NEWCOMER'S WILL NOT MEET AT RED CROSS

The ladies of the Newcomer's club will not meet at the Red Cross rooms in the chapter house this afternoon to assist with the making of refugee garments for the Belgian and French children because of the delay in the material being received by the Red Cross.

WOMAN'S CLUB

At 2:30 the board of directors met for a brief business meeting. Several matters of importance were brought up and action on them were taken by the directors.

The art department met at 3 and nominated officers for the ensuing year. Mrs. E. A. Nicholas was unanimously voted to membership in the club.

Following the business session one of the most interesting programs of the year was given. Mrs. H. B. Mitchell gave a review of the Art Magazine reading an article on "The Right Art Training" which encouraged the art to be given in the schools as obligatory and that it should be more practical.

The article also gave an interesting paragraph on the quacks that may be found in art as well as in anything else. The point of forming an art society in Great Falls was also taken up and thoroughly discussed. At a motion from Mrs. Jesse D. Selby it was voted that the club give its support to the city federation in its plan to purchase two Russell pictures for the city. The method which the club will use to secure funds for this purpose was left undecided.

Pupils of Mrs. C. W. Murch gave a number of readings which were greatly enjoyed by the club members. Miss Margaret Brown appeared first and gave

ZEMO HEALS FIERY, ITCHING ECZEMA

A CLEAN ANTISEPTIC LIQUID The first application of this clean antiseptic lotion stops itching, and when applied regularly, in a short time usually all traces of eczema or other disfiguring skin troubles disappear, leaving the skin clean and healthy. This can be proved by your getting from any druggist a 35c trial size, or \$1.00 regular size bottle of ZEMO, a safe, efficient and economical treatment for eczema and other skin troubles. ZEMO ANTISEPTIC SOAP greatly aids ZEMO in the treatment of skin troubles. The E. W. Rose Co., Cleveland, O.

NUXATED IRON

U X A T E D I R O N Dr. Ferdinand King, New York Physician and Medical Author, says physicians should prescribe more organic iron—Nuxated Iron—for their patients—Says anemia—Iron deficiency—is the greatest cause to the health, strength, vitality and beauty of the modern American woman—Says warning against use of metallic iron which may injure the teeth, corrode the stomach and in some cases thereby do more harm than good; advise use of only nuxated iron, taken three times per day after meals. It will increase the strength and endurance of weak, nervous, run-down folks in two weeks' time in many instances. Dispensed by all druggists

two little humorous readings. Miss Brown has appeared before the club a number of times and the members are always glad to welcome her.

Marie Mudgett, Jeha Yaw, George Shanley and Boland Shanley gave a clever little sketch "The Chameleon". The small actors all did their parts well but little Miss Mudgett displayed exceptional ability to portray characters for one so young. After the sketch skipliets were given by each of the children.

The matter of planting trees to the departed soldiers and sailors was discussed but no action was taken. Mrs. Frank Kerwin read a card which she has received from two Havre boys now serving with the A. E. F. in France thanking her for the books which she had sent to the army in France several months ago.

W. C. T. U. WILL MEET

The W. C. T. U. will meet this evening at 8 for regular business meeting with Mrs. Lee Hogland at her home, 1817 Fourth avenue north. The meeting will be devoted principally to the discussion of child welfare with Mrs. W. T. Cowan and Mrs. W. H. Yarnell in charge.

U. C. T. LADIES WILL PLAY CARDS

The U. C. T. Ladies auxiliary will meet this afternoon for their weekly afternoon at cards with Mrs. Frank Major at her home 316 Fourth street north.

HOSTESS HOUSE OPENS IN NEW PORT—LE MANS

Le Mans, France, Feb. 12.—They say there are from 100,000 to 200,000 troops here waiting to go home, and that this little French city is to have as many all the time the Americans are going back.

Le Mans is a new "military center," but a thriving one, and one that many Americans are going to know better between now and New York. The Y. W. C. A. came to Le Mans a few days ago and the Y. W. C. A. is going to stay. It will open a hostess house as soon as the newly appointed director, Miss Harriet Dunn, can get chairs and beds and tables enough to "entertain" her impatient guests. Miss Dunn has been hostess at the Hotel Petrograd, the Y. W. C. A.'s Paris hostess house for the past two months. Miss Dunn comes from Buffalo and she has been director of Y. W. C. A. hostess houses at Fort Oglethorpe and Porto Rico.

There are a good many American women here now—Red Cross, Y. M. C. A. workers, nurses and the like. They have no place where they can spend their "after hours time." There are not enough restaurant facilities in the town for them.

Y. W. C. A. was asked to come and it came. This is the tenth hostess house the Y. W. C. A. is maintaining in France.

RAYNESFORD AND GEYSER WOMEN Farmers' Wives in Both Sections Plan to Organize for Special Work.

The Home Economics club at Geysler will take up the Child Welfare work under the direction of Miss Alberta Borthwick, home demonstration agent of Cascade county. The Geysler ladies will begin work on or about April 10, if present plans materialize. Miss Borthwick will go to Raynesford April 1 to start the clothing project. The Farm Bureau women in that community will organize for a clothing campaign on that date and will begin with the making of the dress forms.

