Big Horn People Ask for a Train Service
 Special to The Daily Tribune.
 Billings, May 16.—Petitions are being circulated at all points between Billings and Casper on the Burlington road praying for additional train service. Since the government took control, only one train each way daily has been operated, and the traffic is believed to be sufficient to warrant a second train. The one train is reported to make all stops necessarily, and more or less delay results, despite the slow schedule in vogue. This line taps the Big Horn basin between here and the Wyoming oil metropolis, as well as connecting with the Cody line at Franconia. The petitions are being signed well nigh unanimously, according to reports reaching this city. The Billings chamber of commerce at its recent meeting, endorsed the movement as well.

BUTTE PLANNING FOR PEACE CELEBRATION
 Patriotic People of Big Mining Camp Expect to pull Off a Monster Blow-Out.
 Special to The Daily Tribune.
 Butte, May 16.—Tentative plans are under way in Butte for a monster celebration when the peace treaty is finally signed and ratified by the United States congress. When this celebration takes place it is the idea of the general committee named by Mayor Tom Stodden to have all the Montana soldiers who have returned from service overseas come to Butte as guests of the mining camp in a state-wide demonstration of a home-coming welcome for the men who sacrificed everything, even to their lives, if necessary.
 Just at present the committee is endeavoring to ascertain what other large cities are arranging in the way of a celebration of the peace treaty signing, as it is believed that this event will be celebrated throughout the world, and the city of Butte proposes to do its share. Citizens here consider Butte the logical point to hold the state celebration, at which time it is also proposed to extend a state-wide home-coming welcome to Montana's war heroes, as it is said that Butte has contributed more men and more money than any other point within the state. More than 7,000 men from Butte entered the army and navy in response to the call to colors during the last war, and during the Victory loan drive Butte subscribed \$3,300,000, within three days' time, which was \$300,000 more than the city's quota.

He was called to Fort Snelling, Minn., to see if he had recovered so that he might receive his discharge or be detailed to remain in service. With the statement that he would not be reduced in rank, as is usually done in such cases, his Major Sheridan did not ask for his discharge.
 He has a host of friends all over the state, who will appreciate this recognition of his ability as well as his receiving the American distinguished service cross for bravery during important battles during the recent war with Germany. He was a captain when he went overseas, and had earned that title thru faithful service with the national guard of Montana and later with the second Montana infantry. He was elected head of the World War Veterans, when they organized in Helena and was appointed Governor Stewart as a member of the committee in this state to welcome the Montana boys home from service overseas and from the training camps.

WEST MONTANA BACK TO MOUNTAIN TIME
 Protests of Missoula People Result in Resumption of Old Division Lines.
 Helena, May 16.—The action of the interstate commerce commission in placing all Montana in standard mountain time was taken, it is presumed, as a result of a hearing held by an examiner of the commission at Missoula early in March on a protest of the commercial interests of that city, joined in by commercial organizations of practically all cities of the state, against the action of the commission in placing that portion of Montana west of Helena in Great Falls and Cut Bank on Pacific time. The old division was made at Paradise on the Northern Pacific and at Troy on the Great Northern.
 Missoula, as well as a number of other towns, flatly refused to adopt Pacific time and retained standard mountain time regardless of the fact that railroad employes had to go according to Pacific time. Confusion was caused and such a strong case was made out at the Missoula hearing in favor of the old zone boundaries, that it is presumed the order of the commission today restores the old boundaries, which virtually put the entire state, save for a few small stations, on Mountain time.

BENTON ODD FELLOWS ENTERTAIN IN HONOR OF SOLDIER MEMBERS
 Special to The Daily Tribune.
 Fort Benton, May 16.—The Independent Order of Odd Fellows had about 200 friends in their hall Wednesday night in honor of three of their members who have recently returned from overseas service. The soldiers were Joseph Gray, Ralph Russell and Howard Stocks. After an address of welcome by Arnold Westfall in behalf of the lodge, a fine banquet was served, which demonstrated that the wives and sisters of the Odd Fellows had not forgotten how to get up a "red" when the occasion demanded. The musical part of the program was furnished by Messrs. Smith, Simpson, Newall and Knowlton, Mrs. Leonard Morrow, and Misses Nell Murphy, Fristad and Eckles.
 Mr. Westfall, evidently one of the oldest of his fraternity, both in his address of welcome and in the capacity of toastmaster, proved to be an entertaining leader of program and kept the guests of the evening in a happy and even hilarious state for several hours. In response to the persuasive requests of the toastmaster a number of the guests' speeches expressing their satisfaction that the soldier members were back at home again. The honor guests also told of their appreciation of their welcome and their enjoyment again of the comforts of home.
 Don't Let It Linger.
 A cough that follows a gripe or any other cough that "hangs on" from winter or spring wears down the sufferer, leaving him or her in a weakened state unable to ward off sickness and disease. J. B. Gilford, 148 Fillmore St., New York City, writes: "I was suffering with a dry, hacking cough and a pain in my chest, but since taking Foley's Honey and Tar I have been relieved." It soothes, heals and cures coughs, colds and croup. Good for whooping cough. Great Falls Drug Co.—Adv.

