ETHEL CLAYTON in MEN, WOMEN AND MONEY

A Paramount Picture

She has no money, yet men pursue her for it. Penniless though she is, women try to fleece her. She loves money for the things it will buy. She detests it because it will not buy the love she craves. What kind of a woman is she? The question is answered in "Men, Women and Money," a vivid story of the upper crust of society. Come!

By Cosmo Hamilton. Scenario by Beulah Marie Dix. Directed by George Melford

Prices 10c and 25c

The Tribune's Crop Review

HEAT RUINS CROPS.

Special to The Daily Tribune.
Havre, July 1.—While this section has been visited by several good rains the past week including one tonight it is all coming too late to save the crops of Hill county. It seems it was not the lack of moisture entirely that ruined the crop but the intense heat of May and June. A few who have corn and late flax may pull thru but the big bulk of the crop in the county is gone.

RAIN HELPS PASTURE LAND.

Special to The Daily Tribune.
Conrad, July 1.—The shower Saturday night helped the pasture land and did a great amount of good to the irrigated crops which are fine in this section, but did very little good to the dry land crops.

GOOD RAIN AT CHESTER.

Special to The Daily Tribune.
Chester, July 1.—Chester and vicinity enjoyed a good rain Sunday afternoon of 48-100 of an inch. Copious rains were reported as far south of town as 10 miles, and 10 miles north.

NO CHANGE AT LEWISTOWN.

Special to The Daily Tribune.
Lewistown, July 1.—Light showers have occurred in various localities of the country during the past week but the moisture has not been general enough nor sufficiently heavy to change conditions materially. The outlook for spring wheat is now discouraging with some districts an exception to the rule.

WINTER WHEAT SURVIVING.

Special to The Daily Tribune.
Kalspell, July 1.—Ten days of intensely hot weather, which did great damage to growing crops, especially spring grains, was broken by light, scattering showers which fell in Flathead county Saturday, and was immediately followed by falling temperatures. This was followed by light frosts in exposed places in the northern portion of the county Monday morning, which damaged potatoes and gardens in some localities. Winter wheat has been but little affected by the drought and in some localities there will be good crops of all grains.

CHANCE FOR FEED CROPS.

Special to The Daily Tribune.
Geraldine, July 1.—Last evening a general shower passed over Geraldine and vicinity but did not rain enough to be of any great benefit. However, more rain followed during the night and this morning there is pools of water standing in the streets and the ground seems to be well supplied with water. If showers continue as they have during the last few days there will be feed crops and in

NATIONALIZATION OF INDUSTRIES PUTS TORCHES IN A REVOLT

Gives Lloyd George a New Problem—No Intention to Take Over Railways.

Paris, July 1.—One of the urgent matters with which Premier Lloyd George now has to deal is the revolt of some 200 Tory members of the coalition against the nationalization of industries. They fear that nationalization of the coal industry will be followed by the adoption of similar measures with railroads and other concerns, and are agitating the transport bill, which gives Sir Eric Geddes, minister without portfolio, extensive powers over transport of all kinds, including the port of London. These dissenting members of the house of commons held a meeting today to lay their views before Andrew Bonar Law, government leader of the house, who in reply gave an opinion that the question of nationalization was not involved in the transport bill. He added that the premier and himself had never discussed nationalization and that he, himself, would regard nationalization as a great evil. He concluded by saying that he felt a great objection to running the railways as a government department.

A pledge has been given by the government, according to The Daily Mail, that at present there is no intention of nationalizing the railways and as a result of these concessions, it is said that opposition to the bill will be withdrawn.

Riots Follow the Ushering in of War-time Prohibition

East Dubuque, Ill., July 1.—Rioting in which five persons were injured, two of them seriously and property damage estimated at about \$2,000, ushered in war-time prohibition into this city last night. The city building was almost totally wrecked. Doors of the fire department building were battered in, fire apparatus broken, and hundreds of feet of hose hauled to pieces with fire axes. At 12 o'clock a crowd of 1,000 men still searching for Policeman Liddel, who it was said had beaten a returned soldier with his club while arresting him for fighting.

Fire Is Extinguished After Having Burned 2,000 Acres of Timber

Denver, July 1.—The forest fire on Wolf Creek watershed, Wyoming, is under control, according to an announcement today by Fred Morell, acting district forest supervisor. Burning since last Thursday, the fire destroyed 2,000 acres of timber.

GERALDINE WINS.

Special to The Daily Tribune.
Geraldine, July 1.—Geraldine evened the score with Highwood by defeating the visitors in a baseball game here Sunday afternoon. The game lasted five innings when the playing had to be called off on account of rain. The score at the finish was 6 to 4 in favor of Geraldine.

BECK POSTPONES FLIGHT.

Livingston, July 1.—The proposed flight of Lieutenant Beck of Alther aviation field, California, in Yellowstone park July 4, has been postponed until later in the month, it was announced today by Park officials. Beck will fly over the great falls of the Yellowstone in a giant De Havilland bombing plane and later will fly across the mountains along the Geysers to Glacier motor route.

