MARSH AS MAGISTRATE MEANS A SQUARE DEAL

And the Democratic Candidate is Conceded Winner By All Familiar With the Political Situation in Great Falls.

That R. R. Marsh will be a winner in his race for police magistrate is about the surest thing that ever was marked up on a political indicator and the popular favor with which Mr. Marsh's candidacy has been received by the rank and file of voters is a matter that surprised even the candidate himself. R. R. Marsh has been a resident of Great Falls for many years and has all those years been making friends. He is a hale fellow well met, and his face wears a smile that is suggestive of the heart back of it. The man who faces Mr. Marsh after he becomes magistrate may be absolutely sure of getting justice without favor or frill, and he will get it whether he is innocent or guilty. In other words, he will not be convicted before he has been heard nor will there be any prejudice in the determination of his case when the evidence is heard. He will get exact and even tempered justice and the color of his skin or the place of his birth will make no difference to the magistrate when Marsh is acting. It will mean nothing to him whether the accused was born in Great Falls or Grand Rapids, Michigan, so far as pull is concerned, for the only pull that will have force with Marsh as magistrate is the pull of facts and truth.

Photo by Heyn. R. R. MARSH The next police magistrate of Great Falls, according to the forecast.

Mr. Marsh has been a journeyman printer for many years and is now employed in the composing room of the afternoon paper. He has always been popular with the fellow workers and if they had the say he would be the unanimous choice for the office he seeks to occupy. He has a wide acquaintance thru the city and wherever he is known, no matter whether it be republicans or democrats, he is going to get votes. The activities about democratic headquarters yesterday continued to show more intense interest in the general campaign and there was better report from every section concerning the candidacy of the nominee for mayor and the forecast is for even a wider margin of lead over the republican nominee than had been claimed earlier in the week. The reports from every section of the city were most optimistic and encouraging and there was regarded to be just as nearly certainty about the situation as a political event can be regarded as certain in advance of its happening.

The race for alderman from the various wards is gaining interest and with the republicans practically conceding the election of Adam Stimpert in the First ward and Dr. R. R. Johnson in the Fourth ward, it is not hard to reach the conclusion that the democrats will capture five aldermen as well as the mayor, magistrate and city treasurer.

U. S. EMPLOYMENT IN NEW QUARTERS

Offices Being Installed in Federal Building—Force of Men For Valier.

The U. S. Employment is by now just partly installed in their new quarters on the second floor of the Federal building. The state offices were moved yesterday and by tonight the city department including the soldiers' bureau in charge of A. C. Hay and the division in charge of Miss Irene Seymour will be ready to do business in their new rooms.

During the past few days the demands for farm labor have been coming in heavily from all parts of the state. Wires have been sent to Chicago, the Twin cities and Kansas City urging the sending of men westward for farm work.

Yesterday 40 men from Butte were sent to Valier to work for the Montana Land and Water company. The men were taken from Butte as they were men and inexperienced in farm work and by sending them for work on the irrigation project all men available for farm hands will be saved for that work. In the outfit going to Valier returned soldiers were given the preference, as in all other positions, and a large percentage of the men are returned soldiers.

JUDGMENTS MADE IN SIX ACTIONS

Six default judgments were returned in district court yesterday, two involving mortgage foreclosures and the others minor matters. Foreclosure cases in the cases of Thomas Shannon against Costello & Ryan, a copartnership, were signed after the defendants failed to make an appearance. In the Shannon-Morris-Tibbets case the plaintiff is privileged to recover \$1223.55 principal, interest, costs and attorney's fees on a note originally given for \$1000, and in the case in which Ford Brothers are plaintiffs the decree finds against the defendants in the amount of \$33,533.69. This includes \$21,344 principal, \$9769 interest, \$113.88 taxes, \$25.80 costs and \$2000 attorney's fees. Land described in the court's document is the southwest quarter of section 17, township 20 north of range four east.