The men will begin their work June 1 and it is expected that it will take them a year and a half to complete the classification. HE SWIMS ICY RIVER TO ESCAPE PURSUERS
 Suspected of Burglary Laurel Man Makes Break—Is Headed Off by Telephone.
 Special to The Daily Tribune.
 Billings, May 16.—After a desperate dash for freedom, which netted him only an icy dip in the Yellowstone river and a few hours of freedom, W. E. Harris was captured near Laurel and brot to Billings to await trial on a charge of burglary.
 Harris is accused of breaking into a residence in Laurel and rifling it of various articles of jewelry. He is said to have turned the house topsy turvy in his effort to uncover further loot which he could conveniently carry away.
 Harris was spotted by a deputy sheriff, and started to run. He made for the bridge across the Yellowstone, which unfortunately for him, was undergoing repairs and closed to traffic. The deputy and several citizens took up the chase.
 Arriving at a point on the bridge where the flooring had been removed, Harris turned, only to face his pursuers. Without an instant's hesitation, he plunged into the stream and swam to the south side. However, the telephone agents on the south side soon took Harris in charge. He was turned over to Quinn, the deputy, and brot to Billings.

Ford to Start Suit to Test Standing of Increased Fone Rates
 Helena, May 16.—Within the next few days Attorney General S. C. Ford, on behalf of the state of Montana, will start an injunction suit in the courts here against the Mountain States Telephone and Telegraph company and Postmaster General Burleson to restrain the company and Burleson from charging telephone patrons under the increased rate schedule peremptorily ordered into effect the first of this month, it was announced at the attorney general's office today.
 Mr. Ford will raise the point that these rates were put into effect without the sanction of the state utility commission and therefore are illegal. The same point has been raised in similar suits in other states that still are pending.

 Special to The Daily Tribune.
 Lewistown, May 16.—A sensational suit was brot by Gustav Moberg yesterday against Chris Olson to recover \$15,000 for the alleged alienation of his wife's affections. The plaintiff alleges that he was living happily with his wife in Canada when the defendant began his campaign to win her affections, eventually succeeding, so that she left with him in June, 1917. BOY'S TROUBLE COST THOUSANDS
 Suffered Since He Was Two Years Old—Gains 16 Pounds on Tanlac.
 "My nephew, James Hogan, who is fifteen years of age, has gained sixteen pounds on Tanlac and is now a robust, happy boy after thirteen years of awful suffering," said Miss Maggie Goldsmith, 250 Henry Ave., Memphis, Tenn. Miss Goldsmith has been connected with the Joe L. Ullathorne Seed Co., of that city for twenty-seven years and is a stockholder and director in the company.
 "Ever since James was two years old," continued Miss Goldsmith, "he has been afflicted with stomach trouble. Two or three hours after eating, especially the evening meal, he would begin to complain of severe pains in his stomach which would increase until he would go into convulsions. These spells would come on five or six times a month and last about thirty minutes and he would be unconscious for an hour. Some said he had heart trouble and others said it was vertigo. His condition kept him down to almost a skeleton and it was pitiful to see how he suffered."
 "His mother took him to St. Louis, and many other places for treatment, and we spent thousands of dollars trying to find some relief for him but it was all to no avail."
 "But all that awful load of anxiety and worry has been lifted. James is now a well and happy boy and is going to school, and a few bottles of Tanlac did it. He always complained of having to take other medicines, but he seemed to like Tanlac and since taking five bottles he is sixteen pounds heavier and doesn't look like the same boy. He wants to eat all the time and can eat anything without it hurting him. It makes us rejoice to see James well and stout and enjoying life like other boys. We are not looking for notoriety, but for the sake of suffering humanity, we are willing to give our unqualified endorsement for Tanlac."
 Tanlac is now sold in Great Falls by Model Rx Pharmacy, 312 Central Avenue, and Cascade Rx Pharmacy, 110 Third street south.—Adv.
