

SOLDIERS TESTIFY FORD HELD PLACES OPEN FOR RETURN

Even Sent Messenger to Tell Them Editorial on That Point Was Lie.

Mount Clemens, Mich., May 27.—Thirteen former soldiers testified for Henry Ford, in his \$1,000,000 libel suit against the Chicago Daily Tribune, in Judge Tucker's court today.

Their testimony, in effect, refuted charges made in the alleged libelous editorial saying, "Ford is an anarchist". The editorial stated Mr. Ford would not pay his employees who went with the national guard to the Mexican border and would not care for their dependents nor hold their positions open for them until they returned.

The plaintiff added that he did not pay salaries of his men while absent, but denies that he deserted their dependents and asserts that the position of the guardsmen were open.

Those who testified today were in Mr. Ford's employment when the national guard was mobilized in 1916; all joining the colors and all testified that they were reinstated in their old positions or better ones, without discrimination when they returned.

According to Walter P. Johnson, one of the witnesses, Mr. Ford sent an emissary to look up Ford employees in the guard, to reassure them that the editorial statement, that their jobs would not be held for them, was untrue.

In Peace and War Use ALLEN'S FOOT-EASE. A prominent British Government officer, in a speech about the war to a large body of business men in N.Y. City recently said: "After the tired soldier has returned from a 12 mile tramp with swollen and aching feet, is there a mother, who, if she knew, would not go out and get some Foot-Ease to send to her boy?"

People everywhere should realize the comfort derived from Allen's Foot-Ease, the antiseptic, healing powder to be shaken into the shoes. It takes the friction from the shoe and gives instant relief to tired, aching, swollen, tender feet, corns, bunions, blisters and callouses.

The Plattsburg Camp Manual advises all men in training to shake Foot-Ease in their shoes each morning. Try it yourself and if you have a son, brother or friend in the army or navy, why not mail him a package now. Sold by drug and dept. stores everywhere.
