TICKETS ON SALE TODAY TO THE BIG MUSICAL HIT

At noon today tickets will go on sale at the box office of the Grand opera house for the appearance there on Sunday and Monday nights of "My Soldier Girl," a delightful musical show. This many novel features offered in "My Soldier Girl" break right from the rise of the curtain when a gorgeous stage setting shows the Folies production on the roof of the New York theater, with a grand illumination of New York City in the distance. In rapid succession follows the novelty "Flirtation Walk," an illuminated runboard extending out into the audience where clever dances are introduced by bewitching beauties, the aerial flight, girls aviation corps, the aviation field at Miami, Fla., novel drills and dance ensembles, the "pony" ballet from the roof of the New York theater, and the last act in this big military spectacle presents a tableau of battlefield, "Somewhere in France," depicting its terrible desolation. This scene dissolves to liberty forever, presenting a timely and inspiring military finale. There are some 20 big song successes, among which "My Soldier Girl," "Just for You," "Jasper's Ragtime Band," "Take Me Home With You," and "I'd Feel at Home If They'd Let Me Join the Army," are the big hits.

Representative John A. Wilson, of Stanford, is a business visitor in the city. Charles M. Russell, left yesterday morning for Choteau where he will spend a few days attending to business matters. With Mr. Brown were Horace Brown, Sam Moysen, Bruce Tanghill, S. Tanghill, Miss Woods, A. Costello and Irene Lynch, all of Butte. The return trip to Butte will be made today.

DEATHS AND FUNERALS

CARD OF THANKS. The W. H. George Co. in behalf of the numerous relatives and friends whom we took to Highland cemetery on Memorial day wish to express their very hearty thanks to Mr. W. F. Spence the sexton for his many courtesies and assistance in locating graves of departed relatives. We wish also to thank the Cemetery association for the kind way that they furnished us with the numbers of the lots and graves. We also feel very grateful to the different friends who so generously assisted us in transporting relatives to the cemetery by donating their cars. The little motherless and fatherless children who were taken out to visit and place flowers on their parents' graves wish to express their heartfelt gratitude for the many kindnesses shown them.

Service is the keynote of success of the W. H. George company funeral home, and it is the attention and consideration for the families of those afflicted by the hand of death that has made our chapel one of the most interesting as well as one of the most serviceable of the institutions of the city. The W. H. George company has reached a very high standard of excellence. Nowhere in the country, perhaps, is there a more complete equipped undertaking establishment. The management extends a cordial invitation to visitors and we will be pleased to explain any of the details connected with our efficient service. Day and night phone 235 W. H. GEORGE CO. BIG COUNTRY HIT BY RAIN

Except Extreme Eastern End of State Rain of Thursday Covered All Farming Sections.

An immense territory was benefited by Thursday's rain. Between Cut Bank and a point a short distance east of Havre, on the main line of the Great Northern, and between Shelby and the Musselshell river, on the branch running to Billings, and over the entire length of the Butte branch, there was a general precipitation, fully as heavy and, in many places, heavier than received in the immediate vicinity of Great Falls. The section receiving the most moisture, according to reports coming in yesterday, was along the "high line" between Havre and Cut Bank, where water fell in greater volume apparently than at any other place in the affected area. This territory was hardest hit by the drought that ended with Thursday's rain, but the report is that, with the possible exception of winter wheat, all crops are now in condition to mature satisfactorily if a normal rainfall is granted during the remainder of the season. Between Great Falls and Havre there was an extremely heavy downpour and the big stretch of cultivated land between this city and Belt came in for a thorough soaking. At Wolf Creek, Cascade, Conrad and Brady, the fall corresponded rather accurately with that received in Great Falls and much good was done to the range land penetrated by the Millegan road on the other side of the city. In the Judith Basin, there was a good rain, the light portion of the storm striking the immediate vicinity of Lewistown. East and north of that city, in the Roy, Winifred and Winnet sections, as much moisture fell as at any other place, and to the west, in the country served by Denton, Stanford and Hobson, the precipitation was also good. The Geyser country received a splendid drenching. From Judith Gap to Cushman and swinging east along the south side of the Snowy mountains, where is located one of the big wheat raising sections of the state, the rain was as heavy as in the Judith basin. Farther west, in the region of Harlowton, the rain is reported to have been general. The consensus of opinion in all quarters is that if the rains of Thursday prove to be the beginning of the "June rains," spring grains of every description will this year return yields of the variety that has made Montana famous as an agricultural state. No damage, it is agreed, has been done to any grain except winter wheat, and a great percentage of this grain is unharmed. In many places, winter wheat had started to head out before the drought was broken. But something more than half, according to estimates, had not yet reached the jointing stage. Throughout the Judith basin the condition of winter wheat averages up well with that of spring grains, according to reliable reports.

MARS TELLS OF RAINS

According to a telegram received by The Tribune last night from John Mars, of Sioux Falls, enormous rains have been falling there insuring 100 per cent crops. Mr. Mars states that the crops in the surrounding country are in excellent condition and the rains have been sufficient to keep them up for another 30 days.

FIREMEN CALLED OUT

Great Falls firemen were called to 215 Second avenue north at 11:40 Friday forenoon. The structure was occupied by W. O. Worner and the cause of the alarm was an overheated furnace. There was no damage done and the services of the department were not needed.

CHOPE VISITOR IN CITY

Thomas J. Chope, a representative of the Anaconda Copper Mining company, arrived in Great Falls yesterday from Butte. Mr. Chope is associated with the Anaconda company's labor department.

CAPTAIN M'CLELLAN HERE

Captain Robert McClellan, national Salvation Army secretary for young people with headquarters at Denver, will arrive in Great Falls today and this evening and tomorrow will conduct services at the local citadel.

CUPID LURES GREAT FALLS COUPLE TO HELENA

Helena, May 30.—A marriage license has been issued here to John Brown, 34, and Leona B. Blythe, 31, both of Great Falls.

HALL'S CASE PRECARIOUS

Word reaching Great Falls yesterday from Lewistown concerning the condition of former Railroad Commissioner John H. Hall was far from encouraging to Mr. Hall's friends. It was stated that it is regarded as certain that he can not win the fight against the disease and that it is merely a matter of how long he can stave off the inevitable end.

CARTER SERGEANT MAJOR

Word has been received from France by the mother of William Carter, residing on the West side, that her son has been given recognition in the service by promotion and is now battalion sergeant major to which rank he was promoted April 23. Carter left Great Falls August 6, 1918, and landed in France, November 9, 1918, as a first class private. He is now stationed at Brest.

NORTHERN TOOLE COUNTY GETS HEAVIEST RAIN IN PERIOD OF TWO YEARS

Sweet Grass, May 30.—One of the heaviest rains to fall in this section over two years started Wednesday night about 10 o'clock and continued up to a late hour Thursday. While the crop in this immediate vicinity were not in grave danger and could have stood the hot weather for another 10 days, the big soaker will make the grain grow in leaps. Several small showers to forepart of the month had kept the crop in excellent shape. Northern Toole county has a larger acreage of wheat than ever before; most of the grain out of the ground and an early bumper crop is predicted. Old time claim this was the warmest rain ever visiting this part of the country.

U. S. NAVY TO RESUME INTENSIVE RECRUITING

Washington, May 30.—To prevent a navy from being left in a crippled condition when the peace treaty is signed, automatically releasing 150,000 men from service, the Navy department is planning to wage an intensive recruiting campaign as soon as congress determines how large a navy will be authorized.
