Damage to Crops Near Wolf Point
Many Buildings Wrecked—High Temperature Is 106 at Glasgow—Rain at Malta.
 Special to The Daily Tribune.
 Wolf Point, July 3.—A severe wind and hail storm Tuesday night did a great deal of damage in the city and surrounding country. The city windows were broken and many roofs were badly damaged by the hailstones, some of which were twice the size of a man's fist. Many small buildings were overturned or smashed. The wind tore the roof off the newly completed warehouse of the Imperial Lumber yard and scattered the lumber for a considerable distance. Part of the warehouse roof fell on the roof of the implement building belonging to M. B. Fargen in such a manner as to knock out a section of the building. The greatest damage was done to the home of Mrs. Dan McAllen, which is directly south of the Imperial Lumber yard. The north wall of this house is completely riddled by boards and splinters of wood. In some cases boards six inches wide were driven thru the wall and projected as much as three feet on the inside.
 A conservative estimate of the amount of damage done by the storm is from \$3,500 to \$4,000. The storm began shortly after 11 p. m. and lasted for about two hours. The heavy downpour of rain approximated a cloud burst. An amusing sight of the morning after the storm was a small boy on Assiniboine avenue, using a mortar and pestle and propelling it by means of a long handled shovel.
 A strip eight to ten miles north of town reports a great deal of damage from about five crops being completely ruined, but farther west and north the fields were not injured and farmers report that the heavy rain will be of great benefit to the flax and late wheat. South of the Missouri the farms did not suffer much from the hail, although there was considerable hail in the storm of Sunday evening, and reports from south of Frazer indicate that crops were completely wiped out over a large area.
 The eastern part of Roosevelt county reports a heavy rain. The storm of Tuesday night hit Madison Lake and Homestead very hard and two men were reported killed in that vicinity.

Have Nurse Returns From Oversea Service
 Havre, July 2.—Miss Alice Boyle, one of the popular trained nurses of Havre, who enlisted in the Red Cross corps as a nurse with the American army overseas about 15 months ago, has returned to her home after many trying experiences in the big war.
 Miss Boyle was located in one of the field hospitals near Verdun and it was part of her duties to care for the many wounded men after the great battles and aid them in being restored to health. For the last six months Miss Boyle was at Coblenz, Germany, on the historic Rhine river.
 Miss Boyle will take a well deserved rest before taking up her duties in civil life.

Veteran Chief Ropeman of Anaconda Co. Dies
 Special to The Daily Tribune.
 Butte, July 3.—M. J. Johnson, 59, for the last 35 years chief ropeman for the Anaconda Copper Mining company, died as he was being carried on a stretcher into his home here. He had just returned to Butte by train from Rochester where he had gone in an unsuccessful attempt to have a cancer, which had afflicted him for years, removed. The death of his son Arne added to his affliction. The son made several attempts to cure for the cancer during the war, but failed because of a defective heart. His final attempt was to enter the limited service at Vancouver Barracks, Wash., where he again failed. On his return home the boy died an influenza victim when he reached Great Falls. The father is survived by his wife in Butte, a sister in Butte, and also Mrs. Robert Rae, a sister, in Great Falls. He has four brothers who live in Rhode Island.

CLAIMS WIFE DESERTED.
 Special to The Daily Tribune.
 Lewistown, July 3.—Alois Polczak has brot suit against Frankie Polczak to secure a divorce, alleging that the defendant without cause deserted him.

File Civil Actions in Shelby District
 Special to The Daily Tribune.
 Shelby, July 3.—The following civil actions were filed this week with Perry J. Day, clerk of the district court:
 Martin Wascha vs. J. B. Taylor and Fred Nelson, on petition for judgment. Charles Beasley, of Galata, is attorney for plaintiff.
 Francois Page vs. Nettie Kitchen, and Perry J. Day and all known and unknown heirs of the estate of West Park, to quiet title. David J. Ryan, of Great Falls, is attorney for plaintiff.
 Tropical Paint & Oil company vs. Shelby Drug company suit on account. W. E. Arnot, of Conrad, is attorney for plaintiff, and John S. McClory, Shelby, attorney for defendant.

