

EMPLOYMENT SERVICE PLACED 4,574,278 MEN

Total of 6,578,086 Applicants Directed; Six States to Report.

Chicago Tribune Service. Washington, June 11.—Nearly 6,000,000 persons were directed to employment by the United States Employment Service from its organizations January, 1918 to May 24 last. Of this total over 4,500,000 themselves, or thru their employment reported back to the service that they had been placed.

Figures made public by the department of labor show that in this period, and with the returns from April and the first three weeks of May not yet complete, 6,578,086 persons applied at the offices of the federal employment service for employment of all kinds from unskilled labor to positions calling for men and women of professional and technical training. Of this number 5,979,233 were directed to positions and 4,574,278 reported placed.

With returns from six states missing during the week ending May 24, the United States employment service placed 52,000 persons, of whom 42,826 were men and 9,174 were women. Of the male placements, 12,654 were soldiers and sailors. Illinois is among the states which did not report.

GERMAN REBUFF

(Continued from Page One)

print. A tentative draft of the frontiers of Hungary has been prepared for submission to the council of four, but there is no expectation that the council will begin serious consideration of the Hungarian settlement until the expected changes in the Austrian and German pacts are out of the way.

In French circles it was said today, that the treaty, as again submitted to the Germans, will be much less altered than has been generally supposed. It was indicated that France was still determined not to agree to any material changes.

Premier Clemenceau is especially firm in his refusal to agree to the admission of Germany to the league of nations immediately. The French hold that they understand German psychology better than the allies and realize what the increasing arrogance of the Germans during the last two weeks means. They say they appreciate how much this arrogance would be increased if the peace conference should yield to the German demands for immediate admission to the league. The French, it is understood, are willing that the Germans should be admitted later, but insist that this admission must not be in compliance with what they term "Germany's present haughty demand."

Raid on Dishmon Ranch Nets 600 Gallons Whisky

Missoula, June 11.—Sheriff Hogue of Ravalli county with Sheriff Green of Missoula deputized to act with him today, raided the Ora Dishmon ranch, just south of the Missoula-Ravalli boundary line today and confiscated approximately 600 gallons of whisky. Dishmon is one of five men recently arrested in connection with the sale of 81 cases of the liquor, which was taken just outside the city when a motor truck broke down. He is now at liberty on bonds of \$250 on the former charge of importing liquor into the state from Wyoming.

Today's confiscation was taken to Hamilton by Sheriff Hogue. Reuben Dishmon and Ora Dishmon, brothers of Ora. F. H. Riley and W. J. Himes, are out on bonds as the result of the earlier seizure.

Bolshevik Capture Ufa After Three Days of Terrific Fighting

London, June 11.—Bolshevik forces on Monday captured Ufa, one of the cities recently taken by the troops of Admiral Kolchak, after three days of sanguinary fighting, according to a Russian wireless dispatch received here today.

PRAISES REMEDY THAT CORRECTED HER RHEUMATISM

This Indiana Woman Urges Victims of Disease to Try Dr. Williams' Pink Pills.

Theories of the cause of rheumatism are numerous. Out of the great mass of material on the subject it is found that there is general agreement on one thing, namely that rheumatism is invariably accompanied by thin blood. It follows that the logical treatment for rheumatism is a tonic that will restore the quality and quantity of the blood.

Mrs. Ida M. Pruner, of No. 1952 North 25th Street, Terre Haute, Indiana, is a living witness of the soundness of this method of treatment. She says: "I had a severe attack of rheumatism which resisted treatment. My blood became run down and weak, my appetite was poor and my stomach seemed incapable of digesting food. The pain was so great that I couldn't sleep well and I tired easily at my work.

"Years before I had taken Dr. Williams' Pink Pills with decided benefit for an attack of neuralgia and it occurred to me that they might again prove friends in need. I began the treatment and in a short time I could see that they were helping me for my stomach no longer bothered me and I had a good appetite. Gradually the pains of rheumatism diminished in severity and finally disappeared entirely. I cannot speak too highly of Dr. Williams' Pink Pills for they have certainly helped me."

Your own druggist can supply you with Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write for the free booklet on "Building Up the Blood," with a special chapter on rheumatism.

RAID BARES PLOT TO FREE I. W. W.'S WITH ARTILLERY

Letter Urges Red Attack Upon Federal Prison With Machine Guns.

Chicago Tribune Service. Chicago, June 11.—A letter written by one of the convicted I. W. W.'s now serving a term in the Fort Leavenworth penitentiary, to another member of the organization in Chicago, reveals a plot to "blow up the prison with a machine gun battery" and set free "Big Bill" Haywood and others.

The letter, which was obtained by department of justice men in a raid on the sender and the recipient, is addressed to West Side, reveals the names of the sender and the recipient. The man to whom the letter was sent is under surveillance.

That a plot has been hatching for some time in Chicago to liberate the convicted I. W. W.'s by force was admitted by the government officials and the police.

The letter was mailed from the prison by a trusty. Part of it reads: "The only way to get us out of here is to organize a machine gun army and with high-powered automobiles come down here and blow this place into the seventh heaven. When the workers begin to take such action I shall get interested.