The smaller suits were the cases of the Northern Montana Association of Credit Men against the Judith Basin Publishing Co., \$100.33; Goodridge Lumber company against E. G. Hess, \$102.90; Goodridge-Call Lumber company against Mahlon Hess, \$142.50, and L. M. McDonnell against F. U. Sullivan, \$441.66. These amounts are exclusive of attorney's fees.

Asks County Officers to Arrest Autoists Lacking New Plates

Special to The Daily Tribune. Helena, April 3.—According to Secretary of State C. T. Stewart, there are approximately 60,000 motor vehicles in Montana and so far only 32,000 have obtained 1919 license plates. He therefore has called upon county attorneys and sheriffs to arrest all autoists who have not obtained the new plates, of which there is an abundance here waiting to be mailed to applicants.

WALKING IN TRUTH. I have no greater joy than to hear that my children walk in truth.—John, 4.

CITY HAS 5435 READY TO VOTE

That is Final Count on Registered Voters For Next Monday's Election.

At the close of registration March 7, there were 5435 people in Great Falls who had qualified themselves to vote at next Monday's municipal election, according to a list compiled yesterday by Deputy County Clerk A. E. Caufield. Before counting the cards of new registrants, Deputy Caufield estimated that about 5800 voters would be positioned to take part in the election, but the final figures show that the contests growing of the entrance of three complete tickets in the field will be decided by 5435 voters, or such smaller number of electors who may go to the polls.

Deputy Caufield's list for several wards and precincts fixes these totals:

First Ward.	
Precinct No. 1	374
Precinct No. 2	283
Precinct No. 3	280
Precinct No. 4	236
Precinct No. 5	336
Second Ward.	
Precinct No. 6	113
Precinct No. 7	198
Precinct No. 8	239
Precinct No. 9	212
Third Ward.	
Precinct No. 10	205
Precinct No. 11	272
Precinct No. 12	311
Precinct No. 13	149
Fourth Ward.	
Precinct No. 14	225
Precinct No. 15	215
Precinct No. 16	285
Precinct No. 17	294
Precinct No. 18	213
Precinct No. 19	425
Precinct No. 20	150
Fifth Ward.	
Precinct No. 21	398
Total	5435
By Wards.	
First Ward	1509
Second Ward	702
Third Ward	981
Fourth Ward	1895
Fifth Ward	398
Total	5435
Other Cities.	
At Belt the total registration is 284, distributed among the three wards as follows:	
First Ward, Precinct No. 58	131
Second Ward, Precinct No. 59	67
Third Ward, Precinct No. 60	86
Total	284
In Cascade the election this spring will be decided by 135 voters, each of the three wards having this registration:	
First Ward, Precinct No. 34-1	26
Second Ward, Precinct No. 34-2	57
Third Ward, Precinct No. 34-3	42
Total	135
In Geyser will this spring hold the first municipal election ever called for that town, incorporation having been approved by the people there but a few months ago.	

MAY SEND MONEY INTO LUXEMBERG

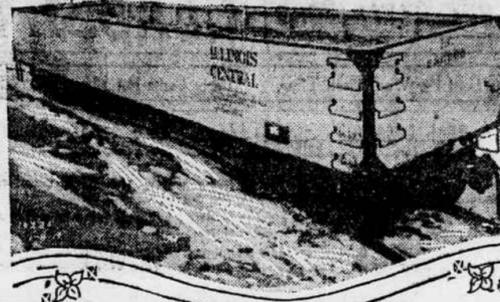

While there has been no formal suspension of the exchange of money orders between the United States and Luxembourg, it was impracticable to dispatch money-order lists to that country after the declaration of war with Germany because of the suspension of the mail service with the Central Powers, which served as intermediary for the transmission of mail to various other countries in Europe. Since February 15, 1919, mail service between the United States and Luxembourg has been resumed; hence, postmasters have been notified that they are at liberty to accept the applications of intending remitters for money orders payable there and to issue such orders in the same manner as those intended for payment in Italy or Belgium.

