### Three Times as Many Pneumonia Cases; 414 Deaths in 516 Due to It.

Washington, March 14.—Satisfactory health conditions in army camps at home, with a decided decline in the number of influenza and pneumonia cases, is noted in the report of the surgeon general for the week ending March 7, made public today at the war department.

# ARCHANGEL BY MAY IS BOLSHEVIK GOAL; GAINS EQUAL FRANCE

### Entrance Into Kiev Marked by Execution of Notables and Editors.

London, March 14.—The bolshevik general staff at Moscow claims that, during January and February, the bolshevik army occupied territory the size of France, having 1,055 miles of railroad under its control and declares that the soviet troops will reach Archangel by May 1, according to a Helsingfors dispatch to the Mail.

After the bolsheviks entered Kiev, they are said to have executed Professor Baronovsky, an economist, who was recently appointed to represent Ukraine in Paris.

Professor Zabolotij, Professor Efimenko, General Baluchan, eleven newspapermen and the president of the municipality are also reported to have been executed.

As a result of the recent allied advance southward along the Murmansk railroad, part of another Russian province, Olonetz, was added to the territory of the government of the north.

M. Hromoly, assistant governor general of Murmansk has been appointed provincial commissioner of Olonetz.

# BRITAIN WILL RULE WORLD THRU LEAGUE SENATOR DECLARES

### Fall of New Mexico, Says U. S. Is to Be Used to Rivet Hold on Dominions.

Albuquerque, N. M., March 14.—"If the present league of nations plan is adopted, Great Britain will rule the league and I object to America's becoming again a subsidiary country to the British Isles," declared United States Senator Fall, of New Mexico, today.

"If the league of nations had existed in 1774, there would be no United States now, continued the senator, speaking before an assembly of local business men at the chamber of commerce.

"Other nations would have jumped in and nipped in the bud the revolution that gave us our independence.

"As a league, I do not oppose it. There are many provisions which I would gladly adopt for the benefit of the United States and the world at large. But even if these were adopted alone, this country would give up untold rights of sovereignty which we have possessed and defended since independence day.

The charter of the league provides for every self-governing nation or province to have a voice in the league. This brings in Canada, Australia, India, Ireland and the other English provinces.

"Through their vote, England will run the world and use us to keep the provinces forever subject to their mother country."

# U. S. GENERAL IN BERLIN ADDS EMPHASIS TO PLEA FOR FOOD FOR GERMANY

### Harries Says Government Can Stave Off Bolshevism if It Can Feed People; Has 600,000 Russians It Can't Send Home.

Paris, March 14.—(By the Associated Press)—Brigadier General George H. Harries, commander of the American military force at Berlin, has been here for several days to appear before the supreme war council and render a report on the military and economic situation at the German capital and throughout Germany.

When the American party left Berlin, the government forces under Gustav Noake, the German war minister, had the upper hand and, in General Harries' opinion, the government will control the situation, particularly if food is sent to aid in holding back the bolshevik menace from the eastern border.

The American forces in Germany consist of 80 officers and 600 men, a considerable part of the contingent being stationed at 20 camps at various places in Germany where 600,000 Russian prisoners are being cared for by the Americans.

The headquarters in Berlin are on the second floor of the Hotel Adlon, in the heart of the city, where much fighting has been going on.

During the early stages of the fighting, General Harries had a narrow escape. He was standing in a window of the American headquarters, watching a clash between opposing factions, when a sniper's bullet grazed his breast and buried itself in a window casing by his side.

# MUST LOCATE CZAR OR HE CAN'T OBTAIN \$117,450 JUDGMENT

### Lawyer Wins Suit but Existence of Ex-Russian Monarch Is Questioned.

New York, March 14.—Bernard Naumberg, a lawyer, was named, yesterday, by Supreme Court Justice Benedict, in Brooklyn, to ascertain whether Nicholas Romanoff, former czar of Russia, is dead or alive; if dead, who is next of kin.

Tonight Mr. Naumberg is eagerly looking for some one who can solve the riddle for him, for on its solution rests the question whether a \$117,450 judgment which Mr. Naumberg recently obtained against Mr. Romanoff on behalf of the Marine Transportation Service corporation can be collected.

The corporation in the early part of the war transported a large quantity of sugar to Russia upon the then czar's order. Before collection was made Nicholas was deposed and, according to generally accepted reports, slain.

Naumberg recently learned that the czar had \$1,000,000 on deposit in the National City bank here. He obtained a court judgment for \$117,450, but upon presenting it to the bank was informed that the bank could not pay out any of the fund unless Nicholas served notice on them or was proved dead.

