## Verdict in Baseball Case Upsets Things

### Victory in Court of Former Baltimore Federal League Club Owners May Dissolve National Commission and Sever Minors From Majors.

Chicago, April 13.—Dissolution of the National Baseball commission, the "supreme court" of organized baseball, absolute severance of relations with the National Association of minor leagues and revision of the players' contracts eliminating the 10 days and reserve clauses will be the probable result of a \$240,000 verdict granted the Baltimore club of the Federal league by a jury in the District of Columbia supreme court yesterday.

These revolutionary measures to safeguard baseball from all future legal attacks were forecast by Ban Johnson, president of the American league upon his return from Washington tonight. The American and National leagues, together with their club owners and officials, and certain officials of the defunct Federal league were defendants in the \$200,000 suit for damages brought under the Sherman anti-trust law.

President Johnson said that an appeal would be taken to the court of appeals of the District of Columbia and if necessary to the supreme court of the United States.

"The verdict, of course, is a blow to baseball," President Johnson said, "but we are not particularly distressed as it was nothing more than we expected under the circumstances. We were bound to appeal, no matter what the amount of damages involved was.

"We do not want to be charged with operating in restraint of trade; neither do we want the charge of conducting a monopoly hanging over us. We can see a ray of sunshine because of the fact that we can appeal. If the verdict had been in our favor, we would have been denied that privilege.

While declaring that he did not care to ridicule the verdict, or the justice of the court, President Johnson said attorneys for the Baltimore club talked like "Lenine and Trotsky."

wrong in our operations, then, of course, we want to know about it."

### "SPORTS FOR ALL," OLYMPIC SLOGAN

#### No Class Will Be Privileged More Than Another at 1920 Games.

New York, April 13.—"All sports for all" is the slogan adopted for the international Olympic committee by Baron Pierre de Coubertin, chairman of that body, in a letter sent to members.

The veteran Olympian leader, who will have control of the international games to be held at Antwerp next year, states that the advent of a new democratic era required the removal of sport limitations whereby one class is privileged over another. He advocates a wider application of the principles which are the foundation of the American amateur athletic union, and suggests the formation of a "sporting order of chivalry" along the lines of the organization now prominent in Sweden.

Baron De Coubertin states that athletics has an important role to play during the reconstruction period throughout the world. It is a leveler of classes and the foe of all bad instincts and habits.

Lack of a swimming pool in Waterman gymnasium has prevented Michigan from indulging in the water sports, but space has been found for a natatorium in the Michigan Union building, and work on it is already under way.

## MAY CHOOSE IDAHO FOR JULY 4 FIGHT

### Rickard Announces If He Can't Stage It in East Will Come to That State.

Lewisville, Ind., April 13.—C. J. Breier, who is in New York City presenting

Lewisville's claims to Tex Rickard for the Willard-Dempsey fight, telegraphed today to the Tribune that Rickard says Idaho will get the fight if it is held west of the Mississippi, but that there will be no positive decision for about ten days.

Rickard said he preferred the east for the fight and is awaiting laws making it possible to hold it here.

He has not asked for a guarantee but suggested help in erection of a \$50,000 arena and guarantee of non-interference

from the state authorities. He also desires expression of support from northwest coast cities for the fight here.

Mr. Breier will confer again with Rickard Tuesday.

Definite steps will be taken here tomorrow to form an athletic association with \$50,000 capital to meet the arena conditions suggested if the fight is brot here.

Lightning is more frequent in Illinois and Florida than in any other states.

## PENNY ANTE

After the Afternoon Game

## VOLLEYBALL AND POOL AT THE "Y"

Practically Only Two Sports Going On Just Now; Tennis Is Next.

The present week is one of some inactivity at the Y. M. C. A. as far as athletics are concerned, as this is just about the transition period between the passing of indoor and coming in of outdoor sports for the season. Physical Director E. E. Holdeman is now outlining his work in tennis. The "Y" court will soon be put into first class shape, and with the war over and many returned soldiers and sailors in the city, Mr. Holdeman expects tennis will be the popular sport this summer in Great Falls. The usual Y. M. C. A. tennis tournaments for the singles and doubles tournaments will be run off at the conclusion of the season.

The volleyball schedule has been actively resumed and Mr. Holdeman says the interest has reawakened after his warning to the players to turn out for games or the league would have to disband. The games Saturday night were spirited contests, the Crawford team taking three from the Oriels. Games are scheduled to commence at 5:30 every night this week and the general public is cordially invited to attend.

Secretary A. E. Yount, who has taken charge of the remainder of the pool tournament schedule, four or five games, is making an effort to have these games played off this week so that the "Y" can award the ivory tipped cue which was presented by the Y. M. C. A. to be given to the winner of the tournament as a trophy. Players who still have games to play are urged to get busy and play them off before the weather becomes warmer.

## A. E. F. BOXING FINALS SPIRITED

### First Class Sport Develops but Several Well Known Scrapers Are Barred.

Paris, April 13.—The first week of the American expeditionary force boxing and wrestling finals at the Cirque Paris furnished some first-class sport. It also developed cases of what Colonel Johnson, the A. E. F. athletic director terms "sold feet," resulting in the barring of several pugilists and wrestlers from future bouts in Europe under the auspices of the A. E. F. and the elimination of some prominent contenders for titles. Gene Delmont and Knockout Brown are among those placed under the ban of the army authorities.

