

TOWNS NIBBLED FROM REDS UPON THREE FRONTS

Poles, Letts and British Win Bolshevik Positions in Russia.

London, Sept. 1.—The Poles have captured the fortified town of Bobruisk, 85 miles southeast of Minsk, according to an announcement by the Polish authorities today. The Poles took 500 prisoners.

Lettish and Lithuanian troops have driven the bolsheviks from over Alexander, 15 miles southwest of Dvinsk, according to a statement issued by the Lettish press bureau here. It is said that a large number of prisoners and guns have been captured by the Letts and Lithuanians who are advancing.

An official statement, issued by the bolshevik government at Moscow, declares that the bolsheviks have captured the town of Yekaterinoslav, in preparation to surrender without fighting.

The statement claims the bolsheviks have occupied Sugla, Oljan and Balakley. In the region of Orenburg, bolsheviks captured a battalion of 800 men and a Cossack regiment of 500, the statement asserts.

British Victory in Archangel.

Major General William E. Ironside, commander-in-chief of the British forces of the Archangel front, in an official report on the recent fighting for the village of Emtsa, says Russian troops, supported by two companies of the Royal Fusiliers and many Australians, attacked the bolsheviks, August 29.

"The attack was completely successful," the statement says. "All our objectives were gained and all the enemy's gun positions and the village and station of Emtsa fell into our hands."

"After the capture of Emtsa, the bolsheviks counter-attacked with several armored trains, retaining the village. A further attack by the Royal Fusiliers recaptured the village which is now in our hands."

"So far, ten guns, many machine guns and 500 prisoners have been captured. Our casualties were light."

morning of September 8. General McAndrew said, and will stay in that city three or four days before coming to Washington to report formally to the war department. After the first division parades here, it is said that General Pershing will visit his old home in Missouri, after which he will return to Washington to present his views as to the permanent military policy of the nation before congressional committees.

General McAndrew, who is head of the general staff college here, will go to New York within a few days to complete the military arrangements for the welcome there.

Will Hand Austrians Treaty Tuesday; Five Days Given to Accept

London, Sept. 1.—The supreme peace council has decided to hand the peace treaty with Austria to the Austrian delegation next Tuesday afternoon. Five days' delay will be granted the Austrians before signature of the treaty.

GOOD-BYE, WEAK NERVES

"Nothing wrong but my nerves." We hear it at home, at work, and everywhere. Certainly nervousness is a disease. A man or woman might better have a broken arm or leg than a shattered, run-down nervous system.

Overwork and worry drains the nerve cells of all their strength and vitality; then come the sleepless nights, poor blood, nervousness, worry, and fear, that go with a run-down nervous system.

In case of this kind Phosphated Iron rarely fails to strengthen and build up the phosphate-hungry nerve centers. It takes hold right from the start.

The way the majority of people "come back" is remarkable. You can almost see their nerves grow strong, steady and peaceful. Their eyes sparkle, their cheeks are filled out, and flushed with the healthy, ruddy glow that only pure, red, ironized blood can give, and their whole system is alive, with youth, energy and good spirits.

Phosphated Iron will do all this for old or young if they will give it a chance. Get a box today and watch it build you up.

Ask for Phosphated Iron Capsules. Be sure you get capsules. For sale by Cascade Rx. Pharmacy, 110 Third St. So.; Model Rx. Pharmacy, 312 Central Ave.; Great Falls Drug Co., Wholesale distributors.

Senators Drop Plan of Organized Tour to Trail President

Washington, Sept. 1.—Plans for an organized tour of republican speakers in the wake of President Wilson's transcontinental tour were abandoned today at a conference of republican senators. It became known at the same time, however, that individual republican senators are arranging individual speaking engagements.

Senator Johnson, republican, of California, will speak in Indianapolis a few days after the president's visit there, and later will speak in California. Senators Reed, democrat, Missouri; Poindexter, republican, of Washington; and others speaking to the league also are making speaking engagements.

Senators Borah, Lodge, Knox and other republicans plan to remain in Washington, where the treaty will be under consideration in the senate and plan to make replies to the president from the floor.

Hanson Spurns Silver Membership Card of Unrepentant Union

Seattle, Aug. 30.—A silver membership card given by the local boilermakers' union to Ole Hanson, when he was mayor of Seattle, was returned to the union by the former executive today with a letter in which Hanson asserted he could not retain membership in an organization which, so far, has failed to oust the leaders in the general strike here last February, which was branded by the former mayor as a revolutionary movement.

Ferry May Connect Canada and Alaska

Ketchikan, Alaska, Aug. 10.—(By mail)—An international ferry line may soon connect Ketchikan, Alaska's most southern city, with Prince Rupert, her Canadian neighbor to the south. The Grand Trunk Pacific railway, which touches tidewater at Rupert, is considering establishing the ferry.

