

WARRIORS SPEED UP THE VICTORY DRIVE

Prominent Speakers Conducted Most Successful Conference at Great Falls Church—Caucussing Committee Appointed.

Baptists conducted a very successful conference in this city yesterday in an effort to speed up the Victory campaign which is now being conducted by the various protestant denominations in the United States...

Rev. A. R. Blackstone announces the sessions were re-enthusiastic and will be productive of considerable good. Five prominent speakers were present...

The various sessions. At 10:30 a. m. Rev. Wallace led an hour devotional service and the afternoon service was opened with the presentation of the Victory campaign by Rev. Cress. There was also a talk by Dr. Petty...

WHY NOT KEEP STAMPS AWHILE

Postmaster Says Nearly \$10,000 Has Been Required to Redeem Those Offered.

The startling fact that \$9,945.49 worth of war savings stamps were cashed at the local postoffice during the month of January was made public yesterday afternoon by Postmaster William Cluston...

The government still needs the money put into the stamps and people are requested to hold them unless the money is urgently needed. The idea prevailing in the minds of many apparently is that the ending of the war automatically ends the need for money and that stamps purchased in any month last year have fulfilled their patriotic purpose...

Statements sent out from Washington urge postmasters to do all they can to persuade people to keep their stamps, as the amount expended during the war was vast and the nation's financial affairs were not adjusted immediately upon the signing of the armistice.

The value of war savings stamps as an investment has been emphasized often, so that holders need no information on that subject. There are few ways for increasing the value of money that are safer or better than the government securities, and the fact that with the funds in large numbers to cash their bonds is both poor business and poor patriotism.

COMMISSION FORM TO BE DISCUSSED

R. J. McDermald has announced that there is to be a meeting at the city council chambers next Monday night at 7:30 for the taxpayers of Great Falls who are interested in the commission form of government for the city.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia at their meals. There is probably no better, safer or more reliable stomach antacid than Bisurated Magnesia, and it is widely used for this purpose. It has no direct action on the stomach and is not digestant. But a teaspoonful of the powder or a couple of five-grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of peptic pills or artificial digestants. Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."—Adv.

ACCUSED OF SHOOTING AT STEPMOTHER, HELD ON CHARGE OF INSANITY

Fred R. Lown of Zurich Taken to Chinook to Await Hearing.

Special to The Daily Tribune. Chinook, Feb. 13.—Fred R. Lown of Zurich was brought to Chinook Tuesday night by Sheriff J. Q. Laswell and placed in the Blaine county jail to await a hearing on a charge of insanity.

A telephone message from Mrs. Samuel Lown, stepmother of Fred Lown, to the sheriff's office Tuesday night asked that the officer come to Zurich to take charge of him before he killed or injured some one. Upon the sheriff's arrival at the Lown homestead, a short distance out of town, he found the man and his father at the barn hitching a team of horses, preparatory to coming to Chinook, as he had agreed to give himself up to the authorities.

A short time before, it is said, in a fit of insanity, the man had begun firing a revolver toward his stepmother and the husband of her daughter, who was visiting at the ranch, one shot grazing the visitor's leg. Fred Lown was manager of the Piper-Howe Lumber company of Chinook for several years, until a few weeks ago, when he was stricken with influenza. His present condition is said to have resulted from worry over financial troubles and domestic difficulties. He was divorced a few months ago.

Convicted of Hogging Road, Appeals and Is Found Guilty Again

Special to The Daily Tribune. Kalispell, Feb. 13.—It took the jury in district court just 15 minutes to convict B. F. Cheever, charged with violation of the state road laws in failing to give half of the road to another traveler. The fixing of the sentence was left to the court. The maximum would be a \$100 fine. Cheever was found guilty in a trial in the justice court and fined \$25, but he appealed.

Undertakers at Nitro Unable to Get O. K. From Agent at Malta

Special to The Daily Tribune. Malta, Feb. 13.—P. R. Flint, agent for the government in the Nitro expedition, has received a special delivery letter from Owens and Barth, of Nitro, asking him to send a statement that the body of Ernest Arvett, who died at Nitro, was received here in good condition. Such a statement is necessary for them to get their money. After conferring with R. V. Tucker, the undertaker, Flint wrote that he could not make the desired statement, for the body arrived here in very bad condition.

QUESTION OF CITIZENSHIP DEBATED AT SAMPLE FLAT. Special to The Daily Tribune. Genoa, Feb. 13.—The Sample Flat Literary club held its regular meeting February 7 at the school house. The program, including music, furnished by the Burns orchestra, was a success as shown by the enrollment of 30 new members at the close of the meeting.

SUPREME COURT GRANTS WRIT OF PROHIBITION TO DUNN, SMITH AND DALY

Butte Editor Contends Legislator Cannot Be Arrested for Crime Charged.

Special to The Daily Tribune. Helena, Feb. 13.—The supreme court today granted the petition of F. W. Dunn, R. E. Smith and Leo Daly for a writ of prohibition to prevent Judge R. Lee Word from taking further proceedings in the action against the defendants, who are charged with sedition. The hearing will be held Saturday morning. The petition sets forth that the defendants filed affidavits alleging bias and prejudice against Judge Word and disqualifying him, but he has set the case for trial and refuses to heed the disqualifying affidavits. The point is also raised that Dunn is a member of the legislature; that his services are needed there, and it is declared that under the provisions of section 15, article five, of the state constitution, a member of the legislature can be arrested only for treason, violation of his oath of office or breach of the peace, and that Dunn stands charged with none of these things.

CUT THIS OUT OLD ENGLISH RECIPE FOR CATARRH OF EAR, NOSE AND HEAD NOISES.

If you know of some one who is troubled with Catarrh of Ear, Nose and Head, or ordinary catarrh, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and needs early requires constitutional treatment. Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally dangerous. The following formula which is used extensively in the damp English climate, is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions. Secure from your druggist 1 ounce of Parmitin (Double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmitin used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Adv.
