

The Tribune Women's Corner

NEWCOMER'S LUNCHEON THURSDAY

The members of the Newcomer's club will meet Thursday afternoon at 1 in the palm room of Hotel Rainbow for luncheon. Any newcomer in the city may attend this luncheon and any who plan on doing so are asked to notify the secretary of the club, Mrs. Bertram Grant, phone 5127, before tomorrow night.

FIRESIDE MEETING FOR STUDENT CLUB

The student club of the Y. W. C. A. will hold a fireside meeting, the first of its kind to be held in the new Y. W. C. A. club room, this evening at 7:30. Miss Clara E. Kuck, of the local high school, will tell the girls of her travels in Italy and in Germany.

WOMAN'S CLUB HOLDING GENERAL MEETING

One of the most enthusiastic meetings held by the Great Falls Woman's club this year was that held yesterday afternoon in the club room of the new Y. W. C. A. building. The meeting was more like the meetings held by the club before the war and was opened by assembly singing led by Mrs. A. E. Barkemeyer. The members enjoyed the sing together for it reminded them of the possibility which the club once had for a splendid chorus. The club has always been active in matters concerning community singing and was largely the instigator of the Community Sing held at Gibson park last year.

Mrs. M. M. Mullen pleased the audience with two readings—in fact they were so appreciated that she was compelled to render an encore with each.

Mrs. Buzzell, president of the Conrad Woman's club was present at the meeting yesterday. The Conrad club practically gave up all its regular club work during the past year to assist in the war work activities. It is expected that the club will reorganize next week and because of this Mrs. Buzzell was in Great Falls yesterday to get some advice from the local club.

A splendid report on the civic work being done in the state was given by Mrs. W. M. Treadwell, chairman of the State Civic committee. She especially urged the club women to make an effort to have better sanitation for Great Falls, have an established "Clean Up and Paint Up" week and the people should pay more attention to the upkeep of the boulevards and in every way possible assist the boulevard superintendent.

"But the most important of all civic problems," said Mrs. Treadwell, "is Americanization or the campaign which is being waged to make America first. We should sow the seed individually and awake public opinion."

During the business session the first matter of importance was a general discussion of a card party or a social tea to be given by the club for the purpose of raising funds for their scholarship fund. The woman's club of the state each year sends some worthy girls thru any one of the state institutions for a four-year course and because of the war activities the club has not been able to provide this fund in the usual way. It was decided that a committee take charge of this matter and report to the club at its next meeting. The following committee was appointed: Mrs. C. O. Dahlberg, chairman; Mrs. H. B. Mitchell and Mrs. Fred Chidester.

A letter from one of the representatives from Cascade county to the legislature in regard to senate bills 61, 62 and 74 was read and the club voted to write Mr. Jones and ask for a copy of these bills.

Mrs. G. W. Sheets was unanimously elected to membership in the club and two other names were read before the club. These matters will be voted upon at the next meeting.

The informal nomination of the officers for the club for the ensuing year was not made, but instead the club voted to suspend the rule and select a committee from the members to choose at least two women for each office and present their names at the next club meeting. Mrs. J. J. Fuller was appointed chairman of this committee with the following women to serve with her, Mrs. I. N. Walker, Mrs. A. H. Stewart, Mrs. W. M. Treadwell and Mrs. W. C. Hall.

SIR WILFRID LAURIER DIES; SOLE FRENCH CANADIAN PREMIER

Ottawa, Feb. 17.—Sir Wilfrid Laurier, former premier of Canada, died of paralysis here, this afternoon.

Born at St. Lino, Quebec, in 1841, Sir Wilfrid was the only French-Canadian who was ever premier of Canada, a portfolio he had held from 1896 to 1911.

Notable achievements of the Laurier regime were the granting of a preferential tariff for British products, the granting of autonomy to the provinces of Saskatchewan and Alberta, the participation of Canada with the British forces in the South African war and the inauguration of the Grand Trunk Pacific trans-continental railway scheme.

Lewistown Raises \$5,000 for Scouts

Lewistown, Feb. 17.—Lewistown went over the top today easily in the last round of the campaign for \$5,000 to furnish a club room for the Boy Scouts and provide running expenses for the ensuing year. It is expected that the opening will be made March 1 if the furnishing can be installed by that time.

Take it all round Grape-Nuts food contributes wonderfully to sturdiness, health and happiness.

IN PARIS SKIRTS ARE STILL SHORT

By ELOISE.

