Separate Skirts, a most exquisite showing, will be a particular feature of this display.

It is the intense spirit of specialization that enables us to keep pace with the changing whims of Fashion, and which enables you to find in this

capacious Ready to Wear section not merely a model that is the issue of the season, but one that is the inspiration of the hour.

We prefer to come before you, not as the press agent of a single season, but as the ambassador of them all!

The success of last year's show becomes evident from the hundreds of inquiries that we have received relative to the date of this year's show. Such interest on the part of our many friends has made us strive to make this exhibit even better and greater than past performances, and we assure you that you may come prepared to spend a pleasant afternoon—ample seating facilities have been provided for your comfort.

An artistic as well as an educational performance which places us uppermost in the minds of shrewd shoppers and showing a style supremacy which places us as a leader and authority on fashionable apparel for women

**Adorable Styles for Little Misses
Shown on Living Models**

In connection with the display for the grown-ups we have not forgotten the little miss for whom so many girlish style ideas have been created by Dame Fashion. These garments will be shown by six little girls from St. Thomas orphanage.

Those who viewed these youthful models last year know that by their charm and grace, they rival with the older models for first place in this Style Parade—you will enjoy seeing these little ones.
