City Must Redeem Warrants Given for Special City Work

Special to The Daily Tribune. Lewistown, Sept. 22.—In the important case of the Empire bank against the city, tried before Judge Briscoe without a jury last June, the court has given a decision for the plaintiff for \$2,685. In the first boulevard improvement district created here, in 1910, some error was made and certain adjacent property was relieved of liability for the improvements made. Meantime the contractors had disposed of certain warrants of the district to the bank. Failure to collect all of the taxes for the work left the funds without money to meet these warrants. The court holds, however, that as the work was done by the contractors and they were without blame, as the bank took the warrants which had the good faith and credit of the city back of them, the city should redeem the warrants.

J. Bruce Kremer Goes East for Meeting of National Leaders

Special to The Daily Tribune. Butte, Sept. 22.—J. Bruce Kremer of Butte, vice-president of the national democratic committee, has gone to Atlantic City where on September 23 he will attend a meeting of the national committee. It is expected that at an early date national democratic headquarters incident to the coming campaign will be established in Butte for the western section of the nation, and that Mr. Kremer will personally direct the affairs of the bureau. Earlier in the season Mr. Kremer accompanied Senator Cummins on his trip through the western states. Republicans already are making claims for Montana, and emissaries for Senator Miles Poinsett, already a republican candidate for president, have visited this section of the state.

DAUGHTER OF LATE CHAS. W. FAIRBANKS WOULD BREAK WILL

Mrs. Adelaide Timmons, daughter of the late Charles W. Fairbanks, former vice president of the United States, has filed suit in Chicago to break the will of her father. She makes serious charges against her two brothers, Frederick C. and Warren C. Fairbanks. In a statement issued at the time she filed the suit she says that they drafted the will, involving \$8,000,000, when the father was so weak and blind he was unable to comprehend the effects of his acts. They deny the charge.

Roundup Plans for Great Homecoming Demonstration

Special to The Daily Tribune. Roundup, Sept. 22.—Arrangements have been virtually completed for the staging of the biggest demonstration ever held in central Montana on Sept. 25 at this city. Governor Stewart will be here and the famous A. C. M. band will furnish music during the day and evening. One block of pavement will be cleaned and waxed and a big street dance will be held at night. The town will be gayly decorated with flags and bunting and all returned soldiers are invited to be the guests of the city on this occasion. Meals will be furnished to all service men and a big program of sports will follow the parade and speaking. One of the features of the sport program will be a baseball game between the infantry men and all other branches of the service. Three three-minute boxing contests will be held on the streets, and other sports will be held during the afternoon. Musselshell county has about 13000 service men and it is expected that the majority of them will be present for the homecoming celebration.

CHICAGO MARKET

Chicago, Sept. 22.—Options that had been discounted beforehand did a good deal today in the grain market. Prices closed strong, 3 to 3 1/2 cents net higher with December \$1.25 1/2 to \$1.25 3/4, and May \$1.23 1/2 to \$1.23 3/4. Oats were quickly overdone. Right from the outset, corn prices showed a disposition to climb, and the bullish was the top point of the day. In the early dealings, most of the buying came from shorts who, last week, had correctly judged that the strike would take place and who acted in anticipation to the fullest extent possible. After these shorts, this morning, had evened up their trades, commission houses persisted in the buying and found reason for encouragement from the strength of values in the hog market and in Wall street. Oats were firmer with corn. Cash handlers displayed considerable eagerness to buy, and the market was quick. Higher quotations on hogs and grain lifted the provision market. Some initial dealings due to scattered selling were quickly overcome. CORN—December: Opening, \$1.25 1/2; high, \$1.25 3/4; low, \$1.23 1/2; closing, \$1.23 3/4. May: Opening, \$1.23 1/2; high, \$1.23 3/4; low, \$1.21 1/2; closing, \$1.21 3/4. OATS—December: Opening, 69; high, 70 1/2; low, 68 1/2; closing, 70. May: Opening, 70 1/2; high, 72 1/2; low, 70 1/2; closing, 72 1/2. MINNEAPOLIS GRAIN—Minneapolis, Sept. 22.—Wheat: Receipts, 821 cars, compared with 746 cars a year ago. Cash: No. 1 northern, \$2.45@2.60; No. 2 northern, \$2.40@2.55; No. 3 white, 64 1/2@66 1/2; No. 4 white, 64 1/2@66 1/2. Flour, unchanged; shipments, 63,722 barrels. RYE, No. 2, \$1.25 1/2. Bran, \$3.50.