MINNESOTA WOMEN CAN NOW VOTE FOR PRESIDENT

St. Paul, March 24.—Governor Burnquist today signed the bill giving women the right to vote for presidential electors in Minnesota.

AMERICANIZATION ADDRESS AT 12:50

Commercial and Rotary Club Members Await Judge Clark Bisset's Talk.

Members of the commercial and rotary clubs are eagerly awaiting the "Americanization" address which is to be delivered before them Wednesday noon in the palm room of Hotel Rainbow by Judge Clark P. Bisset of Seattle, member of the University of Washington staff.

Notices of the meeting were forwarded to members of both clubs yesterday. The session will be a joint one, one of the features being a luncheon. Members attending are urged to be present at 12:10. Serving of food will commence at 12:45 and the speaking starts at 12:50. A fee of 65 cents will be made.

All members are urged to attend as the meeting is considered a most important one. Will Address Women. Wednesday forenoon at 10:30 Judge Bisset will speak to the members of the Women's clubs of Great Falls. Judge Bisset has an important message to deliver to the women and all are urged to be present. The place will be announced sometime today.

BIG DEMAND FOR SEATS EVIDENT

Orders for Tickets to Anna Case Recital Come Before the Price Is Known.

That lovers of music in Great Falls do not propose to overlook the opportunity to hear one of the country's best vocalists is evident from letters coming to the Grand opera house management. Yesterday Manager Steege received more than a dozen letters asking that reservations be made of seats with the statement that as soon as the prices were announced a check would be sent to cover the cost of the seats. This is believed to forecast an audience that will tax the capacity of the Grand and one that will measure up to the high standing in the musical world of the artist who will appear.

Miss Case has been singing in only the larger cities of the country and Great Falls is the only city in Montana in which she will appear. In that connection it is interesting to know that four seats have already been ordered from Fort Benton on the basis mentioned above.

That there is a latent fire, a little slumbering volcano within Anna Case is evident by her every move, every phase of her temperament, every phrase spoken or sung, every gesture thrown out by the eloquent hands, or by the much more eloquent eyes, but that this fire is seldom stirred is equally evident. There is a wonderful poise, and the most complete sense of restraint in all the great art of Anna Case. Some of her Italian friends might like to see a little more "slancio" in her work, but then Anna Case is an American girl, with the cooler blood of the North, and she reminds one curiously of the highly-learned English women who have attained a reserve not equaled anywhere in the world. Aside from this wonderful reserve, however, there is in the blue eyes of Anna Case a great desire for, and a great love of play—real play. At heart she is a very simple child who has never grown up; and we hope that she never may grow up.

SOLDIERS' DANCE COMMENCES AT 9

Men Who Served Country and Friends Will Trip It Up Tonight.

Members of the Cascade County Soldiers' and Sailors' club will trip the light fantastic toe at the Temple auditorium commencing at 9 tonight. This is the third of a series of parties being given under the auspices of the club, the entertainment committee being headed by chairman, being in charge of arrangements. Pierce's orchestra will provide dance music and the general public is cordially invited to attend.

Soldiers and sailors will dance in uniform and prior to the party will parade from the Park hotel to the auditorium. All men who can possibly march are asked to meet at the Soldiers' and Sailors' club, Valeria building, at 7:30 p. m. There will be a band in the parade. Proceeds from the party are for the benefit of returned soldiers and sailors.

BOYS IN SMASH ON MOTORCYCLE

While returning to their homes in this city from a short ride into the country, Sunday morning, the motorcycle on which Harlow Liesenfeldt and Jack Scott were riding struck a rut in the road at Seventh street just south of the Milwaukee railroad crossing, throwing both Liesenfeldt and Scott over the handle bars. The boys were going at a pretty good speed and the front wheel on striking the rut jacked up Harlow, the driver, making it impossible for him to keep control of the machine. Scott was thrown over the bars first, but suffered no serious injury. Liesenfeldt's left hand was badly broken, but just how badly has not yet been determined, owing to the swelling. Liesenfeldt thrust out his left hand to guard off the blow as he struck the ground and if he had not done so it would probably meant instant death, as he was thrown head first.

An X-ray was taken of the hand yesterday and the bones were set today. He is a patient at the Deaconess hospital.

NO LEWISTOWN DINNER

Due to an error it was announced in Sunday's Tribune that dining car service will be resumed on the Great Northern April 1 on trains 238 and 275, using straight parlor cars in place of buffet cars for seating. This will again provide dining service between Great Falls and Sweetgrass on trains 239 and 240. However, the dining service on trains 238 and 275 will be only on the Great Falls and not thru to Lewistown as previously announced.

MARRIAGE LICENSES

CHAPTER HOUSE HEADS TO MEET

Important Business to Be Transacted at the Session on Wednesday Morning.

There will be a meeting of all heads of departments of the Red Cross chapter held in the chapter house on Wednesday morning at 10. It is essential that all heads of departments be present as it is to take care of important business that this meeting has been called.