The lightweight category has shown more class than any other weight. Busy Graham of Brooklyn and Leo Patterson, a colored fighter, from Joplin, Mo., are in the opinion of the experts, two boys capable of giving a stiff argument to anyone in the lightweight division. Mike O'Dowd has also withdrawn, but his retirement has not been commented upon by Colonel Johnson.

## OVERSEAS REGATTA INTEREST GROWING

### Disappointment Because British Team Withdraws and No Reason Is Given.

Paris, April 13.—All the entries for the International Rowing Regatta which is to be held on the Seine on April 27 have been received and despite the fact that England is not represented, interest in the event is growing as the day of the race draws near.

The race will be rowed in heats, the crews starting from the Pont Royal and finishing at the Pont de l'Alma. Some disappointment is felt at the withdrawal of the English crew for which no reason has been officially given. The American crew intended to row over the course today, but was prevented by the extremely bad weather and the high current in the Seine due to the heavy rains.

## Exhibition Games

Kansas City, April 13.—R. H. E. Cincinnati Reds ..... 6 9 1 Kansas City American Assn. 3 10 3 Batteries—Regan, Louge and Allen; Johnson and Brock, L.A.enge.

St. Louis, April 13.—R. H. E. St. Louis Nationals ..... 0 7 5 St. Louis Americans ..... 4 7 1 Batteries—Goodwin, Dool, May and Clemens; Davenport and Billings.

## GOLF AT YOSEMITE PARK

San Francisco, Cal., April 13.—Permission to lay out a golf course in the Yosemite National park has been asked of Secretary of the Interior Franklin K. Lane. It is figured that this would be a great attraction and bring hundreds of additional visitors each year who like to spend their vacation at a place where links are available.

And what has become of the o. f. man? Who used to use a clove for a chaser?

## TENNIS TOURNEYS TO BE NUMEROUS

### One Hundred and Fifty Booked for Play During Season of 1919.

The tennis schedule for 1919 shows 150 tournaments sanctioned by the United States National Lawn Tennis association, exclusive of the junior boys' and girls' events which are listed separately. This number will be increased when some uncertain dates are fixed. Although there are fewer tournaments than in 1917 when the high-water mark was reached, the association's officials are gratified to see that the war's effect on tournament play was temporary, and that competition will be conducted on a broad scale.

Practically all the state championships that have been listed in former years, appear; certain events have not been scheduled as dates are still under discussion. All the sectional doubles championships will be held, except the Pacific Northwest whose officers plan to devote most attention to the junior and international matches this season, and the Inter-Mountain. It is expected also that a number of tournaments held previously by clubs which were hard hit by the war, being dependent upon a "summer population," will be added as soon as these clubs have a chance to perfect their organization and resume activities.

## HAS GOOD CHANCE IN RELAY EVENTS

### Johnson, Michigan Varsity Star, Expected to Win Some Points at U. of P.

New York, April 13.—That Carl Johnson of the University of Michigan, will be the outstanding individual competitor in the University of Pennsylvania relay carnival was demonstrated at the conference championships in Chicago a couple of weeks ago, when he won three events and did exceptionally well in each. In the 50-yard dash the young Wolverine equaled the world's mark of 5.25 seconds, and he later won the high jump, with 5 feet 11 inches, and the 90-yard hurdles in 8 seconds. Johnson, on the strength of these performances, could enter the 100-yard dash, the running high jump, and the 120-yard high hurdles in the special events at the relay carnival and stand an excellent chance of winning all three.

## IDAHO FANS READY FOR BOXING BOUTS

### Talk of Several Clubs in Air as 20 Rounds Become Legal in State.

Boise, Ida., April 13.—Idaho boxing fans are enthusiastically arranging for active resumption of the mitt game when the Johnson-Paraday bill, recently passed by the state legislature, becomes effective. The bill, which legalizes 20-round bouts, did not carry an emergency clause and, therefore, will not be operative until 60 days after its approval. Bouts will be held next month. Nick Collins, a local promoter, is organizing the Boise Athletic club. Directors of the club are discussing the advisability of erecting their own building.

Pocatello, Coeur d'Alene and Idaho Falls are to organize clubs, it is understood.

## SETTLE WITH WILLARD

Chicago, April 13.—Jack Curley and Tom Jones held a peace conference with Jess Willard, champion heavyweight pugilist, and settled their differences, it was announced tonight. It was understood the two managers settled for half the amount they sued Willard for in New York. The suit, which demanded \$20,000, was filed on the grounds that Willard had "fired" them, thus terminating a contract which they alleged had several months to run.

## NEW CLUB AT POCATELLO

Pocatello, Ida., April 13.—Organization of a county club is under way here and committees already are seeking a suitable location for the organization. It is planned to include a golf links, shooting traps, rifle range and facilities for swimming, as well as a gymnasium. It is expected that sufficient progress will be made in maturing the plans to admit operation, at least in part, this summer.

## ERTLE TO BOX HERMAN

Minneapolis, Minn., April 13.—Johnny Ertle, the St. Paul bantamweight, will meet Pete Herman of New Orleans, the bantamweight champion, in a 10-round contest here Monday, April 21. Ertle is training faithfully and critics are of the opinion that he has shown rapid improvement in his boxing.

Some men have lost all fear of hell since they have learned that a lot of the leaders of the Anti-Everything League expect to go to heaven.

"Wise up on tobacco," says Buck

"A lot of you fellows are cheating yourselves out of real tobacco satisfaction. That's what I get out of good old Gravely."

Good taste, smaller chew, longer life is what makes Genuine Gravely cost less to chew than ordinary plug.