Stock Market as seen by Bulls & Bears

Reported by H. B. Lake & Co. New York, Sept. 22.—During forenoon price tendency was very uncertain but his session went along and liquidation did not appear in volume the short interest displayed signs of nervousness and the retirement of commitments by this element helped prices somewhat. Naturally the reports on the labor situation in the steel trade were scanned very carefully and dispatches intimating that operations by manufacturers were proceeding at a fair average served to promote the idea in some quarters that the conditions at some of the leading steel manufacturers are not as bad as many were inclined to anticipate. However, it may be rather difficult for a while to gauge events as far as the labor situation is concerned and until there is some clearing up of matters touching on same it may be well to pursue more of a scalping attitude.

NEW YORK MARKET

FINANCIAL. New York, Sept. 22.—Trading in the stock market, today, was cautious, but the beginning of the long-heralded strike in the steel industry did not exert so great an influence on prices as had been feared. The same was true of last week's unfavorable bank statement. There were several reversals after the irregular opening, but, at no time, was there any pronounced pressure to liquidate long holdings, that fact eventually making an impression upon the short interest. Steels, steel equipments and the shares of various other industries whose operations hinge largely on the outcome of the ten-hour labor situation were well supported, the few exceptions being limited to utilities and minor speculative issues. Much of the market's strong undertone was attributed to the lack of outside interest, public participation having technically dwindled to slender dimensions, with consequent strengthening in the technical position, ever since the first sign of industrial unsettlement. United States steel companies ranged between 100% and 102%, closing at the top with a gain of 1 1/2 points, Bethlehem and Lackawanna were flat and Inland, which again scored an independent course, gained 1/2 points. Call loans opened at 5 1/2 per cent, but stiffened to 7 1/2 in the final hour, the banks showing less disposition to lend because of last week's heavy deficit in reserves. Liberty bonds were firm, but the general list was uncertain, some traction and other utilities reflecting pressure. Total sales (par value) aggregated \$12,000,000.

FROM A WINDOW IN FEZ.

The motor paused before a green door in Fez, where a cadi in a silken craft received us. Across squares of orange trees divided by running water we were led to an arcade apartment hung with Moroccan embroideries and lined with wide divans, the shrill of reception of the resident general. Through its arches were other tiled distances, fountains, arcades; beyond, in greener depths, the bright blossoms of a flower garden. Such was our first sight of Hou-Jehou, once the summer palace of the wives of Moulay Hafid. Upstairs, from a room walled and ceiled with cedar, and decorated with the bold rose pink embroideries of Fez, I looked out over the upper city toward the mauve and tawny mountains. Just below the window the flat roofs of a group of little houses descended like the steps of an irregular staircase. Between them rose a few cypresses and a cypress minaret out of the court of one house an ancient fig tree thrust its twisted arms.

PREMIER NITTI FOR SUFFRAGE

Premier Nitti, speaking in the chamber of deputies during the debate on the bill granting women suffrage, said that he himself was a warm advocate of it, as women in Italy must become an important element in the political life of the nation. The women worked as hard as the men in the war, the premier declared, and sometimes even excelled them, showing marvellous competence and endurance which was unexpected, especially in a country where for centuries women had been banished from contact with masculine interests.

Premier Nitti paid a tribute to the Calabrese woman who, while their husbands emigrated to America, conducted the family work in the fields or factories and transact business. He explained that it was a physical impossibility to have women vote in the next general election owing to lack of time to complete a voting list. It was after this speech that the bill passed, 174 to 55.

The reason why a wife gets sick of having her husband constantly kissing her and calling her "Honey" is because she would rather get materials for her new hat at the dry-goods store than pay \$15 for it ready made. And what become of the o. f. f. pug dog with her?
