### ARE SUSPECTED OF TAKING \$100

Four Held at City Jail to Await Developments—Four Others Pay Fines.

Willis Calkins, aged 33, a farmer; May Horer, aged 25, chambermaid; Dave Nigreen, aged 37, laborer, and Lawrence Pisol, aged 25, laborer, are detained at the city jail suspected of knowing something about the disappearance of \$100 which John McShane, a rancher, alleges he lost in the Winston hotel in this city. McShane has been asked to appear as a witness when the affair is aired out in police court, no time having been fixed last night.

Four paid fines in police court on Friday. Frank Adams, aged 33, and Jim Kelly, aged 30, laborers, arrested on the night of June 5 on the charge of having been drunk and creating a disturbance, paid \$25 each and were released. These men had previously been fined \$100 each and being unable to pay were committed to jail to serve sentences. The intervention of a former employer who stated the men had always been of good character and that he never heard of them having had anything to do with the others prior to the time, caused Police Magistrate Raban to give them another chance.

John Clark, aged 24, taxi driver, charged with having assaulted F. S. McConky, on the street, was fined \$25 which he paid.

Gerald Ditto, aged 19, charged with reckless driving, paid a \$10 fine. George Becker, aged 21, who is charged with forgery, it being alleged he found a check for \$85 and cashed it as his own at the Palace bar, was on Friday transferred from the city to the county jail where he will await an investigation to be made by the county attorney.

### WANTS HIS LAND RETURNED TO HIM

Michael Flood Files Suit in Court, Alleging Violation of Sales Contract.

A contract suit, in which Michael Flood is the plaintiff and Lida B. Estill, John R. Thomas and Henry Reise, defendants, has been filed with District Court Clerk George Harper.

Flood alleges in the information that on April 8, 1916 Lida B. Estill entered into a contract with him, agreeing to purchase approximately 663 acres of land and the equipment thereon, including wagons, sleighs, plows, tools, etc. The price was fixed at \$11,432 and \$1,800 was paid down, the agreement being that \$1,688.22 should be paid to Flood every year for six consecutive years, commencing April 8, 1917, in payment of the remainder of the contracted price. Six per cent interest was carried.

The purchaser also, the information states, consented to pay all taxes that happened to be due and payable on the property at the date of drawing up the contract, including two-thirds the taxes for the year 1916. The plaintiff alleges that only the original \$1,800 payment and one \$1,700 payment have been paid to date and that the defendant has violated a clause in the contract. He seeks judgment for \$3,923.11 still due him, \$1,000 as attorney fees, \$205.00 for taxes he alleges he was forced to pay and which should have been paid by the first named defendant and interest at 6 per cent from December 1, 1918.

He further claims that Thomas and Reise are now in actual possession of the land at issue and that they purport to have an interest in it. He states that notice for them to leave has gone unneeded and asks judgment against them, speculating their claim on the land and evicting them therefrom.

### COUNTIES GETTING READY FOR BONDS

Northwest Montana Better Roads Association Stirring Real Interest in Campaign for Improvement.

The work of the Northwest Montana Better Roads association is progressing rapidly and in a very short time, President Scott Leavitt, plans to have business of the organization well under way in all the counties of this division.

Mr. Leavitt yesterday received word from J. C. Morgan, executive board member for Teton county that steps are being taken in Teton county to call a bond election for \$150,000. This matter will also be taken up with the county commissioners by James Eckford, ex-board member for the Y-G Bee Line association and by Mr. Morgan.

Another telegram followed closely on the heels of the former and was from A. W. Swaney of Kallispell, chairman of the county commissioners and also executive board member of Flathead county, stating that action was taken on May 31, in the county, ordering the submission to a special 5 mill tax levy for the county to be used for road construction. Flathead is one of the counties that is already bonded to the legal limit thus making a special mill levy the only possible way to provide the amount necessary for the better road construction.

### MAY RECORD FOR THE LAND OFFICE

Business Runs Along Steady When Compared to Normal Conditions There.

May 1919 in the U. S. Land Office found it impossible to live up to the record established at the local office during the same month one year ago. During May 1918 there were 180 entries for filings and \$69,91 for receipts as compared with 3,421 entries and \$57,790.17 for May 1918. This would at first seem a terrible decrease in the local office but May, a year ago was the month when so many people from all parts of the United States were casting their lot for a piece of the land in the Teton strip opened then by lottery and the figures for the month were abnormal.

The filings and receipts for May as compared with the filings for April show very little increase or decrease.