"I am far from being downhearted. I believe the government will keep on messing up things until the bolsheviks come over here and blow them off the face of the earth.

"Another good way to get us out of jail is for every member of the I. W. W. to get a .45-caliber or a sawed-off shotgun and with his cartridges make a new brand of salt and pepper shakers out of the government officials."

The letter also refers to the attorneys who defended the I. W. W.'s before Federal Judge Landis.

George Vanderveer, chief counsel for "Big Bill" Haywood, and the other 92 members of the I. W. W. who were found guilty and convicted of violation of the espionage act, is referred to in the letter as "a traitor."

"George Vanderveer was a traitor to our cause, and his assistant, Otto Christensen, was lazy," are excerpts from the letter sent from prison to the Chicago member.

Government officials admitted that the letter found in the raid had been written by a prominent I. W. W., but would not reveal his name.

The United States circuit court of appeals approved the \$10,000 cash bond furnished for the release of George Andreytchine, an I. W. W. now serving a term in Fort Leavenworth prison. He was sentenced with "Big Bill" Haywood and others by Judge Landis. Andreytchine, thru his counsel, also furnished another \$1,000 cash bond for his release in the event that a deportation warrant is served on him at the prison gates, by the officials of the immigration bureau. Andreytchine, it is expected, will be given his freedom Monday, pending the appeal of his case.

AMERICAN RETAIL STORES TO INVADE FOREIGN FIELDS

(Continued from Page One)

World-Round Chain to Be Established by Big Corporation From New York.

New York, June 10.—Announcement that the United Retail Stores corporation had been organized to finance retail trade in the foreign field was made today. The authorized capital stock consists of 100,000 shares of 8 per cent cumulative preferred and 100,000 shares of common stock without par value, all having equal voting power.

While only tobacco companies with large interests are behind the movement, it is understood the plan is to organize a world-round chain of retail stores for merchandise of all kinds.

George J. Whelan, of this city, has been elected president of the corporation and W. R. Perkins vice president. Directors are James B. Duke, George J. Whelan, W. R. Perkins and Sydney S. Whelan.

Present plans, it was stated, call for early identification with the concern of "several important chain systems of stores in the United States, South America and Europe, dealing in tobacco, confectionery, groceries, clothing and general commodities."

Pershing to Return 375,000 Men in June Breaking All Records

Paris, June 11.—(By the Associated Press)—General Pershing has advised that he proposes to transport 375,000 men homeward during the month of June.

This breaks all previous records for moving troops overseas and exceeds the number Great Britain moved across the channel in any month.

Big Biplane to Start Over Atlantic Friday, if Weather Permits

Harbour Grace, N. F., June 11.—Officers of the Handley-Page biplane announced today that they expect to start Friday on the trans-Atlantic flight if weather conditions were favorable. The big machine, which made a schedule trial flight yesterday, was being prepared for a second preliminary cruise tomorrow.

Big Liner Rammaged; All Aboard Taken Off Safe

New York, June 11.—The outward steamship Graf Waldersee, a former German liner, was rammaged 306 miles off Sandy Hook at 11:45 o'clock tonight by the steamer Redondo, a cargo boat, according to a wireless message received by naval communication service.

A message said the Graf Waldersee had 200 feet of water in her engine room and that the steamships Patricia and Leviathan were taking off the passengers and crew. The message said it was believed the ship would remain afloat, and a request was made that tugs be sent to her assistance.

The Redondo, operated by the United States shipping board, was bound for New York, having sailed from Cetta, France, May 28.

The Italian steamship Argentina collided with the steamship Yankee operated by the United States shipping board off Fire Island tonight. The Yankee was reported to be leaking so badly that she was abandoned by her captain and crew who were taken aboard the Argentina, which is standing by.

CONFESSED SLAYER FOUL IN ESCAPE NOW ACCUSES GIRL

Boy Says He Beat Man to Avenge Wrong to Woman; Story Discredited.

Yakima, Wash., June 11.—Roy Wolf, under arrest here charged with the murder of Elmer G. Greer at Bakersfield, Cal., after attempting to escape from the city jail, last night, was reported to the special agent of the county jail, where he is today. Wolf worked the screws out of the toilet fixtures in his city quarters and attempted to escape by crawling under the floor.

After reaching his cell, Wolf ate, with apparent enjoyment, a lunch prepared for him. He chatted about the killing of Greer and his flight to Yakima as unconcernedly as tho he were telling about a fishing trip. Deputy Sheriff J. E. Kenney says. He slept well and ate a hearty breakfast.

After another grilling by Deputy Sheriff J. N. Pyles of Kern county, Wolf yesterday confessed he had murdered Elmer Greer, today attempted to fix the responsibility for the deed upon a 15-year-old girl, whose name he refused to reveal.

"She asked me if I would do something for her and I said that I would do anything she wanted me to," the boy insisted, in the presence of several officers and newspaper reporters. "She told me that Greer had got her into trouble and asked me to beat him up good. Another fellow, she told me, would help with the job. I saw him and he said the officers were already after him, so he couldn't handle the job. Then I decided to get after Greer. I didn't intend to kill him, but I wanted to beat him up good."