OF LOCAL INTEREST

Mrs. McNamara left on Wednesday evening for Rochester, Minn., to consult the Mayo Bros. Sheriff J. P. Burns and County Attorney H. G. Bennett were at Monarch yesterday on official business.

A man naturally has his suspicions about a woman who isn't afraid of a mouse.

HERE'S FIRST CONCRETE FREIGHT CAR

First freight car built of reinforced concrete.

The Illinois Central railroad has the first freight car to be built of reinforced concrete. It is intended for use in the coal service. The car, tested for a capacity of 100,000 pounds, is comparatively light. The floor is but two and a half inches thick.

The town has 101 registered voters, each ward having this representation: First Ward, Precinct No. 70-1.... 24 Second Ward, Precinct No. 70-2.... 39 Third Ward, Precinct No. 70-3.... 38

Total 101

ELLIOTT FUNERAL LARGELY ATTENDED

Masses of floral tributes and the presence of a large number of friends at the funeral yesterday of Mrs. Loretta Elliott attested the high regard in which that lady was held by those who knew her. For the past three years the family has lived 65 miles south of Great Falls and last respects to the deceased were paid by many people who came in from that community to be present at the services. The funeral was conducted from the O'Connor undertaking parlors, Rev. E. L. White, of the First Methodist church, officiating. The services were simple and impressive.

Mrs. Elliott is survived by the husband, S. H. Elliott and five children. The sons are William and Harry Elliott, of Belt; Edward Elliott, of Devils Lake, N. D.; and John Elliott, of Chinook. Mrs. R. D. Sutherland is the only daughter. Prior to 1914 the Elliotts lived in North Dakota, where Mrs. Elliott's passing is regretted by a large circle of former friends. Mrs. Luther B. McFadden, of Devil's Lake, came to Great Falls yesterday to attend the funeral.

Mrs. Elliott was in her 50th year.

HALLECK MAKES HIS STATEMENT

Candidate For School Trustee Calls to Task Those Who Are Spreading Rumor About Him.

Whether false report will get into the city general election before the polls open next Monday is yet to be seen but according to a representative of Walter C. Halleck, who came to the Tribune office yesterday such reports are already being circulated in the campaign for the school election which comes on Saturday. Mr. Halleck is a candidate for school trustee and he has been made the object of false attack, according to his authorized representative. Speaking for Mr. Halleck the representative said:

"The candidacy of Mr. Halleck is grounded on the doctrine that no selection should have the keeping of the schools exclusively to themselves and that we all are interested in the welfare and forward progress of our schools. Mr. Halleck was persuaded to allow the use of his name because he has friends who believe he has ample qualifications to meet the standard of any school board. He is a graduate of a college and has followed his profession of civil engineering for several years, more than 10 years being passed in Great Falls, eight of which he was connected with the engineering department of the United States reclamation service on the Sun river project. His home is here and his interests are here and he assumes that is the only legal requirement for membership on the board.

"Now it appears that certain busy-bodies have again dug up the skeleton of religion and attempted to make it an issue against Mr. Halleck. But it is unfortunate that in this instance they have done a clumsy job for Mr. Halleck was baptized as an infant into the Episcopal church and still holds to the faith of his parents. His wife, too, is of the same faith. Mr. V. W. Mullery, candidate with him, is a Presbyterian. The only reason for mentioning the church here is that he was baptized is to call attention to the character of some individuals in their campaign efforts, for it proves they are willing to falsify facts if they believe it will promote the interest of their candidates. Mr. Halleck does not believe that religion is an issue in this campaign. Neither does he believe that it is wise to use official position to induce people in the employ of the city, as are teachers to vote, and yet it is charged openly that such is about to be done. Mr. Halleck stands for clean elections and the best possible standards for schools but he refuses to stoop to falsehood or questionable tactics in the campaign.