TEN WHITES ARRESTED IN KNOXVILLE RIOTS; GRAND JURY IS CALLED

Battalion of Guardsmen Sent Home; Machine Guns Still Awe Black Belt; Property Damage \$50,000; No Labor Parade.

Knoxville, Sept. 1.—Under heavy patrol by national guardsmen and special officers, following the race riots of Saturday night and Sunday morning, in which two men were killed and sixteen sent to hospitals with wounds, Knoxville today passed a quiet holiday. Two of those wounded in the main battle Saturday midnight are not expected to live.

Sheriff Cate tonight caused the arrest of ten white men on charges of assisting prisoners to escape when the jail was attacked Saturday night.

The situation has improved to such an extent that Adjutant General J. B. Sweeney tonight sent home the Third battalion of the Fourth Tennessee infantry.

Labor day celebrations were held separately today by the whites and negroes, as originally planned, the only change being that scheduled parade was abandoned. No disorder of any kind was reported today.

Troops still were patrolling the business district and the negro sections with machine guns in position in the heart of the black belt.

Two hundred and fifty citizens sworn in as special deputies or policemen are assisting the military authorities. Squads are patrolling all suburban sections in automobiles, with reserves to answer calls from nervous citizens.

A special session of the grand jury has been called for Wednesday, to investigate the riots and to consider the case of Maurice F. Mayes, the negro accused of murdering Mrs. Bertie Lindsey early Saturday, which crime inspired the storming of the county jail Saturday night and the subsequent race riots.

Mays is in jail at Chattanooga, where he was taken Saturday noon before the trouble started here.

In addition to the casualties list, the reports estimated today, caused by the rioting, it was estimated today, \$50,000 property damage of more than \$50,000.

FLIER DIVES AT KAISER'S GARDEN BUT MERELY GREET'S EXILE AND DARTS AWAY FROM AMAZED VILLAGE

Amersongen, Holland, Sept. 1.—(By The Associated Press.)—Much excitement was occasioned in Amersongen, at 11:30 o'clock today, when an aviator, flying above the Van Bortnick estate, suddenly looped the loop and dived low directly over the garden, where the former German emperor was engaged in his daily task of sawing wood.

Many of the villagers believed the one-time emperor was in danger, but the aviator merely descended to about 50 feet above the garden, leaned over the side of his plane, waived a greeting to William Hohenzollern and then proceeded on his journey.

The aviator is presumed to have been Versteeg, a Hollander.

The former emperor is said to have been greatly pleased over the airman's greeting.

One County in U.S. Without Tillable Acre in Its Area

Denver, Sept. 1.—San Juan county, Colorado, has the distinction of being the only rural county in the United States that does not contain a single acre of tillable land, according to the state board of immigration.

The altitude of the county ranges from 4,000 to 14,000 feet, and it has an area of 453 square miles and a population of 3,063. The principle source of wealth is mining.

and the agreement between the United States, Belgium, the British empire and France, of the one part, and Germany, of the other part, with regard to military occupation of the territories of the Rhine, also signed at Versailles on the 28th of June.

Danger of Embarrassment. "The declaration of the 16th of June to which you refer was a mere declaration of policy and does not become in any way pertinent until the treaty is ratified. My impression is that a certain degree of embarrassment would be caused, not to the United States, but to the countries with which we must necessarily cooperate in many particulars in the execution of the treaty, if it were communicated now. It will, of course, be made public in due time."

"With regard to the treaties with Austria, Hungary, Bulgaria and Turkey, it would be out of the question for me to submit them in their present form, even to the committee on foreign relations. They are in process of negotiation and are subject to change and reconsideration until completed and signed. I am sure that the committee on foreign relations will appreciate the undesirability of creating the president which would be created by submitting treaties in their draft form. It would tend to take the function of negotiating treaties out of the hands of the executive, where it is expressly vested by the constitution."

BUDAPEST CABINET OFFERS TO STEP OUT BUT ON CONDITIONS

Names Successors Under Franz Heinrich as Premier and Demands Right to Army.

Budapest, Sept. 1, via Vienna.—(By The Associated Press.)—The government of Premier Friedrich has offered to step down and out. It is reported that the premier has offered the entire cabinet, his ministry to be succeeded by one under Franz Heinrich, the present minister of commerce.

This new cabinet, according to the reported plan, would include Jules Peidl, the former premier; Paul Garami, minister of justice in the Peidl cabinet, and Karl Payer, minister of home affairs in the same cabinet; Martin Lovassy, foreign minister in the first Friedrich cabinet, and Stephen Szabo, minister of small farmers in the present Friedrich ministry.

