**GRIFFITH WINS REFEREE
DECISION OVER THORPE**
Denver, May 30.—Johnny Griffith, lightweight boxer of Akron, Ohio, won referee's decision over Harvey Thorpe, of Kansas City at the end of their fifteen round bout tonight.

**33 Cars to Start
in Indianapolis
Auto Race Today**

Try-Outs Have Shown Speed of
104 Miles; Winner Gets
\$20,000.

Indianapolis, May 30.—Everything was in readiness, tonight, for what many believed would be the greatest automobile racing event in history, tomorrow, when 33 cars will start on a 500-mile race at the Indianapolis Speedway. The starting signal will be given promptly at 11 o'clock and experts have estimated the 500 miles will be completed shortly after 4 o'clock. In the try-out trials, no car made less than 80.5 miles an hour and the speed ranged to 104.7 miles.

The event has lost none of the international character it had assumed before the war. American drivers and machines will be pitted against foreign drivers and machines, all of whom are experts. Virtually all of them have won hard long races, and three of them, Jules Goux, Rene Thomas and Ralph De Palma, have each won one of the 500-mile events held here. So far, De Palma holds the speed record, having averaged 89.85 miles an hour in 1917. The winner will receive a purse of \$20,000, second place will get \$10,000 and the next eight will receive purses ranging from \$7,000 downward. The total of the awards is \$50,000. The race will be run over a brick-paved track, 2 1/2 miles to the lap.

**Four Preliminaries
as Curtain Raisers to
Willard and Dempsey**

Toledo, May 30.—There will be four preliminaries to the world's heavyweight championship contest between Jess Willard and Jack Dempsey July 4. Ad. Q. Thacher, matchmaker for the Toledo Athletic club, announced tonight. The huge arena will be opened at 9 o'clock in the morning and the first preliminary match will be started at 11 o'clock. There will be a match every hour thereafter until Willard and his youthful challenger climb into the ring at 11 o'clock.

Dempsey entertained a capacity Memorial day crowd this afternoon. There were more women visitors in camp than men. The challenger tugged at the weights, puffed the bag until it broke from its moorings and then boxed four hot, but Manager Jack Kearns decided to have Dempsey do his boxing it heat of mid-afternoon to harden him.

THREATENS STRIKE OF 300,000 TO GET 100 BACK ON WIRES

Discharge of Hello Girls at Atlanta Turned Into Nationwide Menace.

Washington, May 30.—According to announcement by F. H. McDowell, chairman of the legislative committee of the Washington district council, President S. Konekamp of the International Commercial Telegraphers' union, tonight sanctioned an ultimatum, sent today, to officials of the American Telephone and Telegraph and other wire companies at Atlanta, in which a nation-wide strike of members of the telegraphers and electrical union workers is threatened unless a number of telephone operators recently discharged in Atlanta and vicinity are reinstated by noon Monday. The strike, which would at the start involve more than 300,000 commercial telegraphers and telephone workers throughout the country, it was said, would be called as a protest against action of the companies in discharging about 100 girls employed at Atlanta, as operators, because they had affiliated with the Commercial Telegraphers' Union. It would become effective at 3 p. m. Monday.

The companies affected would include the Postal, Western Union, leased wires of press associations and all telephone companies who employ members of the International Brotherhood of Electrical Workers and the Commercial Telegraphers union.

Members of the unions say the action of the companies in discharging the Atlanta operators is in direct violation of instructions issued by Postmaster General Burleson and that the strike is proposed as a "show-down".

BRISKER MARCHERS PUT NEW LIFE INTO N. Y. MEMORIAL DAY

Thousands Review Men of Three Wars Parading Up Riverside Drive.

New York, May 30.—New York today paid grateful homage to veterans of three wars—bent figures in blue and gray who won lasting glory in the days of '61, men in the prime of life who shouldered guns in the clash with Spain and youngsters who experienced the awful horrors of modern war in Flanders and France.

It seemed as if the line which moved this Memorial day up Riverside drive stepped more briskly than in years past. Perhaps it was the younger generation, bronzed and rugged after its service overseas, that caused aged comrades of another war to move along more jauntily.

Thousands reviewed the column. The thinning ranks of blue, growing ever thinner thru the years, showed today how inevitably age must give way to youth before time's attack. Khaki attire, far outnumbered the uniforms of blue, as members of the American Legion, turning out in full force, marched proudly even reverently, with older warriors.

Governor Smith, Mayor Hylan and Major General John F. O'Ryan, with an honor guard from the veteran corps of artillery and the old guard of New York, reviewed the parade at Nineteenth street. Following the parade exercises were held in various parts of the city, the chief being those at the soldiers' and sailors' monument and Grant's tomb.

At Grant's tomb, 700 persons joined in the Memorial services, among them Mrs. Frederick Grant, daughter-in-law of General Grant.

An impressive ceremony was held in Pershing square, where flowers were strewn on 12 mounds of earth, marked by wooden crosses, symbolic of the thousands of American graves in Flanders fields.

In Battery park, Archbishop Patrick J. Hayes of the Roman Catholic diocese of New York, celebrated a military high mass.

In the Memorial day parade in Brooklyn, marched 250 mothers whose sons fell in the field for democracy.