At this time, also, the chapter will discontinue keeping the chapter house open except on Wednesdays and Saturdays.

WRIGLEY IN DEAL TO BUY CATALINA

Head of Chewing Gum Interested in Getting Great Coast Pleasure Resort.

Los Angeles, Cal., March 24.—One of the biggest real estate deals ever put over in California is now an assured fact and the details can be furnished by the interested parties.

William Wrigley, Jr., manufacturer of the famous "Wrigley's Spearmint," one of the chief stockholders in the Chicago Cubs ball team and an officer and director in a total of 15 enterprises in various parts of the United States, is the head and controlling interest in a company which has taken over Santa Catalina island. The purchase price is close to \$4,000,000, and several millions more will be spent to make the island the great show place of the West coast.

Included in the transfer are practically all of the 48,000 acres of the island, the new \$400,000 St. Catherine hotel and its appurtenances, 10,000 head of sheep, two large steamers which ply between San Pedro and the island, a fleet of glass-bottom power boats and other property of the Santa Catalina Island company.

This news is of interest to every past, present and prospective visitor to California; in fact, it is of particular interest to the country at large, for it presages an era of expansion and development in our home resorts in keeping with the tendency to cultivate domestic tourist travel which the war has so strongly intensified.

The officers and directors of the new Santa Catalina Island company are some of the most enterprising business men in Los Angeles county. The general manager is Everett H. Seaver, who directed the Fulton shipyards at San Pedro during the war, and who last year built successful wooden ships at astonishing speed for the government. Mr. Seaver's record as a builder of ships is equaled by his fame as an employer of labor, for in all his period of service at San Pedro there was no rumor of labor trouble.

Y. W. C. A. CAMPAIGN PROVES SUCCESS IN MUSSELHELL

Special to The Daily Tribune. Roundup, March 24.—The Y. W. C. A. campaign for funds for carrying on reconstruction work in this country has been finished in Musselshell county and the committee reports a total of \$217 secured for the government.

LEWISTOWN PASTOR ACCEPTS CALL TO CHICAGO CHURCH

Special to The Daily Tribune. Lewistown, March 24.—Rev. J. C. Waldrom, for three years past pastor of the Zion Lutheran church here, has accepted a call to Grace Lutheran church of Chicago and will leave here for that city soon after the first of April.

A GREAT CHANGE ENTERS INTO LIFE OF STOREKEEPER

A certain unassuming gentleman in this city who happens to be a prominent merchant and who up to a few weeks ago had become a recluse because of his physical condition tells this remarkable and most interesting tale: "For a number of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me, my face became sunken and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company."

My bookkeeper one day suggested that I needed a rest and that my nerves required attention. She told me that her father had taken Phosphated Iron when in my condition. "Look at him now," she said. "He works ten hours a day and is the happiest man in the world."

"All this happened less than a month ago. I followed the advice and look at me now. Back in the harness with a smile all the while. I am feeling more fit than ever. When I see a tired looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn body into a life force in thought, ambition and enthusiasm."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

SHELBY WOMEN HOLD SUCCESSFUL FOOD SALE

Shelby, March 24.—The ladies of the M. E. church gave a food sale at the Shelby Mercantile store on Saturday afternoon which was a decided success. During the day, from 11 to 6, lunch was served by the ladies, and more than \$51 was taken in, to be turned over to the church fund. The ladies assisting in the serving were: Mrs. C. A. Michels, Miss C. Rett and Mrs. Ed Holtz, while Miss Heck acted as cashier.

RELIABLE METHOD OF HAIR CARE

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very careful in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this weather, one that brings out all the natural beauty of the hair, that dissolves and entirely removes all dandruff, excess oil and dirt, can easily be used at trifling expense by simply dissolving a teaspoonful of catrox (which you can get at any druggist's), in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a fluffiness which makes it seem much heavier than it is. After catrox shampoo, arranging the hair is a pleasure.—Adv.

Havre Woman to Talk Over Home Subjects

Havre, March 24.—There is to be another important meeting of the home economics department of the Havre Women's club at the library building on Tuesday afternoon. The program for the day will be "Nutrition," which was to have been given last October, but was postponed on account of the influenza epidemic. Mrs. Frank Cariton will be the leader for the program, which will consist of the following subjects: "Reliable Brands of Canned Goods and What the Housewife Needs to Know About Nutrition," "Growth and Preparation of Foods," "Heat and Energy as Work Producers," "Regulation of Body Processes," "Planning Three Meals a Day on the Principal of Menu Making."

WOMEN'S EIGHT-HOUR DAY IN ARIZONA HELD VALID

Washington, March 24.—Constitutionality of the Arizona act of 1913, limiting employment of women to eight hours a day, was upheld, today, by the supreme court, in disposing of appeals in which the act was attacked on the ground that it discriminated between the employment of waitresses in railroad restaurants and other restaurants.

SUPREME COURT TO RECESS. Washington, March 24.—The supreme court announced today that it would take a two weeks recess, beginning next Monday, after rendering opinions.