Wolf refused to give the name of the boy who was supposed to help him "fix" Greer and would give no clue to the girl other than that she first met him in Ontario, where she worked, and that she formerly lived in Tacoma.

She is an orphan, he said, and now is "beating it to Mexico."

Pyles insists that there is nothing to Wolf's story of the girl, and that Greer's life had no such questionable episodes in it.

SEEK BOMB CLUE BY WATCH UPON EVERY RADICAL

Special Vigilance Is Observed on Anniversaries of Terror.

Chicago Tribune Service. New York, June 11.—Though, according to Chief William J. Flynn, there are a hundred leads in connection with the recent bomb outrages there is no prospect right now of immediate action either in the way of arrests or in a roundup of radicals. The hope now lies in the change of unearthing something by keeping a very strict watch on the known anarchists and other radicals.

As a precautionary measure, a list is being made of all the persons who may have incurred the enmity of the radicals, in the discharge of their official duties or otherwise, and a careful watch is to be kept on these people and their homes so that if any attempt is made to harm one of them the intending criminal may be caught. Had such measures been adopted and continued following the discovery of the May day bombs in the mails, it was pointed out, the bombing of Mitchell Palmer's house in Washington and the blowing up of Judge Nott's house in this city might have been prevented.

Special precautions were taken on Tuesday, which was June 10, the anniversary of the execution of the anarchist Ravachol, who threw a bomb into the French chamber of deputies. Ravachol was guillotined on June 10, 1912. The anarchists have frequently noticed the anniversary of his death by the use of dynamite, and there is a picture of his crime which many anarchists like to keep and look at. About 100 copies of the St. Patrick's explosion in 1915, had copies of this picture.

WIRE STRIKE BEGINS

Edward F. Wach, deputy vice president of the Association of Western Union employees, said the 30,000 members of that organization were not concerned with the C. T. U. A. demands. Sixty-five per cent of all Western Union employees are represented in the association, he said.

"The association has an agreement with the Western Union whereby it is recognized and is permitted to bargain collectively for wages and hours," he said.

"We obtained a 5 and 10 per cent increase under Postmaster General Burleson and are promised adjustment of certain parts of a schedule entered into with the company, which was not fulfilled by the postmaster general."

"Reports from locals in all sections of the country show Western Union employees on the job with a few exceptions which are negligible."

PACIFIC COAST WIRE FORCES ALMOST INTACT

San Francisco, June 11.—Pacific coast commercial telegraphers in the Western Union, Postal and smaller companies failed to fully respond to a national strike, effective today.

Postal officials said that before the night was over hundreds more would be out. Western Union executives said they were keeping their forces intact in spite of strenuous picketing at many points. The Postal company admitted it was crippled, but continued to receive business without reservation.

San Francisco, Spokane, Tacoma, Portland, Los Angeles and the other big centers, it was determined that the Western Union was practically unaffected while the Postal appears to be badly crippled.

Jerome, Arizona, was reported to be isolated telegraphically when the entire staff quit their posts in the Western Union office. It was the first report of a complete tieup.

Practically all of the Denver Postal employees were reported to have left their posts, while at Tucson, Arizona, the strike was badly crippled. In the smaller Arizona and Wyoming centers, the operators were said to have all reported for work.

Union officials here expressed the opinion that the strike would extend to Canada and that the broken and railroad operators would join in the movement.

MORE SIGN THAN NEEDED TO CALL REFERENDUM ON WASHINGTON DRY EDICT

Seattle, June 11.—Several thousand more signatures than the 22,656 necessary have been obtained in Washington, asking the secretary of state to submit Washington's prohibition amendment to a referendum vote, Attorney John F. Murphy, representing the California Grape Protective association, which has been handling the drive for names, announced here today. Today is the last day on which petitions can be filed.

The petitions will be filed at Olympia with Secretary of State I. M. Howell before the regular closing time of the secretary's office today, Attorney Murphy said.

HANEY DELEGATE TO CONVENTION

W. T. Haney who represents the Reed Murdock manufacturing grocery company of Chicago, left yesterday for Pocatello, Idaho to attend the convention of the U. C. T. of this district. Mr. Haney is junior grand councillor and as an officer will play an important part in the session. He will possibly attend the Rotary convention in Salt Lake City before returning.

EFFECT NEGLIGIBLE IN LOCAL OFFICES

The effect of the telegraph strike in Great Falls was negligible, so far as those who walked out here were concerned, according to the local managers. The Postal office here was handicapped by the crippling of the other end, and force here being at work as usual, and later in the day they were able to handle business from here as usual, and it was stated that the Chicago relay office had been manned by a crew able to handle the full quota of business.

CLIFTON BEING HELD

C. Clifton, a resident of Cascade, is detained at the county jail on the suspicion that he is insane. He was taken into custody at Cascade Tuesday and a call for Sheriff J. P. Burns was made at midnight, the run to the west side city being made in the sheriff's car. Clifton was lodged in a cell at 4 in the morning and yesterday his condition was reported to be unchanged. It is that his mental unbalance was caused by epilepsy.
