

BROODING BECAUSE OF ILLNESS AGED MAN HANGS SELF

Hans P. Johnson, 76 Years Old, Fastens Strap About Neck at Brinkman Farm.

Special to The Daily Tribune. Chinook, July 14.—Hans P. Johnson, 70 years of age, committed suicide by hanging, Saturday afternoon, at the Brinkman farm just south of town. Mr. Johnson, who lived about four miles south of town, had been with his son at the Brinkman place during the week assisting in stacking hay. About 3 o'clock on Saturday afternoon he left the stack, the other men thinking he had gone to get a drink of water. He did not return and at 4 o'clock he was found at the back of his wagon, which stood in the field. A strap about his neck was fastened to the end gate rod and he had committed the act at about 3:30.

Mr. Johnson has not been well for some time and for the past week or two his condition had grown worse. On Saturday morning he had acted and talked in a strange manner but not much attention was paid to it when he ate a hearty noonday meal. It is thought that his mind was wandering and the deed was done while temporarily demented.

The funeral services will be held Tuesday at 2 p. m. at the Presbyterian church and burial will be in the Chinook cemetery. The deceased is survived by his wife, son Harry, two daughters and several grand children besides sisters residing in Canada, Wisconsin and Minnesota.

ANOTHER SERIOUS FIRE AT RYEGATE

Blaze Destroys Continental Oil Company's Warehouse and Stockyards.

Special to The Daily Tribune. Ryegate, July 14.—The second disastrous fire to occur in a month happened when the Continental Oil company warehouse and the stockyards burned to the ground with a loss reaching several thousand dollars. It is believed that a spark from train No. 15 caused the blaze which spread rapidly, reaching the stock of oil and greases stored in the building and pumping station. The dense smoke prevented any effective work from being done by the volunteers. Manager Gregory entered the burning building and disconnected the pipes leading to the three big oil tanks, which were not burned. The fire spread to the stockyards adjoining and completely destroyed them. A dozen hogs which were in the yards were burned. As Ryegate has no water for fire protection, no efforts could be made to check the fire. Only a month ago the Ryegate hotel also burned to the ground causing a heavy loss. It is probable that an agitation will be started to secure water for fire prevention, within a short time.