If you want to be comfortable, buy a Paris frock this season. Somehow or other, Paris has kept to short skirts. The long tight skirt is a truly American-made style, and while we want to boost American-made things, there are a great many women who much prefer to follow the French and retain the comfortable short dresses.

Not only are they wearing them shorter, but they are wearing them shorter than ever. This one, however, is not a bit too short for the younger women and girls. It is a charming afternoon or restaurant frock of navy blue crepe de chine trimmed with a broad band of fur. The motifs on this blouse and the design on the skirt are embroidered in silver. The lines of the frock are very simple, with no frills, panes or draperies. Satin pumps are worn with it, and it may be noted here that satin footwear is about the smartest new thing of the hour.

Red Cross Work

Montana Power Building, First avenue north, opposite Washington School Building. Phone 9808.

Where Every Woman May Help. Home service section of Red Cross and Cascade Soldiers' Protective association, room 414 Ford Block. Phone 9680.

We do the work. Never mind the credit.

A quantity of soft gray yarn will be sold at the chapter house for \$2.25 per pound.

Received from St. Peter's Mission auxiliary, 5 pairs of pajamas, 10 chemise and sample, 12 pinafores, eight hanks of yarn, one sweater and \$24.80 in cash. From Spion Kop auxiliary six bathrobes, six pajamas and 1 sample.

A number of women have responded to the call, but more help is still needed to finish the garments in allotted time.

A Woman's Recommendation. Mrs. D. T. Tyor, Franking Av., Otsego, O., writes: "Nine years ago I was very much afflicted with kidney trouble. I bought different kinds of medicine, but all to no effect, until one day I bought a box of Foley Kidney Pills. I realized so great a benefit from the use of that box that I concluded myself cured of kidney trouble. I feel safe in recommending Foley Kidney Pills to any kidney sufferers." They relieve backache, sore muscles, stiff joints, rheumatic pains and bladder ailments.—Great Falls Drug Co.—Adv.

INDIANS DEMAND RIGHT TO CONTROL THEIR FINANCES

Missoula, Feb. 17.—A real Flathead Indian council, said to be the first held in Western Montana since the white man arrived here in large numbers, was held last week at the Mission, and today it was learned that as a result of it, the Indians, backed by Major Sharp, will appeal to Washington for the right to administer their own financial affairs.

Resolutions were drawn up asking that the reservation population be freed from the supervision of an agency, and Major Sharp, the agent, favors giving the Indians a chance at it. This gathering of the Indians was marked by the presence of four chiefs and was characterized by all the weird pomp of the Indian ceremonial. One hundred painted red men took part in the Flathead war dance, snake dance and square dance. At the "business" session Miss Mary Lemery presided and Batsie Marango of Polson was secretary. The chiefs present were: Kakasha of St. Ignatius, Martin Charlo of Arle, Charlie Michel of Ronan and Andrew Bullhead of Camas.

PONDERA, GLACIER COUNTIES CREATED AUTOMATICALLY

Measures Become Law Thru the Governor's Failure to Veto or Sign.

By WARREN W. MOSES.

Helena, Feb. 17.—When the hour of Saturday midnight struck the counties without the stroke of a pen upon the engrossed bills which had passed the house and senate authorizing their creation. At that hour the period, specified by law, within which the governor might veto them, expired and they automatically became laws without his signature.

These two additions to Montana's collection of counties bring the total up to 47, the number in existence at the commencement of the legislative session having been 45, since increased to 45 by the enactment of laws creating the counties of Treasure and Garland.

Two other county creative bills are in the hands of the governor for his disposition, viz., house bill 39, to create the county of Rosebud, and house bill 58, for the county of McCone.

The Rosebud county bill was delivered to the governor at 11:35 a. m., Feb. 11, and upon this five-day period will expire at midnight tonight. The bill for McCone county went to the governor at 2:10 p. m., February 13, and its time limit of five days, excluding Sunday, will expire at midnight, Wednesday. In the event the governor fails to veto either of these bills and either signs them or permits them to become laws without his approval, the state will then consist of 49 divisions with the possibility of a further increase in the event that one or more of the three pending measures run the legislative gauntlet, viz., Powder River, which has already passed the house; Lake county, still in the house, and McKinley county, which is still before the senate.

SCHOOL TRUSTEES PERMIT CHANGES

At the meeting of the school trustees of District 1, last evening, in the Washington school, Miss Charlotte Garrick, formerly kindergarten teacher at Franklin school, was released from her school duties for the remainder of the year in order to accept the position of cafeteria director at the Y. W. C. A. Miss Martha Townsend is to take her place at Franklin school.

