M'GOY FILES ARTICLES

Certificate of the articles of incorporation of the M'Goey Department Store was yesterday filed in the office of the county clerk by that firm. The company has a capitalization of \$36,000 and was organized for the purpose of buying and selling at wholesale and retail, general merchandise. Its corporate existence is fixed at 20 years and its principal place of business is Minot, N. D. The directors signing the certificate are Paul V. McCoy, C. H. Parker and J. L. Smith.

Zemo Clears Skin of Unsightly Eruptions

A CLEAN ANTISEPTIC LIQUID

For disfiguring, torturing and itching skin troubles, use clean liquid ZEMO and watch your skin troubles disappear. Eczema, tetter, blotches and most forms of skin trouble usually yield to the ZEMO treatment. ZEMO is clean and easy to use. No smear, grease or dirt. You will find this healing wash safe, efficient and economical for skin troubles. Any druggist will supply you with a 35c trial size, or regular size \$1.00 bottle of ZEMO.
If the skin is sensitive or tender, ZEMO SOAP should also be used. It is soothing and healing.

Plenty of Strawberries Today

Sandahl Grocery

PLENTY OF HELP IS NOW OFFERED

Affairs at the U. S. Employment Service during the past week have swung from one extreme almost to the other. At the beginning of last week the local office found itself flooded with demands for help of all kinds but most especially for farm hands, but these demands were satisfied by Saturday morning, making a clear calendar for the employment office. Sunday and Monday morning of this week found numerous requests and inquiries for work by farm laborers and skilled help. The local office is badly in need of positions to place such skilled men as pharmacists and the like. The fluctuation in the men looking for work is partly due to the number of soldiers who returned to this city last week and those men who have been holding off

work to give to the returned soldiers are urged to send their requests to the employment office as soon as possible.

Brand New Way to Remove Hairy Growths

(Actually Removes Roots and All)
The vexed question of how to completely banish superfluous hair has been solved at last! By means of the new phelactine process, the hairs entire, roots and all, come out before your very eyes—easily, harmlessly, "quick as a wink." It is so different from the depilatory, electrical and shaving methods, you simply must try it to fully appreciate its remarkable advantages.
Phelactine is perfectly odorless, non-irritating, non-poisonous—a child could eat it without the least injury. It leaves the skin so soft, smooth and hairless, no one could tell you ever had a moustache or other hairy growth. If you will procure a stick of phelactine from your druggist and follow the simple instructions, you will certainly be astonished and delighted with the result.—Adv.