# NEW FOOD PROBLEM FOR U. S. SHAPING AS RUSSIA DRIFTS

### Looks as Tho America Must Eat Less as Fear of Bolsheviki Curtails Sowing.

Archangel, March 14.—(By the Associated Press)—Information obtained by the allied food committee in north Russia and from persons reaching Archangel from the interior, indicates that the American people must deprive themselves of breadstuffs until the Russian question is settled and the country is again placed on a sound agricultural basis.

Peasants are hesitating to sow any more grain than they themselves need, at they fear its seizure by the bolsheviks. Owing to the shortage of seed grain, which has been used for food, Russia will be comparatively without crops in 1919 and this condition will extend into 1920, even if the country is restored to peace.

The outside world, particularly America, must be prepared to feed the most of the Russian people for at least six months after peace is restored, a member of the food committee said today.

"So long as Russia remains without crops, the rest of Europe must also look toward America for the grain which formerly poured out of Russia's Baltic and Black sea ports."

S. B. 25—Prohibiting the teaching of other than the English language in the common schools of Montana.

S. B. 64—Increasing the salaries of some county officials so as to equalize them.

# CUBA DENIES STORY OF 'U-BOAT BASES AND GERMAN HOTBED

### Cabinet Secretary Reminds of Assistance Its Navy Gave U. S. Intelligence Service.

Havana, March 14.—Denial that a German submarine base was maintained on the coast of Cuba and that Cuba was a hotbed of German propaganda, was made, tonight, by Juan Montalvo, secretary of the interior, in a statement in answer to declarations made in a speech in New York recently by Maximilian Toch, a camoufler employed by the American government.

"In the matter of a German naval base in Cuba, it has been established that no foundation for the assumption exists," says the secretary.

"The Cuban navy was put under the guidance and virtually at the disposal of the American navy department for the purpose of lending an efficient service as possible in the Caribbean sea and the Gulf of Mexico. As for the reported nest of German spies, the American intelligence service, both of the naval and postoffice departments, can best testify concerning the sincerity and efficiency of the cooperation given by the Cuban intelligence service during the course of the war."

# 500 RUSSIANS FELL TO 15 AMERICANS IN ARCHANGEL FIGHTS

### Loyal Native Troops Are Relieving Strain on Allies as the Training Proceeds.

Archangel, March 14.—(By the Associated Press)—Compared to the losses inflicted upon the enemy, the allied casualties in the fighting along the Vaga river since February 28, have been extremely light. It is estimated the bolsheviks have lost at least 500 killed.

The American casualties from February 28 to March 9, inclusive, were five killed on the Vaga front and 10 on the Deina front. No officers were killed. One American soldier is missing and two officers and 30 men were wounded.

The total American casualties to date in north Russia follow:

Killed in action—Officers, 4; men, 71. Died of wound—Officers, 1; men, 18. Missing—Men, 26.

Died of disease—Officers, 2; men, 67. Wounded—Officers, 11; men, 241.

The health of the expeditionary forces since the Spanish influenza epidemic in September and October has been excellent. Of the 60 deaths from disease, 63 occurred before January 4.

Throughout the fighting, the American troops have generally been greatly outnumbered, but the losses inflicted upon the enemy have been at least five times those suffered by the Americans.

As the newly mobilized Russian troops are becoming trained, they are gradually relieving the strain to which the American, British and French forces were put in the early days of the campaign. All American troops now are enjoying regular rest periods, either at Archangel or at convenient villages beyond the lines.

# Supreme Court to Rule on Income Tax Upon Dividends Thru Test

Washington, March 14.—The supreme court is to determine whether stock dividends are subject to federal income tax under the 1916 income tax act. Appeals from federal court decrees in New York, which held that such dividends were not taxable, were filed today by the government.

Owing to the importance of the case, the attorney general will ask the court to expedite its consideration. The suit is a friendly proceeding instituted by Mrs. Myrtle H. Macomber, a stockholder in the Standard Oil company of California, to recover tax paid on a stock dividend of 1,100 shares.

# Socialists Swear to Fill Jails if They Can't Keep Debts Out

Cleveland, O., March 14.—Virtually everybody who could crowd into a theater to hear an address by John Reed, socialist editor of New York, stood with upraised hands last night and swore that "either Gene Debs would get out of jail or we will all get in."

Debs recently was sentenced to 10 years' imprisonment by a federal jury here for violation of the espionage law.

# PHYSICIANS DIFFER WIDELY AS TO SIZE OF HARVEY'S HEART

### Dr. Eckhardt Says It Was Normal; Twice Normal Size, Others Assert.

Livingston, March 14.—Four physicians and two undertakers were examined today in an effort to determine the exact cause of the death of Attorney Oliver M. Harvey, for which Postmaster Joseph E. Swindlehurst is being tried on a murder charge here.

Tonight state attorneys said their case was practically closed and that the defense might be advised to proceed tomorrow morning.

In answering hypothetical questions, three doctors—F. M. Isom and George A. Windsor of Livingston, and A. B. Eckhardt of Helena—told the jury it was their opinion Harvey's death was caused by cerebral hemorrhage resulting from a blow inflicted by the defendant.

