

RICH SILVER ORE FOUND IN NEW MINE AT PHILPSBURG

Car of Ore From Scratch Awl Ground Nets Producers About \$13,000.

Special to The Daily Tribune. Butte, May 22.—The renewed prospecting in the Phillipsburg section has resulted in the opening of what promises to be a new silver mine on the edge of the older silver district.

For some months three leasers have been working on a shaft on the Scratch Awl ground and during the latter part of March some good ore was opened in a short cross-cut from it.

The leasers had a bond on the property when they started work which has been taken up so that they now stand to clean up a small fortune apiece from their find.

Specimens from the car which Nevling is displaying in Butte for a large part native silver and many assays running into the thousands of ounces have been made from the ores recently taken out.

It is said there is a large amount of prospecting under way in the Phillipsburg section and new silver ores are being uncovered in many places.

DEFICIENCY BILL TO PAID FIGHTERS PASSED IN JIFFY

Measure's Passage Used in House to Exchange Recrimination.

Washington, May 22.—Passage by the house, late today, of a deficiency bill providing urgent appropriations of \$45,044,500 for war risk allowances to soldiers' and sailors' families and civil war pensions made another speed record for the new house, which yesterday adopted the woman suffrage resolution.

The measure authorizes appropriations of \$39,615,000 for allowances due May 1 and June 1 to about 700,000 families of soldiers, sailors and marines, \$3,000,000 for delayed civil war pensions and \$2,429,500 for administration of the war risk insurance bureau.

The bill was passed without a dissenting vote after considerable discussion, republicans and democrats making counter-charges of responsibility for delay in payment of the family allowances.

Representative Byrnes, of Tennessee, ranking democrat of the appropriations committee, charged that republican senators thru their filibuster of last March were responsible for holding up the war risk allowances. The Tennessee representative declared the republicans now should "remedy the wrong" and urged that the bill be passed at once instead of being put over until tomorrow, as proposed by Representative Good of Iowa, chairman of the appropriations committee.

CASE IS CONTINUED THRU INABILITY TO GET A JUDGE

Special to The Daily Tribune. Lewistown, May 22.—It was found necessary today to continue the trial of the case of Robert Fergus against J. B. Fitzpatrick and others, the most important action on the calendar. Judges Ayers and Briscoe are disqualified in this case and it was found impossible to secure an outside judge at this time, all of them having been wired to the action arising over Mr. Fergus' large subscription to stock in the Title Guaranty company, promoted by the defendants, fraud being alleged by Mr. Fergus.

STARVED REFUGEES EXIST BY ROBBING GRAVES FOR FOOD

Howard Heinz Wires Hoover of Terrible Plight of 500,000 Armenians.

Constantinople, May 22.—Starvation and misery prevail among Armenians refugees in the Caucasus region, according to a telegram sent to Herbert Hoover, in Paris, by Howard Heinz, Armenian food commissioner for the near east, who is in this city.

Mr. Heinz says that food for 500,000 in that territory will have to be provided by outside sources for another year. "Regarding reports of cannibalism which have come out of this district from Constantinople," said the telegram, "I have been forced against my will to believe these reports to be true. I saw with my own eyes mutilated arms of corpses which have been exhumed from newly made graves. I did not see anybody who had actually witnessed the eating of human flesh, but there is so much circumstantial evidence that I personally came to believe it true.

FAILED TO COME TO PRISON, SO LAW SEEKS THEM OUT

Tacoma, May 22.—Morris and Joe Pass, convicted of seditious conspiracy in Seattle, were received at McNeil island federal prison, last night, to serve their two-year sentences. Failure of the two men to report for incarceration Tuesday, as they had promised to do, led the federal district court to issue an order for their apprehension and commitment.

ENDING OF WAR WITH AN END TO FOREIGN DEMAND FOR COPPER

Virtually No Export Business Now—Anaconda Officials Talk of Conditions.