Since it was necessary to open a new room at the McKinley school the second semester, Harold H. Robinson was elected to take charge of the new room. Miss Rae D. Morrison was appointed to fill one of the city vacancies and Miss Lella Davis was appointed to take charge of the fourth grade at the Emerson building.

The board approved the lectures given daily by Charles Bye in auto mechanics to the manual training department. The courses started last week and together make a complete automobile course.

The fact was brought up that the cinders on the playground at the West Side school were tearing the children's shoes so the board decided to have the yard gone over with a roller.

R. B. Noble reported that arrangements had been made to bring the children from the Park Garden tracts in to the West Side school. A wagon and driver have been procured to haul the pupils each morning. The wagon is covered and large enough to carry 30 children.

Chairman J. W. Roberts called the meeting of the board to order last night the first time for some weeks during which time as Cascade county representative he has been in attendance at the legislative sessions at Helena. W. T. Burns, newly elected member of the board, met with the trustees last evening for the first time.

Painters' Masque Ball, Monday, Feb. 24.

SPEAKERS DECLARE WOMAN'S ROLE NO LESS NOBLE

Butte, Feb. 17.—Montana clubwomen are not to lose the strength and recognition they gained in their organizations as a result of war demands, delegates to the annual convention of the Second District, Montana Federation of Women's clubs, declared today in their addresses at the opening session.

Activity of women of the state in work connected with the war was the subject of most of today's talks, and the consensus of opinion was that the period of reconstruction would find the women's clubs receiving a high degree of recognition from all branches of the national government and from all state bureaus. The meeting will conclude tomorrow, the final business program calling for an address by Miss Emmeline Whitcomb of the University of Montana.

BILL BARS NUN GARB IN PUBLIC SCHOOLS

Lincoln, Neb., Feb. 17.—The lower house of the Nebraska legislature today by a vote of 75 for and 3 against, passed a bill that has the legal effect of barring Catholic nuns and others who wear the dress of their religious orders from teaching in the public schools of the state.

NOTICE TO NERVOUS WOMEN

Mrs. Seibert Tells How You Can Overcome Nervous Conditions.

Louisville, Ky.—"I suffered badly from nervousness, a run-down condition, no appetite and pains in my back—until I just had to give up. A friend told me about Vinol and I felt better after taking the second bottle. Now I have a good appetite and am feeling fine, strong and healthy in every way."—Mrs. I. F. Seibert.

The reason Vinol was so successful in Mrs. Seibert's case, is because it contains the very elements needed to build up a weakened, run-down system, make rich, red blood and create strength.—Great Falls Drug Co., Model Prescription Pharmacy and drugists everywhere. P. S.—For any skin trouble try our Saxol Salve. Money back if it fails.—Adv.

HOUSE DISTINGUISHING SENATE ACTION ON PENDING BILLS

For First Time in Many Years Larger Chamber Is the Speedier.

By WARREN W. MOSES.

Helena, Feb. 17.—Altho there are a large number of measures at such a stage in their legislative existence that they will soon be transmitted from one body to the other for consideration, the beginning of the 43rd legislative day found 272 bills still in the house of their original origin, only eight legislative days remaining within which they may be transmitted from one to the other under the joint rule.

The house, for the first time in many years, appears to be far ahead of the senate in the disposition of its work, the percentage of dispositions being much higher in the house.

In the house, up to this morning, 328 bills, not including resolutions and memorials, had been introduced. The house, as a whole and thru its committees, has been particularly critical of the measures and up to the present time has killed off 96 bills. In the same time it has passed 74 bills, of which 23 have been passed in the senate, 13 have been approved by the governor and two have become laws without his signature. This leaves undisposed of in the house 158 bills.

One hundred and fifty bills have been presented in the senate, which has been particularly slow in getting its own matters off the blackboard. Of these 150 bills, there have been killed, either in the senate or the house, only 13, while of the 37 which have passed the senate only 12 have got thru the house, of which seven have been approved by the governor. This leaves 114 still pending in the senate, or more than two thirds of all that have been introduced in that body.

With the big appropriation bills, those relating to primary election repeal, game warden bill, compensation bill, hail insurance, state tax commission, state board of control, board of efficiency, hail insurance, normal school, herd law, soldiers' settlement, terminal elevator and several new county bills, yet to be disposed of, the ensuing two weeks promise to be full of work and excitement.