16,000 HOME ON MEMORIAL DAY.
New York, May 30.—More than 16,000 officers and men of the American expeditionary forces arrived in New York on Memorial day.

**RECORD LAUNCHING
AT HOG ISLAND; FIVE
SHIPS ARE FLOATED**

Philadelphia, May 30.—Establishing a world's record in ship launching at one time in merchant yards, five 2800-ton cargo ships slipped off the ways at Hog Island in 48 minutes, today, before a Memorial day crowd estimated at 100,000.

GIRL SEEKS SEAT IN TRANS-ATLANTIC FLIGHT; IS REFUSED

Alcock Startled by Request of Miss Who Tried to Enter Army Air Service.

St. Johns, N. F., May 30.—While the Vimy-Vickers, Handley-Page and Martinsyde entries in the London Daily Mail's \$50,000 trans-Atlantic flight contest labored today, to get their machines in shape for a "hop-off", the aviators were startled by receipt of a request from a 19-year-old American girl that she be carried overseas as a passenger in the Vimy-Vickers bomber to be piloted by Captain Jack Alcock.

The girl is Miss May Kirtson, of Erdenheim, Pa. With her application she volunteered the information that she had three brothers in the American army and that, although she had been rejected by the air service because of her sex, she wished to prove that an American girl is not afraid to brave the dangers of a trans-Atlantic flight.

Alcock announced he would have to disappoint Miss Kirtson, as his plane is only a two seater.

ALASKA RAILROAD IS TO BE RUSHED TO INTERIOR WATER

Appropriation of \$1,964,350 Approved; Means Closer Placer Yield.

Washington, May 30.—Early completion of the Alaskan railroad to the navigable waters of the interior is necessary for the success of the entire railroad construction program in the territory undertaken by the government, according to J. L. McPherson, engineer of the Alaskan engineering commission.

"The success of the entire project," Mr. McPherson told the house appropriations committee, is dependent on its early completion to the navigable waters of the interior. This is necessary to make it possible for those pioneers in the interior to build homes and industries and attract other pioneers to that region.

**FOLLOWING THE RAINS
HAVRE WILL GO AHEAD
WITH STAMPEDE PLANS**

Special to The Daily Tribune.
Havre, May 30.—"This is all I have been waiting for," said Jack Mabee, Thursday evening when the big rain began falling, "to make further announcement of the Stampede to be held in Havre for three days in July. Now that we have got the big rain and every prospect for a good year I can see no reason why we should not have one of the best Stampede's ever put over this season."

Jack Mabee is the promoter of the Havre Stampede as well as president of the association. All during the winter months he has been busy securing attractions for the big show in Havre this year and has an excellent bunch of riders lined up. Not only has the best of wild west talent been secured but various other amusement companies have been contracted for and they will be here for the three days celebration.

The Great Northern Montana Stampede association will open their office in Havre this week and the work of properly advertising the coming event will be taken care of but the committee having in charge the advertising campaign will be until the Friend Wife has worn the trousers part of his intimates and gone out, and he can't get hers fastened around his waist.

**WAR ROMANCE
WITH A PUNCH**

"The Heart of Humanity" Thrills
and Immensely Pleases at
Palace.

A gigantic catalogue of human emotions, bound together by events of the world war, a romance of incidents many will say has never been excelled on the screen, an example of sacrifice, a portrayal of all that is good as well as all that is bad in men and women—this and more is "The Heart of Humanity," Allen Holubar's wonder-work, the great film production which opened a three-day engagement at the Palace theater last night. The first night's crowds were seldom have an opportunity to be by a motion picture, and there will be many for whom one showing will not be enough.

The keynote of "The Heart of Humanity" is love overcoming everything, love triumphant, love militant, love maternal, love fraternal, sweetheart love, husband and wife love—love which thru seldom have an opportunity to be by a motion picture, and there will be many for whom one showing will not be enough.

Two shows will be given this evening at 7:15 and 9:15 with special matinee and evening shows Sunday.—Adv.

**Great Falls Concern
Given Contract for
Harlem School House**

Special to The Daily Tribune.
Harlem, May 30.—The trustees of Harlem school district, at a special meeting held last Thursday night, awarded the contract for the new high school building. The cost of the building when completed will be a little over \$35,000. Leighland & Kleepe, of Great Falls, was awarded the general contract for \$28,482. The plumbing and heating contract went to Elmer Johnson, of Glasgow for \$6,496. J. D. Carnegie was awarded the electrical contract for \$645. The finish hardware contract went to Murphy-McCay Hardware company of Great Falls for \$300. The Northern School Supply company of Fargo was awarded the contract for the slate blackboards at 42 1/2 cents per square foot.

Mr. Leighland, who was present states that he will start the work on the building just as soon as he can get things lined up. He already has let the contract for hauling the gravel to a local man and expects to use all the local labor and material that he can get at the right figure.

The building when completed will be a real up-to-date high school building in every way and one that the citizens of Harlem will have a right to feel proud of.

Now that the time has come to take 'em off, we notice with dismay that the girls are to wear knee-length undergarments this summer, just like big brother wears. Gosh! There will be many a mix up when Friend Husband discovers that Friend Wife has worn the trousers part of his intimates and gone out, and he can't get hers fastened around his waist.