Butte, May 22.—John D. Ryan, who resigned as assistant secretary of war late last November, chairman of the board of directors of the Anaconda Copper company, and C. F. Kelley, president of the company, arrived this morning at six o'clock on a special train over the Chicago, Milwaukee & St. Paul railroad. They will remain in Montana long enough to inspect the various properties and plants in this state of the Anaconda and Montana Power companies. Mr. Ryan has attended the annual meeting of the company at Milwaukee on Tuesday. In the party were A. J. Earling, P. A. Rockefeller, E. S. Harkness, S. T. Fisher and Stanley Field, all directors of the Milwaukee and U. E. Bryan, federal manager of the copper. All of the party excepting Mr. Ryan and Mr. Kelley started back to New York from Butte this morning.

Speaking of the copper industry today Mr. Ryan very frankly said that the future of the metal depended in large measure upon conditions in Europe. "The copper business," he said, "is somewhat better than it was in the four or five months following the signing of the armistice, but, of course, about one half of the normal production of copper in this country has always been exported to Europe and there is virtually no foreign business today. Consumption is only about half what it is in normal times and I do not think it will be increased until European conditions are settled and the industries over there approach a normal basis. When European industrial conditions are going to require copper or any other of our raw materials is a question that is very difficult for anyone to answer at the present time. I do not pretend to be able to do it.

ASKS \$30,000 DAMAGES BUT THE JURY CUTS HIS CLAIM DOWN TO \$300

Special to The Daily Tribune. Lewistown, May 22.—In the \$20,000 damage suit brot by Francis Huotte, thru his mother and guardian, Elizabeth Huotte, against G. W. Orman, the jury last night returned a verdict for the plaintiff for \$300. This amount represents about what the bill of the physicians was for treating the boy, he had been hit by a bullet from a 22 calibre rifle, accidentally discharged in Mr. Orman's hands on Nov. 24 last. The rifle had fallen from a vehicle into the snow and when Mr. Orman picked it up and was cleaning away the snow, it was discharged. The boy was standing on the sidewalk and was struck by the bullet and in this action, claimed that Orman was negligent and also that his injuries were permanent. Mr. Orman before the action was brot, offered to pay the amount of the doctor's bill, so that the verdict is in effect, a victory for the defendant.

PITTMAN URGES INSTANT RATIFICATION OF TREATY

Washington, May 22.—Ratification of the peace treaty is declared when it is presented to the senate today by Senator Pittman, democrat of Nevada, who said amendment of the covenant of the league of nations would mean rejection of the whole treaty and the proposing of a new one.

Catarrrhal Deafness and Head Noises

TREATS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach, you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist, 1 ounce of Parment (Double Strength). Take this home and add to it 4 pints of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly 90 per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

LITTLE FRENCH REVOLUTION IS ON IN BUDAPEST

Many Victims Executed Day and Night; Girls Cast Into Danube.

Vienna, May 22. (By The Associated Press).—Many persons accused of being counter-revolutionists are being executed in Budapest by the Hungarian communist, according to dispatches received here. The victims usually are shot in front of the Hungarian parliament house in the day time or in the public school yard in the Markstrasse at night.

Among those who are said to have been executed are Herr Holan, manager of the Kaschau-Oderberg railroad; Bishop Balthasar, a hostage from Debreccen, and Colonel Dormany, of the general staff, who was taken from a hospital.

Several girls who were accused of making tri-colored rosettes for counter-revolutionists were also executed. The presiding judge of the revolutionary tribunal which orders the executions, it is said, is a former locksmith, 22 years of age.

Many bodies of men and women and girls of the better classes have been found on the shores of islands in the Danube. It is reported they were arrested in the better quarters of Budapest and were thrown into the Danube by guards who were taking them to prisons in Pest.

French colonial troops, the reports add, are expected to move on the city from the south. White guards and

To Wash Away Those Wrinkles and Crowsfeet

If your face is disfigured with wrinkles, no matter what the cause, you can quickly dispel every line, even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered saxolite in a half pint which hazel-ingredients found in any drug store. Bathe the face in this, and presto!—you scarcely believe your own eyes when you look into your mirror and behold the marvelous transformation!

The remarkable astringent action of the saxolite so tightens the skin, wrinkles are literally pressed out. Best of all, this result is not purely temporary, for the lotion also has a healthful tonic action, which tends to strengthen and tone-up the weakened tissue, and added benefit may be expected with continued use. Use this once a day for a while; it cannot injure the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance.—Adv.
