The Sun River Country in Montana

A beautiful, fertile section of country in what has proven itself to be one of the most productive states in the union with an average wheat yield of 25 bushels to the acre for 15 years and other products in proportion. Innumerable beautiful mountain streams traversing the section in every direction, with pure springs in every section, best of all the things necessary to make an ideal home. R. R. markets, good towns, thousands of acres of finest tillable land, good climate, mountains and forest at its very door, splendid roads. The very best livestock section, and in among the largest rainfall in the state. Timothy, clover, alfalfa and all small grain adaptable to this climate, such as wheat, oats, rye, speltz and barley grow to a wonderful development and all vegetables are produced successfully, especially potatoes, which yield as high as 400 bushels per acre.

The mountains contain some of the most beautiful scenery that can be found in the world and are filled with wild game of all kinds, while the beautiful mountain streams abound in trout, making the section the delight of those that love the beauties of nature and a sportsman's paradise.
