as having assisted the elector in voting.

Soon after the election when it was found that a number of illegal votes cast in Wing, Coburg and other precincts in the east end of Blaine county, Gervais decided to bring the contest on those grounds instead of calling for a recount.

Examination of witnesses was completed at Chinook Saturday. It was stipulated Saturday that briefs should be filed by February 15, so Judge Rhoades could decide the case in time for the successful candidate to take office at the time provided by law, the first Monday in March. Forty witnesses were examined.

It is reported that Rolfe some time ago decided not to defend the action, but that some of his republican and Non-Partisan league friends came to his assistance with \$1,000 and a promise of more cash, if needed, to land him in the office.

The official returns of the November election gave Rolfe a majority of one vote over Gervais, the former receiving 662 and the latter 661 votes.

Twenty-two witnesses, registered and duly qualified electors of Coburg and Wing precincts, testified that they voted for Gervais.

Eight witnesses from those precincts not registered, and whose votes were illegal, testified that they voted for Gervais, while three such witnesses testified to having voted for Rolfe.

According to the sworn testimony of witnesses from Coburg precinct—registered and not registered—Gervais received five votes more than was shown by the tally sheet.

After the examination of two witnesses for the plaintiff, all witnesses were excluded from the court room upon motion of counsel for defendant.

Judge Rhoades turned over his office in the court house to the plaintiff and women who were witnesses in the case.

Ernest H. Paulivorth, lumber dealer, and D. S. Rich, agent for the Great Northern, both registered electors of Coburg precinct, testified that they voted for Gervais.

H. M. McManney, hotel keeper and farmer at Coburg, a registered elector, testified that in a national election he always voted the G. O. P. ticket, but that he voted for Gervais for county treasurer.

Mary J. Galloway, registered elector of Coburg precinct, said she was from Missouri and voted the democratic ticket and voted it straight.

Charles Galloway, registered, of Coburg, also testified that he always voted the democratic ticket, and had voted as to the makeup of the ballot, he said, as he marked a cross in the square at the left of the name of each candidate. Questioned as to all that Gervais said to him when the latter visited him at his farm near Coburg to ascertain for whom he voted, after a long pause when from his manner something sensational was expected, he replied, "I think he asked me how far it was to Chinook."

Ford

THE UNIVERSAL CAR

Every Farmer Needs One

The Ford truck is really a greater necessity to the farmer than is a team of horses. Certainly it is a greater utility and economy for him. It saves time, it gives prompt and almost unlimited service along the entire line of farm work from carrying the milk to marketing the products of the farm. It is not expensive to maintain and has all the Ford simplicity in mechanism that makes it easy to operate. The price, too, is attractive, about the price of a team of horses; \$550, without body, f. o. b. Detroit.

BUTTE MERCHANTS HELP LEGISLATORS IN PRICE INQUIRY

Members of Committee Declare Food Quotations Are Relatively Low.

Butte, Feb. 3.—The legislative committee which came to Butte to investigate living costs here returned to Helena this afternoon after devoting a few hours Sunday afternoon and this morning interviewing Butte dealers.

Members of the committee coming here to probe into the question of prices of merchandise essentially, and spared no pains to give the members of the committee, consisting of Representatives Ronald Higgins of Missoula, chairman; William Muth of Lewis and Clark, and Dan Healy of Park county, all the information desired.

Whether or not there had been profiteering during the years 1917 and 1918, and whether or not Butte merchants had effected a combine during that period seemed the main query, but in that respect local merchants assured the committee that an honest effort had been put forth to comply with the food administration rules and that with that endeavor in view there was no possible opportunity for profiteering.

It is the contention of Butte merchants that if profiteering was practiced in other portions of the state it was at places where the rulings of the food administration were utterly disregarded, which was not the case in Butte.

Today the committee conferred at some length with William Lutey, principal owner of a score of grocery stores in Butte. Lutey reviewed the local situation extending back for a period of two years.

Lutey thinks the impression might have gone out to some extent that high prices prevailed here and he was especially anxious that the legislators should be possessed with all possible information for he declares it is certain that if the legislature learns the actual conditions, all erroneous ideas, so far as Butte is concerned, will be dispelled.

Before leaving the city today members of the committee were quoted as saying they believed that retail prices of food in Butte are among the lowest in the country. They admitted that conditions in that respect in Butte are far better than in most communities. The committee's contention is said to be based on reports sent out from Washington.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.
