

NEW HOME OF Y. W. C. A. OPENED AND HUNDREDS PASS THRU IT

Friends of Association Will Be Pleased With Cordial Reception Place Affords.

From their comfortable and restful reading room with its shaded lamps, thru the dining room and kitchen and back to their cozy club room with its brick fireplace heaped with woody pine boughs and its two tall candlesticks, the Y. W. C. A. girls were proudly and graciously at home last evening to the hundreds of Great Falls friends who dropped in at the open house.

Mrs. H. H. Finlay, president of the board of directors, Miss Grace Maxwell, of Seattle, city secretary of the northwestern division and Miss Josephine Brown, general secretary formed the receiving line who welcomed the guests and introduced them to the receiving committee who took the visitors on a tour of inspection thru the various rooms, big and little.

With flowers and ferns placed here and there thru the rooms the new home had an air of life which was exceptionally pleasing to the visitors, and entirely did away with the impression of painful newness which one would expect considering the mad race with time

Mrs. A. M. Irelan, and Mr. and Mrs. B. G. Girault.

Following the inspection of the rooms the guests were seated in the gymnasium and listened to a delightful program in charge of Mrs. Fred Hill. First on the program Mrs. Hill introduced C. I. Jones who sang two vocal solos. Following this number Straiton's orchestra played the ever popular "Smiles", which was enthusiastically enjoyed.

Mrs. Vivian Cameron then gave three delightful little readings which she explained were from the pen of Rev. Victor Morgan of Tacoma, Wash. In her introduction to the poems Mrs. Cameron stated that all of Rev. Morgan's writings were charming for their lowly themes cleverly developed into divine thoughts. The readings were "The Rainbow's End", "Wings", and "Not Me".

Marvina Conner gave two very well rendered piano solos, which were an altogether satisfactory substitute for the numbers which were to have been rendered by Miss Margaret Babeok who was detained because of an auto accident. Alex Campbell's well modulated voice gave just the right touch to the universally loved "Mavourneen" which he followed with the increasingly popular "When the Boys Come Home".

Professor Geo. W. Hay of the Great Falls Conservatory of Music favored the audience with two beautiful violin numbers. The program was concluded by two very lovely vocal solos by Mrs. J. W. Soper. Miss Lorraine Laliberte of the Conservatory of music was a very satisfactory accompanist for several of the vocal numbers as well as the violin solos.

After the program Straiton's orchestra played for a well attended dance in the gymnasium while Miss Charlotte Garrick, cafeteria director was assisted in serving punch by Mrs. Fred Hill, Mrs.

George Nollar, and Mrs. George Rogers, Miss Laura Hill, Miss Bessie Rogers, Miss Bessie Ligcomb, Miss Louise Scudder and Miss Martha Hodges.

Considerable interest was manifest on the part of the guests in the kitchen and the cafeteria which is to open in a short

to begin March 3 in charge of Mrs. G. H. Finlay, physical director. The gymnasium which will be the center of a variety of gatherings in the future, is equipped with stage and dressing rooms so as to be available as a little theater for the production of a variety of entertainments, and amateur plays by the girls.

MAKES A RECORD IN HER LAW WORK

Niece of Mrs. Sheets Takes Missouri Law Examination and "Shows 'Em" She Knows.

Miss Frances Jarvis of St. Louis, Mo., and a niece of Mrs. G. W. Sheets of this city, has acquired alone, without attending a law school, the knowledge that enables her to pass with flying colors the State Bar examinations recently held at Jefferson City, Mo.

Miss Jarvis has read in a year's time all the text books on the 30 subjects required by the statutes. The following is taken from an article which recently appeared in a St. Louis paper:

"What I have done is not remarkable; it may be unusual, but there is no reason that it should be; women's brains are not different from men's and there is no reason that they should not develop in the same directions and by the same means," said Miss Jarvis when confronted with the question how she had

been able to accomplish so much in one year. "And I must disabuse you of the idea that I passed the law examination on the knowledge gained thru reading the 30 prescribed volumes. I had the advantage of close association with two fine lawyers for six years when I was employed in the offices of Robertson and Robertson in Moberly.

"Mr. Robertson used me as a sort of imaginary judge and jury before whom he would enact and rehearse his case pending trial. In that way I became acquainted with legal functions and their

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

intricacies and many phases. Then when I came to read I was able to apply what I read. In Mr. Robertson's office I really had the training frequently sought by young lawyers in city offices. With this previous experience, too, I was able to eliminate much of the reading and voluminous repetition to be found in the thick volumes.

"I entered a night law school here about a year ago, but I found I already had progressed to a stage they would not reach for a long time, so I wasted only two evenings there. I got the catalogues of all the schools to discover what books each preferred, struck an average among them in choosing a course for myself and decided to do my reading alone.

"I have been so interested in studying existing forms that I have not had time to think of reforms, altho, of course I want to know about all advanced movements. If I specialize, real property laws will attract me before anything else, as it was cases of that nature which I handled most in Moberly and to which I became interested."

Miss Jarvis is of small stature, is thirty years old, has chestnut brown hair, large gray eyes, expressive eyebrows and a quick winning smile. She is so small that her feet with difficulty reach the floor when she is sitting in a swivel chair.

CORPL. MADY ENDS FURLO

Corporal Harold McL. Mady left last night for Quantico, Va., where he will report to his company of the United States marines, for duty after having enjoyed a furlough of about 30 days in this city visiting his mother, Mrs. H. A. Mady and sisters, Miss Gretchen and Fanny. Corporal Mady expects to receive his final discharge from the service in the course of a few weeks, at most and will

then return immediately to Great Falls to engage in business here. He thinks his claim for discharge will not be held up long as he was severely wounded last June and was in the hospital until a few weeks ago and while not disabled to any noticeable extent because of the wound, it seems certain it will mean his early release from active service.