Hot Weather Prevails.
 Glasgow, July 3.—The meteorological record of the special observer of the local United States weather shows that hot weather prevailed continually the last half of the month.
 The mean maximum temperature was 88.2 degrees. The mean minimum 54.4 degrees and the mean temperature 71.3 degrees. The maximum or warmest day occurred on the 27th, when the thermometer registered 106 degrees. The minimum temperature was 24 degrees on the 2nd. The mean range was 38.8 degrees, the greatest daily range 45 degrees, occurring on the 4th.
 The average range of temperature between any two days was 52 degrees.
 The total precipitation was 1.01 inches. The greatest in 24 hours was .60 inches on the 11th. There were five days with .01 inch or more precipitation. There were 19 clear days, 10 partly cloudy days and one cloudy day.
 Freezing weather on the night of the first did considerable damage to tender vegetables. Crops are in good condition in many localities of the county.

Peter Photos of Havre Killed in Automobile Spill
 Special to The Daily Tribune.
 Havre, July 3.—Peter Photos, a fireman on the Montana division of the Great Northern road, whose home is in Havre, was most instantly killed at a late hour Wednesday evening while driving in a car with Thomas Manaras, proprietor of the Oakland hotel. The accident occurred on the Clear creek road about five miles from Havre. The car in which the men were riding also contained two other passengers whose names could not be learned this morning.
 From the story told by the driver, Manaras, he was coming into the city at a moderate rate of speed when the car suddenly skidded at a wet spot in the road, plunged over a high embankment and turned turtle, burying the occupants underneath the car. None of the other men were injured and they righted the car and rushed into Havre with the injured man who was unconscious when picked up. He was taken at once to Sacred Heart hospital, but expired shortly after entering the building, and examination of the body showed that he was injured internally when the car pressed in on his side after landing at the foot of the embankment. The body of Photos was taken to the Holland undertaking parlors. The dead man was unmarried and had been in the employ of the railroad company in Havre a number of years.
 The spot where the accident occurred is considered by motorists as a bad place and a force of workmen have been sent out there today by the county to try and remedy the defects in the road.

Cummings Visits Butte Helena and Billings
 Butte, July 3.—Telegraphing from Portland, J. Henry Cummings, vice chairman of the Democratic national committee, outlines the Montana itinerary of National Chairman Homer S. Cummings and his party who are touring the nation, being a member of the party. The party will arrive in Butte in time for luncheon July 12, will leave Butte at 3 p. m. for Helena, where a banquet will be served at 7:30. Mr. Cummings will remain in Helena July 13, and will be in Billings July 14. The party will then go to Charles Treacy, secretary of the Silver Bow county central committee, have invited Governor Stewart, other state officials, and prominent democrats to meet with Cummings and members of his party when they arrive in Butte.

LET CONTRACTS FOR NEW THEATER AT WOLF POINT.
 Wolf Point, July 3.—Contracts for the new \$30,000 Liberty theater to be built by Onstad & Severson has just been let. Thorvaldson and Johnson were successful bidders for the general construction work, Elmer Johnson got the plumbing contract and C. L. Smith the electrical work. All are local contractors. Work will commence immediately. The theater is expected to be ready for use September 1.

THRESHERS' SCHOOL OPENS AT GLASGOW; LASTS THREE DAYS
 Special to The Daily Tribune.
 Glasgow, July 3.—The three day threshers' school that has been set for July 15, 16 and 17 at Glasgow, is causing much interest among the farmers and threshermen of this vicinity. The counties of Blaine, Phillips, Valley and Roosevelt will be represented.
 The program arranged for the three days is as follows:
 10:30 a. m. Object of the school, Elmer Johnson.
 10:40 a. m. (a) Thresher testing—causes of wear and tear.
 (b) Development of the modern thresher. H. E. Murdock.
 11:20 a. m. Formation and operation of a Thresher Ring, and the Business organization. Chas. Anderson.
 1:30 p. m. Experiment in adjusting cylinder and concaves in threshing different kinds of grain. G. A. Allen.
 2:20 p. m. The Farmer's part in grain saving. J. T. Rowe.
 3:10 p. m. Feeders and hand cutters. H. C. Schmeier.
 Second Day.
 10:00 a. m. Hulling, Cylinder, Concave. A. J. Donovan.
 10:40 a. m. Separating grain and chaff from straw. V. Brown.
 11:20 a. m. Cleaning the grain. The Shoe. Henry Cossa, E. B. I.
 1:30 p. m. Delivery of grain and straw. Weighers. O. J. Thomas.
 2:30 p. m. Special features of machines. H. E. Murdock.
 3:00 p. m. Overhauling, Rabbitting, Belts, Boxes, etc. Elmer Johnson.
 3:30 p. m. Threshing from the manufacturer's viewpoint. G. B. Gunlogson.
 Third Day.
 10-12 a. m. Demonstration of machines.
 1:30-4:00 p. m. Continuation of demonstrations.

