Cut Bank Business District Improved

Special to The Daily Tribune. Cut Bank, July 6.—Another \$300,000 improvement for Cut Bank was voted this week by the city council when a special improvement district resolution of intention was passed for the building of sidewalks. The improvement covers practically the entire business district and calls for street grading and curbs as well. It is the intention of the city to complete this work along with the sewer that is now under construction and when completed the city of Cut Bank will be practically a new city with all the latest conveniences. The action taken in doing the work at this time is a god send to many of the farmers who have no crops this year. Reference will be given these men as the work progresses and work will be furnished them as fast as it is ready. Work is progressing favorably on the sewer. The sept tank is already under construction and as the pipe is here there will be no delay when the main trench is dug in the streets.

FINED FOR INDUCING SON TO VISIT HER.

Helena, Mont., July 5.—For inducing her minor son, whose custody was given to the father after their divorce, to leave Helena and go to her at her home in Deer Lodge, Mrs. Josephine A. McLeland of that city was fined \$25 by Judge W. H. Footman in the state court here today, the charge being contempt of court.

LEWIS CASE CONTINUES.

Helena, July 5.—The trial of Rufus Lewis of Des Moines, Iowa, for the death of his divorced wife, Sarah Lewis, at Craig, Mont., August 27 last, was resumed here today. Mrs. Lewis died of a gunshot wound which Lewis says was accidentally inflicted. Several members of the family of Z. T. Brewer, in whose home the shooting occurred and where the victim was working at the time, appeared today to tell of the affair. Dr. Max Barbour of Helena described the wound. The case will continue next week.

TO HARVEST MILLION BUSHELS OF WHEAT IN LOWER FLATHEAD

Dry Land Crops Almost a Failure—Irrigated Tracts Producing Fair Crops.

Missoula, July 6.—The monthly crop report of Stanley Scarsce, of Ronan, dealing with conditions in the lower Flathead valley, and western Montana, made public here today, says that about 1,000,000 bushels of both winter and spring wheat was produced in the area. He estimates that winter wheat will average 25 per cent on the poorest dry land to 100 per cent on the irrigated sections, and that spring wheat, after deducting 20,000 acres which failed to make a stand from lack of germination, will range from 10 per cent on dry land to 100 per cent on irrigated land. "There about 10,000 acres of winter wheat irrigated and 15,000 of spring wheat," says the report. "Averaging all conditions, winter wheat can be placed at 50 per cent, spring wheat at 35 per cent, indicating a total yield of approximately 1,000,000 bushels in the lower Flathead valley." Other estimates on the crop yield of the valley give rye 50 per cent; oats 35 per cent; barley 40 per cent; field peas 75 per cent; sugar beets 50 per cent; hay 50 to 100 per cent; potatoes 75 per cent. The report states that the last month was the driest June ever experienced in the valley, so far as records go, the precipitation being .11 inches, compared with an average of 2.97, and for June last year, 1.12.

A large sum was raised for the support of the missionary work in South Africa, where Mr. Bryant was for years located.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases were in perfect health today were it not for the deadly drug nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and in the pernicious habit quickly vanishes. Drugs returned the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.—Adv.

A Day's Work Done
Do the EYES feel more played-out than the BODY when your day's work is done? Can you read your evening paper without squinting, without becoming sleepy, or having your eyes burn? If you are acquiring the habit of dropping off to sleep over your newspaper, it is a sign that the eyes are tired, and demanding rest. It is evidence that the daily routine is getting to be TOO MUCH for them. This condition is unnatural, and unless corrected, will seriously injure the delicate nerves and muscles of the eyes. The thing to do, is to consult a RELIABLE OPTOMETRIST—one in whom you can place confidence. The right scientific attention will bring your vision up to normal.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound. Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good for me and I know it will help others if they will give it a fair trial."—Mrs. LAZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa. Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.