Certain conditions are attached to the offer. The entente, it is declared, must recognize and negotiate with the new government as representing the constituted authority of Hungary and permit it to reorganize a new army and police force. It is stipulated, likewise, that the Rumanians shall gradually leave the country and that, while they remain, they shall discontinue acts such as the disarming of Hungarian officers and the requisitioning of supplies.

Reports reached London Sunday from Vienna and Berlin that the allies had presented an ultimatum to Premier Friedrich, demanding his resignation.

OLD SILVER MINE MAY BE REOPENED

Pinal County, Arizona, Property Has History Reading Like Romance.

Phoenix, Ariz., Sept. 1.—Wrested from the hands of the Apaches over four decades ago, the famous old Silver King mine of Pinal county possesses an early history that savors strongly of the romance of the early west.

Credit for the discovery of the location belongs to the soldiers whose work of civilizing Apaches led them into the almost inaccessible mountain fastnesses. The mine soon became the nucleus from which was carried on the work of reclaiming the Pinal region from the savages.

The Indians dominated the entire district, and deterred most prospectors from venturing far into the Pinal mountains.

Not so with a soldier named Sullivan, however, who was a member of the command of General Stoneham, afterward governor of California. Sullivan showed his native silver outcroppings to others, the exact location of the prospect was laid out, a corporation was formed, and the mine was first worked in 1822, being continuous operation until 1888. During this period the values in silver alone amounted to \$10,000,000 gross. Since that time the property has been worked only sporadically and only \$600,000 in silver has been extracted. Recently, however, there have been indications of renewed interest in the old mine.

CANADIAN LANDS HELD IN U.S. TAKEN TO GIVE SOLDIERS

Nebraska Investors Send Representative to Victoria to Protest Confiscation.

Omaha, Sept. 1.—Lysle Abbott, representing a group of large holders of Canadian lands, has gone to Victoria, B. C. to protest against what is claimed to be virtual confiscation of their property for the benefit of Canadian returned soldiers.

"Land settlement districts" have been created under a law adopted three years ago and Nebraska owners have been notified their lands are appraised at \$5 an acre. If they refuse to accept this appraisal they may appeal that the amount offered is insufficient.

Many Omahans bought Canadian land eight or nine years ago, before the land settlement law was passed.

High Cost of Parading Cuts Out Labor Pageant

New York, Sept. 1.—The high cost of costumes is the cause assigned, by labor leaders for not holding a labor day parade in New York, today. Ernest Bohm, secretary of the Central Federated union, made that announcement.

Conditions of industrial unrest with many strikes on and with others pending also have tended to make the workers lose interest in the picturesque side of the celebration, he said.

The labor men held their parade in Brooklyn as usual.

Alaskan Attorney Real "Sour Dough"

Anchorage, Alaska, Sept. 1.—Jerry C. Murphy, of Anchorage, Alaska's new territorial attorney general, is a real Alaskan "sour dough." He came into the territory as a prospector with a pack on his back and, at one time, worked as a packer on the Valdez-Fairbanks overland trail.

Wilson Wage Advance of Four Cents an Hour Rejected by Shopmen

Chicago, Sept. 1.—Railroad shopmen of the Chicago district voted against acceptance of the four-cent-an-hour increase in wages granted, announced last week by President Wilson and Director General Hines, according to an announcement tonight of J. B. Saunders, district secretary. Mr. Saunders said that the result of the vote compiled tonight, showed that 96 per cent of the men had voted against acceptance.

Why They Both Know it's Right

When this grocer makes a sale he always knows that he has neither unknowingly cheated himself nor his customer.

The amounts of all sales which amount to more than one item are added on a Burroughs Figuring Machine placed right on the counter where the goods are wrapped up—and he knows that all sales slips are added correctly. He cannot afford to trust this important work to pencil and paper methods of figuring.

A machine printed slip showing each item neatly printed as well as a printed total of the purchases made, is handed the customer. This slip shows Mrs. Jones that she has not been overcharged and also inspires her greater confidence in this store because she knows that here at least is one retailer who has installed modern accounting methods to protect her account.

Besides effecting a saving in the addition of sales slips, the Burroughs is also a time-saver. With it the clerks can add up figures quicker than they can jot them down on paper—and the answer is always correct.

The machine can also be used for checking the credit register; checking invoices; sending out statements; balancing the daily cash; making deposit slips; totaling outstanding accounts; bank accounts; money owed; and computing sales by day, week, month and year—enabling the retailer to keep his finger on every pulse of his business at all times.

Thousands of retailers all over the country are "keeping store" with a Burroughs and are making more money since their Burroughs was installed. Burroughs Figuring Machines are made in more than 100 different models—a model for every type of business no matter how large or small. They are priced as low as \$125 and can be bought on terms if you desire.

Let the Burroughs man show you how a Burroughs Machine will fit into YOUR business and make money for YOU. Such a request will place you under no obligation whatever.