Draw Fifteen Valley County Men for Jury
 Special to The Daily Tribune.
 Glasgow, July 3.—The following citizens of Valley county have been drawn to act as grand jurors, summoned to appear on July 15 and seven of the 15 names drawn will be selected: Frank Berthelmy, Theony; Lynn Brown, Nashua; Adness Miller, West Fork; Rudolph Wolf, Sobel; James R. Stephens, Tampico; A. J. Martin, Beaverton; Lewis Ritter, Vandavia; C. W. McCarthy, Tande; A. H. Windborn, Hinsdale; Sen Sand, Bay View; W. E. Newell, Nashua; J. L. Breminger, Glasgow; Harry H. Graham, Baylor; Andrew Solberg, Opheim, and James Carroll, Ajerton.

German Convicts Plot to Destroy American Relief Shipments
 Berlin, July 3.—(By The Associated Press).—A plot to blow up elevators containing American food shipments has been uncovered at Hamburg, according to the Lokal Anzeiger. Those involved, it was said, were some of the convicts released from the Hamburg jail by mobs during the recent riots there. The authorities gained knowledge of the plot thru members of the Seaman's union and aid was sought by the conspirators.

Victim of Fortune Barber's Bullet Is Reported Improving
 Special to The Daily Tribune.
 Whitefish, July 3.—The condition of George Heberon, the Spokane brakeman who was shot by Steve Harris, the Fortune barber, in an altercation here last week over alleged attentions which Heberon had been paying to Mrs. Harris, continue to improve. This morning, Dr. J. L. Bloch operated upon Heberon and removed the bullet.
 Harris and W. C. Clark, the latter held as an accomplice, are still in the county jail, having been unable thus far to secure bail in the sum of \$1,000 each, on a charge of assault.

Germans Interfere With Relief Work in Baltic Provinces
 Petrograd, July 3.—Because German officers have interfered so persistently with American relief work in the Baltic provinces, a German officer has been appointed to liaison duty with Colonel Grooms, the American commander in that region, under a guarantee that he will be protected.
 Lieutenants Harrington and Nixon of the American army, it is reported in advices received here, were arrested by the Germans June 24 between Libau and Riga, and held for several days by German officers who said the Americans were trouble makers and had been trying to undermine German influence. Several other American officers, it is added, also were detained by the Germans.

Proposes Irrigation of 10,000 Acres in Stillwater Section
 Kalispell, July 3.—Formation of an irrigation project to embrace more than 10,000 acres in the Stillwater section of Flathead county, was discussed at a meeting held Monday evening. Today the first steps are being taken towards organizing a district to obtain federal aid under the war-time provision for government assistance on private projects.
 C. F. Moody, a government reclamation engineer, who has a farm in the Stillwater section, and H. M. Gilbertson, a prominent promoter of the new project, were the principal speakers at the meeting. When they had concluded explaining the provisions of the federal aid proposition the entire gathering of farmers were enthusiastic. A committee of five was then named to work with County Agent McKee in making a canvass of the farmers within the district.
 Tally lake, it was explained, would be the source of water supply, bringing the water down the main bed of Lost Creek. Engineers who have investigated claim the undertaking would be a comparatively simple one.
 Under the federal aid, it was explained, it will be necessary to get the signatures of a majority of the farmers of the district, representing a majority of the acreage. The petition, when completed, goes to the district court, and then to the reclamation service. Preliminary surveys will then be made at government expense, and will be included in the cost of water rights if the enterprise goes thru.
 Several farmers at the meeting stated that irrigation this year would have assured them of a heavy crop. In some places wheat is burning slightly, and one application of water would have saved it, they say.