MARINE RECRUITS BEING ENLISTED

Great Falls Again Given Station and Sergt. Gordon Assigned to Have Charge.

Sergeant Herman L. Gordon of the United States Marine Corps arrived in the city from Missoula yesterday afternoon and will open a Marine recruiting station at room 18 in the Thisted building this morning.

Thousands of Marines who enlisted for the duration of the war are being released and their places are now to be filled by men from 18 to 35 who may enlist for four years service.

The advantages offered to the Marine are many and chances for advancement and release pay of a private amount to \$30 a month which may be raised if the man becomes a rifleman.

Sergt. Gordon is originally from Minnesota and went over to France in July, 1917. He was invalided home in March, 1918, and has been recently located at Missoula, the headquarters of the Montana district.

IDAHOAN CHOSEN AS DISTRICT HEAD OF ROTARY CLUBS

Butte, Feb. 17.—Joseph T. Young, of Pocatello, Ida., was nominated as district governor of the Twentieth district Rotary conference, which opened its session here today. Nomination is equivalent to election, it is understood.

Utah, Idaho and Montana communities are annually well represented at the conference today. Besides the routine business, talks were made by Rotarians from the district. Discouragement of anarchistic tendencies and theories was noted in nearly every speech.

El Kollboy, secretary and president of the International Association of Rotary clubs, was the principal speaker tonight at a banquet to the visitors at the Silver Bow club. The conference will conclude tomorrow.

ECZEMA SO BAD COULD NOT SLEEP

On Face In Blistery Form. Itched. Cuticura Heals.

"I was troubled very severely with eczema on my face. The eczema got so bad that I could not sleep. It was in a blistery form and the skin was sore and inflamed. It itched fiercely so that I had to scratch which irritated my face and I was disfigured. This trouble lasted six and a half months before I used Cuticura, and I used a sample of Cuticura Soap and Ointment and one full-sized cake of Soap and one full-sized box of Ointment which healed me." (Signed) Miss M. Winton, Shine, Wash.

Having cleared your skin keep it clear by using Cuticura Soap and Ointment for daily toilet purposes.

—Cuticura Talcum Powder—

Do not fail to test the fascinating fragrance of scented face, baby, dusting and skin perfuming powder. Delicate, delightful, distinguishes the person whose charm and beauty are peculiar to itself. Sample of Cuticura Soap, Ointment and Talcum free by mail, address: Cuticura, Dept. R, Boston. Sold everywhere at 25c each.

COURT HOLDS DUNN AND HIS ASSOCIATES MUST STAND TRIAL

Writ of Prohibition, Asked to Halt Arraignment, Is Quashed.

Helena, Feb. 17.—W. F. Dunn, R. B. Smith and Leo Daly, all connected with the Butte Bulletin, and all charged with sedition, must stand their trials. The state supreme court today quashed a writ of prohibition, sought by the defendants to halt their arraignment, which is to be held here tomorrow. Dunn and his associates alleged that they had filed affidavits disqualifying Judge R. Lee Wood, before whom they are to appear, but that he had paid no attention to them.

SHOPPERS SWARM ABOUT COUNTERS

Paris Dry Goods Company Has Great Rush at Its Resumption of Business.

"Oh! to be on the inside looking out rather than on the outside looking in" thought the multitudes of would-be shoppers at the Paris sale yesterday morning and afternoon while they clasped their budding pocketbooks and flattened their noses against the glass doors of the one time Fashion Cloak & Suit company in the Ford building.

To the onlookers who were fortunate enough to obtain an "orchestra seat" so they could peer through the door, it was nothing less than maddening to see their neighbors, friends and fellow citizens racing around with three to six kidnapas, a suit or two, some pink silk underwear and a new silk petticoat or two under one arm looking for a clerk or a place to sort out their plunder.

With hats awry, and umbrellas for weapons some of the most courageous managed to wedge themselves within arm distances of the counters where some choice waist, hosiery or corset reposed; while the weaker sisters walked around and around and like the small boy at the parade had the excitement of knowing something was going on although they didn't know just what it was.

Evidently there were a million or so of feminine Great Falls who did not get near the tables since a woeful barrenness throughout the building at closing time gave evidence of thorough plunder.

Paris, Feb. 17.—Reports of a revolution at Bucharest are denied by the Rumanian press bureau here.

CASTORIA
For Infants and Children.
Mothers Know That Genuine Castoria Always Bears the Signature of Dr. H. H. Fletcher In Use For Over Thirty Years **CASTORIA**
