### TRAVEL CLUB WILL MEET

The regular meeting of the Travel club will occur at 10 this morning in the trustees' room of the Carnegie library. Members will answer roll call by current events, to be followed by parliamentary drill. A talk on the topic of "American Illustrators" by Mrs. Earle Strain will be the feature of this week's program.

### W. C. T. U. PLAN FOR CONFERENCE

Plans for the conference which will be held by the W. C. T. U. in this city next week on March 4-7, were discussed at the regular meeting held at the home of Mrs. A. Engberg on Tuesday evening.

This conference is to be for the purpose of making plans for a membership and financial drive for the union in a state wide way. This work is to be carried on through the United States and the work of the state of Montana will be in charge of Mrs. Jennie Kemp, a national worker and state president of the Oregon W. C. T. U., Mrs. Anna Herbst of Libbey, Montana's state president and Mrs. H. C. Stranahan, of Havre, and state vice president.

During the conference the Cascade county union will convene in Great Falls for its convention.

At the meeting Tuesday evening, Mrs. G. H. Chase gave an interesting paper on "Good Citizenship" urging more reverence for law. Probably the most important fact that she brot out in her paper was that we are all responsible for public sentiment and that it is a part of woman's work to arouse the right public sentiment. After some discussion a short business session was held.

### Y. W. C. A. BUILDS IMMENSE POOL

A hair drying room will be one of the most modern features of the swimming pool at the new Harlem branch Y. W. C. A. now under construction in New York City.

A system of wet and dry aisles is being worked out so that a girl will leave the pool and go to her dressing room by a different aisle from the one by which she entered it.

The pool, when completed, will be the largest one for women in New York City. It is 60 feet long, 21 feet wide, and has depth varying from three to seven feet.

Another feature of the building will be a large auditorium with stage and dressing rooms.

The building, without equipment, will cost approximately \$310,000.

### CHURCH OF THE INCARNATION

This afternoon at 2:30 there will be a meeting of all women of the parish to organize the Lenten study classes. The book for this year is "Our Church and Our Country." The meeting will be at the home of Mrs. J. H. Kellogg, 2111 Central avenue, Boston Heights car.

### WILL DO RED CROSS WORK

Members of Helen C. annex will meet this afternoon with Mrs. Fred Randall of 505 Fifteenth street north. Red Cross work will be the order.

### NEED GIRLS FOR HOUSEWORK

Miss Rose Farr in charge of the women's division of the U. S. Employment office states that many more calls for girls for general housework are coming in than can be filled. There are a number of desirable places listed both in Great Falls and out of the city. Girls calling at the Employment office will be assisted in finding suitable places by Miss Farr.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "kaynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

### PEACE BRIDE IS A WHITE SATIN ONE

By ELOISE.

Mothers and modistes are happy again because white satin weddings with all the "extras," such as the veil, the many attendants, the favors, the banquet and the honeymoon have returned to favor along with the coming of peace. Before the war there is no question but that weddings were tending toward the more simple and unostentatious home affairs. And then came the days when a few hastily and fevered preparations were the most attempted, no invitations except over the telephone, no attendants, no guests, nothing save the reading of the service and the parting at a troop train or transport.

The universal decision was that this was altogether too simple and now after the stress of the war everybody wants wedding which mean almost riotous extravagance. The white satin bride is the girl of the hour. And really it is no wonder when one sees such exquisite creations as this.

Miss Marian Davies, the popular motion picture star, is shown in a beautiful bridal gown of elegant simplicity. Crystal beaded chiffon over duchess satin is the combination. The bodice is cut square and low in the front, but rather high in the back, and the sleeves are long and full. A regal-looking veil completes the gown. It is held in place by a coronet of pearls and a string of the pearls fastens under the chin. The costly bouquet which will be thrown at some lucky girl is lilies-of-the-valley and orchids.

### STEEPER AUTHOR OF THE ARTICLE

In the February, 1919, issue of "Education," a monthly magazine devoted to the science, art, philosophy and literature of education, appears an article by H. T. Steeper, principal of the Great Falls high school. The subject of the article is "The Extra-Curriculum Activities of the High School" and was written while the author was principal of the high school at Leavenworth, Kas.

The essay deals with the changing program in the high schools and dwells upon the problems met and solved at Leavenworth in regard to the social activities of the school. A sentence on which the theme is developed states "Common sense demands that the adolescent's needs of activity be satisfied with activities of a constructive nature, instead of allowing his energies to be dissipated in the formation of habits costly alike to the individual and society."

### MISS HAIGHT WINS HONORS

Relatives of Miss Ethel Haight of the 1918 class of the Great Falls high school have received word from Grinnell college, Iowa, where she is a member of the freshmen class to the effect that the Great Falls student made a straight "A" record during the semester just past. Friends of the young lady rejoice at her college record and were not at all surprised, as her scholastic ability in the local high school placed her in the "Honor Ten" group at commencement last June.

### MISS HATHAWAY ON DUTY

Postmaster Cluston announces that a change of postmasters has been recently made at Simms and that Miss Lydia S. Hathaway has stepped into the place of Mrs. Esther E. Loomis who resigned last month.

### GOING TO JOIN HUSBAND

Mrs. O. T. Alexander, whose husband was formerly a dispatcher in the local Great Northern offices and who is now serving with an American railroad regiment in Siberia, will arrive here the first of the week for a brief visit before continuing to San Francisco, from which place she will sail March 15 for Japan to join Mr. Alexander. Mrs. Alexander has been with her parents in Chicago since her husband entered the service.