German Convicts Plot to Destroy American Relief Shipments
 Berlin, July 3.—(By The Associated Press).—A plot to blow up elevators containing American food shipments has been uncovered at Hamburg, according to the Lokal Anzeiger. Those involved, it was said, were some of the convicts released from the Hamburg jail by mobs during the recent riots there. The authorities gained knowledge of the plot thru members of the Seaman's union and aid was sought by the conspirators.

INDIANS ARE CELEBRATING.
 Special to The Daily Tribune.
 Harlem, July 2.—The Indians on the Fort Belknap reservation have assembled near the branding corral of the agency for their annual celebration. They began arriving there Monday and are having a picnic of their own which will last all week. They have created a big tent and will hold a regular Indian pow-wow for several days. They have donned their beads and feathers and when they participate in several of their characteristic dances and other ceremonies fitting for the occasion.
BRIDGE GIVES WAY.
 Special to The Daily Tribune.
 Harlem, July 2.—While George Hartman was attempting to cross the bridge over the Milk river at Madras last week one of the cross supporting timbers gave away. An examination of the timber reveals the fact that it was badly rotted. The bridge is a wooden structure with steel supports and was erected 17 years ago. At the present time the bridge is condemned and is unsafe for heavy loads.
 Detachable cars to be fastened to roller heads, the invention of an Alabama woman, are said to give a more lifelike appearance than when the cars are integral parts of the heads.
 \$100 will be paid to any man, woman or child who has seen any of the animals alive that breathe, move and battle in "The Ghost of Slumber Mountain," showing at the Imperial theater today. Come, see if you can win the money!

At the present time the bridge is condemned and is unsafe for heavy loads.
 Detachable cars to be fastened to roller heads, the invention of an Alabama woman, are said to give a more lifelike appearance than when the cars are integral parts of the heads.
 \$100 will be paid to any man, woman or child who has seen any of the animals alive that breathe, move and battle in "The Ghost of Slumber Mountain," showing at the Imperial theater today. Come, see if you can win the money!

DAMAGE TO CROPS NEAR WOLF POINT

Many Buildings Wrecked—High Temperature Is 106 at Glasgow—Rain at Malta.
 Special to The Daily Tribune.
 Wolf Point, July 3.—A severe wind and hail storm Tuesday night did a great deal of damage in the city and surrounding country. The city windows were broken and many roofs were badly damaged by the hailstones, some of which were twice the size of a man's fist. Many small buildings were overturned or smashed. The wind tore the roof off the newly completed warehouse of the Imperial Lumber yard and scattered the lumber for a considerable distance. Part of the warehouse roof fell on the roof of the implement building belonging to M. B. Fargen in such a manner as to knock out a section of the building. The greatest damage was done to the home of Mrs. Dan McAllen, which is directly south of the Imperial Lumber yard. The north wall of this house is completely riddled by boards and splinters of wood. In some cases boards six inches wide were driven thru the wall and projected as much as three feet on the inside.
 A conservative estimate of the amount of damage done by the storm is from \$3,500 to \$4,000. The storm began shortly after 11 p. m. and lasted for about two hours. The heavy downpour of rain approximated a cloud burst. An amusing sight of the morning after the storm was a small boy on Assiniboine avenue, using a mortar and pestle and propelling it by means of a long handled shovel.
 A strip eight to ten miles north of town reports a great deal of damage from about five crops being completely ruined, but farther west and north the fields were not injured and farmers report that the heavy rain will be of great benefit to the flax and late wheat. South of the Missouri the farms did not suffer much from the hail, although there was considerable hail in the storm of Sunday evening, and reports from south of Frazer indicate that crops were completely wiped out over a large area.
 The eastern part of Roosevelt county reports a heavy rain. The storm of Tuesday night hit Madison Lake and Homestead very hard and two men were reported killed in that vicinity.