Dr. Eckhardt said that he examined Harvey in 1916, finding his heart normal in functioning and in size, and the blood pressure normal.

Earlier in the week physicians who conducted the autopsy testified that they found the heart from one and one-half to two times normal size.

Fluid of Light Color.

In an effort to refute the contention of the defense that the blood clots on the brain might have been caused by blood entering in the arteries being forced into the brain by the embalming fluid, the prosecution called two local undertakers to the stand.

George W. Selby, who embalmed Harvey's body, said that the embalming fluid used was of a light color and that it would immediately become the color of blood by the addition of two or three drops of blood.

H. J. Thielon, also an undertaker, testified that such a condition of color would not result.

A demonstration of the embalming process was made in the court room, the jury being shown the siphon, the vessel containing the embalming fluid, the arterial tube and a solution similar to that used in embalming the body of Harvey.

It was explained that the fluid was forced thru the arterial system by gravity.

Undertaker Selby testified that all the blood could not be drawn from a corpse and that practically three-fourths of the quantity during life remains in a dead body after the draining process.

Marks and Bruises Found.

Dr. F. M. Isom, who said he examined Harvey after the trouble and before death, testified that he found a swelling in the back of the head, and marks and bruises on the head and face.

In answer to the hypothetical question directed to all the physicians, Dr. Isom replied: "If I would say the blows inflicted by the defendant Swindlehurst caused the death of O. M. Harvey."

Dr. George A. Windsor, answering the hypothetical question, said: "Presuming Mr. Harvey was in normal health and granting there is sufficient testimony to establish a brain injury, I would see no way to avoid the conclusion that the blows caused the injury which caused the death."

W. A. Peter of Billings, was recalled for cross-examination by the defense today. He testified he was within 25 feet of Swindlehurst and Harvey when the first blow was struck. He said Swindlehurst threw his arm around Harvey's neck and the two men scuffled.

"At this time I had advanced to within 10 feet of them," said Peter.

"Did you, at any time, up to the time when Harvey sank to the floor of the above, see Swindlehurst take Harvey by the neck, shoulders or coat, and pound his head against the wall or door of the above?" inquired Attorney O'Connor.

"He did nothing like that while I saw him," answered Peter.

# KLOTZ WAS SO HAZY BECAUSE HE NURSED SECRETS OF PEACE

### French Finance Minister Not to Quit in Huff Over Deputies' Slight.

Paris, March 14.—An analysis of the vote which closed yesterday's final debate in the chamber of deputies, shows that 146 deputies abstained from voting, which is interpreted as marking the dissatisfaction of a large section of the house at the indefiniteness of Minister Klotz's statement.

The report was current, last night, that M. Klotz, in consequence of what he felt amounted to a vote of censure, intended to resign.

The report, however, appears to be unfounded, for it was pointed out in political circles that the finance minister was embarrassed by the fact that he was acting in the double capacity of cabinet minister and peace conference delegate and, consequently, felt obliged to confine himself to generalities on many points which are under consideration by the peace conference.

# GERMAN DELEGATES ON PEACE SELECTED

Weimar, March 14.—(By The Associated Press)—The German delegates to the peace conference will be Count von Brockdorff-Rantzau, the foreign minister; Dr. Eduard David, majority socialist and first president of the national assembly; Dr. Mark Warburg; Dr. Adolph Muller, minister to Switzerland; Prof. Walther M. A. Schuecking, of Marburg university, and Herr Geisberg, minister of posts and telegraphs in the Prussian ministry.

Count von Brockdorff-Rantzau is a graduate of the German imperial diplomacy and has been foreign minister since the resignation of Dr. Solf. Dr. David is a member of the German ministry, without portfolio. Dr. Max Warburg is connected with the Hamburg-American Line.

Dr. Muller formerly was director of the Electric Accumulator Works at Berlin and in July, 1915 received an honorary degree from the University of Hannover for his work in developing the efficiency of German submarines.

Professor Schuecking late in 1914 published a letter blaming Russia for the European war.

Herr Geisberg is a newcomer in the German government.

See Mr. and Mrs. Charlie Chaplin at the Palace tonight. Adults 25c, children 10c.

# Mr. Ralph Graham Tells How Cuticura Healed Pimples

"My trouble began with pimples on my face. They would start with a red spot and come to a head, and they were soft. They were scattered all over my face and itched so that I irritated them by scratching. My face was disfigured while the pimples lasted."

"I tried many remedies but had no success, and I was troubled with the pimples for about four years. Then I used Cuticura Soap and Ointment. I found relief and when I had used two cakes of Cuticura Soap and two boxes of Cuticura Ointment I was healed." (Signed) Ralph Graham, Post Falls, Idaho, June 1, 1918.