Fires in Butte Sector Reported Under Control

Butte, July 1.—Forest fires in the Butte sector are well under control. At Midway creek near Spirook, and near Warm Springs, where the largest blaze of the season raged last week, the fires are reported well in hand and the crews of fire fighters have been cut to 10 watchmen left as a precaution at both places.

Late this afternoon a Powell county lookout reported sighting smoke in the timbered sections along Mill creek, near Anaconda. Fire fighters were dispatched there immediately, but according to last reports no blaze had been located. Fifty men received orders in Butte to join the forces combatting the flames in the Madison forest reserve. Some left today and the remainder will leave for that section tomorrow. This is the first call in more than a week for fire fighters to be sent to the assistance of the crews in outlying districts.

CORN IN GOOD CONDITION.
Special to The Daily Tribune.
Miles City, July 1.—Heavy rains in the south portion of the county have filled the water holes and relieved the situation for the stockmen. Corn all over the county is in fair condition but must have rain soon, if it is to present good crop. Small grains all over county are practically gone.

THIS JUNE HOTTEST ON RECORD.
Special to The Daily Tribune.
Miles City, July 1.—The month of June was the hottest ever known in this section of Montana according to United States weather bureau records. The maximum temperature during the month was 82 and the minimum 60.2, the mean average being 74.1. For six days the maximum was over 100, on one of these reaching 107 degrees.

BUTTE MUCHLY MARRIED.

Butte, July 1.—One hundred brides were married in Butte during June this year. According to the records of the office of county clerk and recorder, more than 90 per cent were residents of Butte.

Helena Orders Chlorine Plant to Purify Water

Helena, July 1.—The city council announces that last Wednesday it ordered a chlorine plant for treating the waters of the Ten Mile reservoir. The state board of health had informed the city that it had a chlorine plant that the city might use temporarily. The system would be installed Wednesday at Ten Mile and will be used there till the city's equipment arrives from the east. The council decided on the chlorine treatment for the uses in emergencies like the present when the water is low and the danger of contamination is greater than usual.

Coming tomorrow, "The Submarine Eye."

WITH AMERICAN EMBASSY ON MEXICO CITY TRIP.
Special to The Daily Tribune.
Helena, July 1.—Hugh Charles McCarthy formerly of Helena, has gone to Mexico City with the American embassy. He was sent from the solicitor's office of the state department to the diplomatic service. He found little signs of rebellion on his trip to Mexico City, he wrote to friends in Helena, also his train was guarded by soldiers.

HARD GOING COMING BACK.
Special to The Daily Tribune.
Havre, July 1.—Bucking a strong wind all the way that at Harlem threw them ten miles out of their course, Jack Stabe and Aviator Hill arrived in Havre late tonight from Malta in Mabee's big airplane. They made the 83-mile flight in one hour and fifty minutes.

ALCAZAR PLAYING TO CAPACITY

Nazimova in "Revelation" is packing them in at the Alcazar and Manager Johnson wants to impress upon his patrons that today will be the last showing of this most wonderful production. Take a tip and start early.—Adv.

More Phone Workers of Northwest Join in General Strike

San Francisco, July 1.—The ranks of telephone workers of the Pacific coast who are on strike to enforce wage demands were augmented today by developments in the northwest. Thirty electricians walked out in Spokane in answer to the strike call from L. C. Grasser international vice president of the Brotherhood of electrical workers; at Tacoma, 48 quit work; 15 quit at Bellingham and at Seattle union leaders claimed that

every telephone man had answered the call. Electricians at Aberdeen and at Hoquiam also quit work and at Portland it was said men had joined the women operators who are on strike.

Operators at Tacoma so far have not heeded the call to quit and a statement from the company declared the women would remain on duty. This was denied by union officials.

Deposed Premier Leaves Refuge and Resumes His Office

Paris, June 30 (By The Associated Press).—After sitting in refuge in an old boat in Libau harbor since April 16, Premier Ullmann, formerly an American university professor, landed triumphantly with his cabinet at Libau, June 27, and resumed control of the Lettish government from which he had been displaced by a man named Needra, who usurped the premiership with German support and who is now under guard in a Libau hotel. A dispatch received by Herbert Hoover, head of the inter-allied relief organization says: "British and French officers joined in the celebration in honor of Premier Ullmann's return. As the deploded craft approached the city bands played on the docks and children strewed the path with flowers as the old officials made their way to a gaily decorated stand from which Premier Ullmann delivered an address. He thanked the allies for the support given Lettvia and said that the United States thru the American relief administration had saved thousands of Letts from starving."

Chinese Are Still Participating in Peace Conference

Paris, July 1.—In spite of their refusal to sign the peace treaty Saturday, the Chinese delegates are not regarded as having withdrawn from the peace conference and will continue to take part in the proceedings. The delegation is awaiting instructions from Peking. If the Chinese government is disposed to sign, it is said in conference circles, it is still possible for its delegates to do so.

HEREDITY.
"Old man Slaughter's pretty daughter certainly lives up to the family name."
"How so?"
"Her manners are perfectly killing."—San Francisco Chronicle.

HER OPINION.
Lowburn—Don't you think society is an empty thing?
Miss Firshy—I think there are lots of empty things in society!—Vancouver Pioneer.