Have Nurse Returns From Oversea Service
 Havre, July 2.—Miss Alice Boyle, one of the popular trained nurses of Havre, who enlisted in the Red Cross corps as a nurse with the American army overseas about 15 months ago, has returned to her home after many trying experiences in the big war.
 Miss Boyle was located in one of the field hospitals near Verdun and it was part of her duties to care for the many wounded men after the great battles and aid them in being restored to health. For the last six months Miss Boyle was at Coblenz, Germany, on the historic Rhine river.
 Miss Boyle will take a well deserved rest before taking up her duties in civil life.

Veteran Chief Ropeman of Anaconda Co. Dies
 Special to The Daily Tribune.
 Butte, July 3.—M. J. Johnson, 59, for the last 35 years chief ropeman for the Anaconda Copper Mining company, died as he was being carried on a stretcher into his home here. He had just returned to Butte by train from Rochester where he had gone in an unsuccessful attempt to have a cancer, which had afflicted him for years, removed. The death of his son Arne added to his affliction. The son made several attempts to cure for the cancer during the war, but failed because of a defective heart. His final attempt was to enter the limited service at Vancouver Barracks, Wash., where he again failed. On his return home the boy died an influenza victim when he reached Great Falls. The father is survived by his wife in Butte, a sister in Butte, and also Mrs. Robert Rae, a sister, in Great Falls. He has four brothers who live in Rhode Island.

CLAIMS WIFE DESERTED.
 Special to The Daily Tribune.
 Lewistown, July 3.—Alois Polczak has brot suit against Frankie Polczak to secure a divorce, alleging that the defendant without cause deserted him.

File Civil Actions in Shelby District
 Special to The Daily Tribune.
 Shelby, July 3.—The following civil actions were filed this week with Perry J. Day, clerk of the district court:
 Martin Wascha vs. J. B. Taylor and Fred Nelson, on petition for judgment. Charles Beasley, of Galata, is attorney for plaintiff.
 Francois Page vs. Nettie Kitchen, and Perry J. Day and all known and unknown heirs of the estate of West Park, to quiet title. David J. Ryan, of Great Falls, is attorney for plaintiff.
 Tropical Paint & Oil company vs. Shelby Drug company suit on account. W. E. Arnot, of Conrad, is attorney for plaintiff, and John S. McClory, Shelby, attorney for defendant.

Hot Weather Prevails.
 Glasgow, July 3.—The meteorological record of the special observer of the local United States weather shows that hot weather prevailed continually the last half of the month.
 The mean maximum temperature was 88.2 degrees. The mean minimum 54.4 degrees and the mean temperature 71.3 degrees. The maximum or warmest day occurred on the 27th, when the thermometer registered 106 degrees. The minimum temperature was 24 degrees on the 2nd. The mean range was 38.8 degrees, the greatest daily range 45 degrees, occurring on the 4th.
 The average range of temperature between any two days was 52 degrees.
 The total precipitation was 1.01 inches. The greatest in 24 hours was .60 inches on the 11th. There were five days with .01 inch or more precipitation. There were 19 clear days, 10 partly cloudy days and one cloudy day.
 Freezing weather on the night of the first did considerable damage to tender vegetables. Crops are in good condition in many localities of the county.

Peter Photos of Havre Killed in Automobile Spill
 Special to The Daily Tribune.
 Havre, July 3.—Peter Photos, a fireman on the Montana division of the Great Northern road, whose home is in Havre, was most instantly killed at a late hour Wednesday evening while driving in a car with Thomas Manaras, proprietor of the Oakland hotel. The accident occurred on the Clear creek road about five miles from Havre. The car in which the men were riding also contained two other passengers whose names could not be learned this morning.
 From the story told by the driver, Manaras, he was coming into the city at a moderate rate of speed when the car suddenly skidded at a wet spot in the road, plunged over a high embankment and turned turtle, burying the occupants underneath the car. None of the other men were injured and they righted the car and rushed into Havre with the injured man who was unconscious when picked up. He was taken at once to Sacred Heart hospital, but expired shortly after entering the building
