KILLED ON WAY TO SEE FLEET.
Pasadena, Aug. 9.—An elderly man believed to have been John Wessinger, of Pasadena, was killed and two unidentified women were probably fatally injured when an eastbound Santa Fe train collided on a crossing here with the automobile in which the three were driving to Los Angeles harbor to greet the fleet.

FLEET ANCHORED IN HOSPITALITY OFF LOS ANGELES
107,000 Autos Greet Armada; Feast for Men and Officers.

On board the flagship New Mexico, of the port of Los Angeles, Aug. 9. (By the Associated Press.)—The Pacific fleet came from San Diego, tonight, to make its bow to Los Angeles. Six dreadnaughts of the heavy fighting line and two of the older class battleships of the U. S. navy dropped their anchor here this afternoon, at the San Pedro breaker, while 23 destroyers with the mother ship, the cruiser Birmingham—the scouting unit of Admiral Rodman's armada—and the tender Prairie came up into the inner harbor for anchorage.

Soon after Admiral Rodman had greeted Mayor Snyder and the official party had gone ashore, launches began to bring liberty parties to the San Pedro landing and the naval raid on Los Angeles was on.

Met 22 Miles From City Center.
With banks, stores, factories and offices closed, the people crowded trains and electric cars that started every few minutes on every available track for the harbor. State records show that Los Angeles possesses 107,000 automobiles and if any of them were absent from the roads leading seaward, today, it was because there was no more room on any highway or by-path.

The theatre for the review and for subsequent events lies 2 miles from the main portion of Los Angeles, but linked to it by a strip of municipal territory known locally as "The show string," which broadens at the end to accommodate San Pedro, the little city within a city that has grown about the port. From the harbor the main strand sweeps southward, with an eastern curve.

This afternoon after Mayor Snyder and a committee of citizens had been received aboard the flagship and greeted by Admiral Rodman, Secretary Daniels reviewed the fleet, and there was shore liberty for about 5,000 men and a proportionate number of officers, while a barbecue was provided at Long Beach for the former. The officers were guests of that city at banquet and Secretary Daniels came into Los Angeles and attended a banquet at the Jonathan club, where Governor William D. Stephens extended official welcome to the state.

BOXING BOUTS LEGAL IN MONTANA RULING OF BOZEMAN JUDGE

No Law to Prevent Contests Since Kiley Statute Rendered Inoperative by Referendum.

Bozeman, Aug. 9.—In the district court here today, Judge B. B. Law held that there is no law in Montana to prevent boxing contests since the Kiley law was rendered inoperative by the referendum.

The question arose upon the habeas corpus proceedings for the release from the county jail of Richmond Gex, who was arrested and convicted and fined, yesterday in a justice court for promoting a boxing contest to be held here during the annual convention of the Montana Elks association, Wednesday evening, August 13. Gex was jailed after refusing to pay a fine of \$50. Attorney Walter S. Hartman applied for a writ of habeas corpus returnable this morning at 10 o'clock.

The charges were brought by County Attorney C. E. Carlson and assisting in the proceedings before Judge Law was Carl E. Cameron, representing Attorney General Ford. Gex was released from custody.

In commenting upon the contention of counsel for the state who relied upon the McDonald case, which arose in Butte, and was decided by the supreme court of this state in 1914, Judge Law said in substance, that he did not believe the supreme court had the constitution of Montana in mind when it rendered its decision in the McDonald case, and that he did not believe they would uphold their decision if the matter was presented to them again. He further stated that he did not believe that he or any other person was bound by a decision of the supreme court if in his opinion he thought that decision was not right and that he was not bound by that decision if he thought that it conflicted with the constitution for he reason that the supreme court is made up of "nine Justices like ourselves from the land and bar."