### REGISTERING FOR THE CLASS WORK

Y. W. C. A. Educational and Gymnasium Instruction Will Start Next Week.

This is registration week at the Y. W. C. A. rooms for the numerous classes to be started next Monday morning. Already women of the city have displayed considerable interest in the classes and many have registered. Although it will not be impossible to register next week the women are urged to sign before Sunday if possible as it will save considerable time and work to the secretaries of the association.

The classes to open next week are as follows:

Once a week, 12 weeks, tuition \$2.50; Tuesday, 7:30-8:30 p. m.; Wednesday, 7:30-8:30 p. m.  
Girls' classes (10-14 years) 12 weeks, tuition \$2, Saturday, 10-11 a. m.

### RECORD NUMBER ON EXAMINATION

County Teacher Test Starting Friday Will Bring More Than 70 Applicants.

The teachers' examination which will be held in this city tomorrow and Saturday will be taken by the largest number of teachers and those wishing to fill teachers' positions that has ever been recorded for one examination in this county. Because of the influenza, the examinations that usually are held in October were postponed until the regular examinations that are held in February. That accounts for the big list of applicants.

County Superintendent of Schools Jane Keeney, in looking over her records, finds that 20 teachers in Cascade county are now holding temporary permits and must take the coming examinations. This is an unusual number of permits to be granted, the average in other years being only about one and two. At the present time there is a shortage of teachers throughout the county and state, and this is largely due to the fact that the examinations were not held in October. At least 70 teachers will take the examinations and several of these will be teachers from Chouteau and Teton counties.

The examinations will be held in the auditorium of the new junior high school and the seventh and eighth grade examinations, which are to be held on the same days, will be held in the court house. Over 500 boys and girls have been scheduled to take these examinations throughout the county and 50 of these will take them in Great Falls.

Miss Mayme Dibb will hold the examinations at Monarch; Miss Lucy A. Major the seventh grade examinations at Sand Coulee on Saturday afternoon; Mrs. Alice Ingham of Belt will conduct the examinations at Stockett; M. C. Bowman of Belt will conduct those at Cascade; Miss Myrtle Hyre of Cascade those at Belt, and Miss Fannie Walker of Monarch those at Nelhart.

S. A. Remington of Belt and W. L. Rutherford of Cascade will assist Miss Keeney with the local examinations.

A new convenience for motorists that packs completely enough to be carried in a running board box can be used as either a single or double bed or a table.

### SHOPLIFTERS GET OFF WITH A FINE

Girls Who Confessed to Stealing Many Goods From Stores Fined \$10 Each.

Mingling expressions of gratitude with their sniffing, Sylvia Erickson, Clara Smith and Anna Callahan, the three girls arrested early in the week on a charge of shoplifting, yesterday afternoon left the justice court of P. E. Lamere after each had paid a fine of \$10 and the costs of the action. Before the case was called numerous people interceded with Justice Lamere in behalf of the girls and prior to their arraignment their counsel, J. J. Wuerthner, told the court the defendants had decided to formally acknowledge their guilt and ask for clemency. In passing sentence Justice Lamere remarked that the nominal punishment which he had decided upon would be ordered only because of the good character given the girls by responsible parties, the apparent fact that this had been their first offense, and the further fact that owners of the stolen goods have recovered their property.

One of the girls was accompanied in court by her employer, who let the court know that her former position was still open to her. One detail of her duties has been that of cashier at certain hours of the day and she will continue at this work, it was stated.

The defendants were arrested Monday night following detection of one of them in the act of committing a theft at the Strain store. She implicated the other girls and the three made a complete confession to the police, telling where other stolen goods could be found and naming stores from which they had been taken.

### ROTARY PROGRAM OUT FOR MARCH

Chairman Gives Announces Speakers for Four of the Meetings.

At the weekly dinner and meeting of the Great Falls Rotary club at Hotel Rainbow yesterday noon Chairman E. E. Given of the program committee announced the following would be speakers at the March meetings: March 5, A. M. Embrey will speak on the dairy business; March 12, W. A. Bertke will talk on the gas business; March 19, A. E. Barke-

### TODAY'S BEAUTY TALK

You can enjoy a delightful shampoo with very little effort and for a trifling cost, if you get from your druggist's a package of canthrox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing, the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.—Adv.

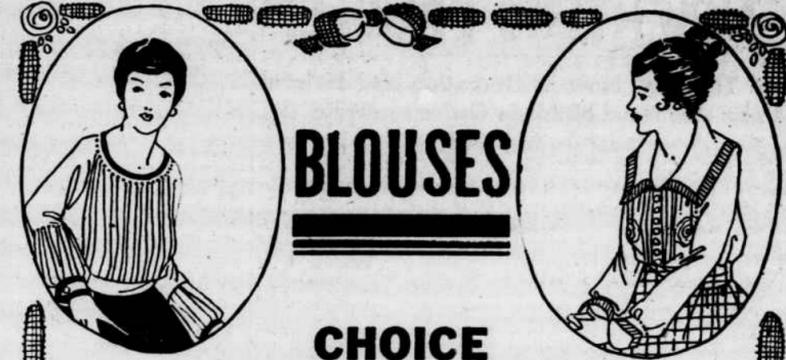

meyer will speak on the seed and grain business, and March 26, E. K. Leuzarder will talk about the iron business.

One of the features of the session yesterday was a report on the Butte Ro-

tary conference by Rev. Dr. B. R. Mac-Hatton.

The committee on boys' work has been revised and the club now contemplates formulating some plans for boys' welfare

work. Members of the committee, as it is composed at present, are Harry M. Taw, chairman; John E. Hunt, I. W. Church, Rev. Dr. B. R. MacHatton and James R. Hobbins.
