WAR VETERAN URGES LEAGUE OF NATIONS IN MALTA ADDRESS

Alvin C. Canole in Lecture on Argonne Battle Pleads for Peace Treaty.

Special to The Daily Tribune.
 Malta, Sept. 30.—Alvin C. Canole, one of Phillips county's returned soldiers, gave a lecture on "The First Eight Days of the Argonne Drive" to an appreciative audience in the Methodist church Saturday night.
 Mr. Canole left school a year and a half ago to enlist and before he left gave an address in the Methodist church, telling his views of the war. At that time he said that if he ever came back he would come to Malta and tell of his experiences.
 He is now a student at the Montana Wesleyan college at Helena, and this is the first time he has been in Malta since he left for the training camp.
 His lecture was very realistic, making the audience almost think they heard the roar of the guns. He closed with a strong appeal for the league of nations, saying that those who had been through the battles were in favor of anything which would help to guarantee future peace.

THIS WEEK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not stop that, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound my husband wanted me to try it. I took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness." Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia Pa.

The majority of mothers nowadays overdo, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, back-ache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal, healthy condition, as it did to Mrs. Worthline.

Farmer of Nashua Missing for Days

Special to The Daily Tribune.
 Glasgow, Sept. 30.—On Sunday, Sept. 21, T. R. Paige, who resides three miles northwest of Nashua, left his home in the morning before breakfast and has not been heard of since.
 In leaving for work that morning Mr. Paige took a lunch with him and was to return in the evening. Night came and Mrs. Paige becoming alarmed, went down to the garden and found the lunch that he had taken with him untouched and a small caliber rifle that he always had at the shack, missing. She notified Deputy Sheriff McPherson, who went to the ranch and searched the place thinking that perhaps Mr. Paige had met some accident with the missing gun. This proving of no avail, he organized a band of Nashua men on the same day and made a vigorous and thorough search of the premises and surrounding country with the same results.

THREE ARE INJURED WHEN AUTOMOBILE HITS LOADED WAGON

Man, Wife and Child Victims, Three Other Children on Vehicle Unhurt.

Special to The Daily Tribune.
 Kalispell, Sept. 30.—J. C. Dahl, his wife and four children, of Rollins, while returning from Kalispell Saturday evening, were struck by the automobile of Sam Lind of Darton at a point about four miles south of this city. As a result, Dahl, his wife and one of the children are in the Kalispell general hospital, although it is considered that their injuries are not serious. Dahl was driving a team attached to a load of household goods.
 Lingie brought the injured to the hospital in his car, and cared for the children, who were uninjured. He remained at the hospital until 3 o'clock in the morning and then spent most of the day Sunday there, only leaving long enough to go to the scene of the accident to care for the team and haul the wagon into a barnyard nearby.
 His explanation of the accident was that he turned a corner sharply, looking wheels with the Dahl wagon, which he said was not close to its side of the road.

Montana Corporations Subject of Inquiry

Helena, Sept. 30.—Probe of the financial condition of corporations existing under Montana laws will be undertaken at once by R. This action was ordered by the state board of equalization, at the suggestion of Attorney General S. C. Ford. The Anaconda Copper Mining company in particular, it is said, has been directed to show cause why it should not be assessed on alleged holdings of stocks.

To Hold Big Pageant Kalispell, Wednesday

Special to The Daily Tribune.
 Kalispell, Sept. 30.—The fair committee has announced that the pageant of the Boys and Girls' fair, which was postponed last Friday on account of bad weather, will be held on Wednesday evening of this week. State of Wyoming to Draw \$1,500,000 in Oil Royalties

Cheyenne, Wyo., Sept. 30.—The state of Wyoming is now receiving, in oil royalties from its state lands and state school lands, more than \$50,000 a month, or \$600,000 a year. Not only that, but within the next 12 months it will, in all probability, be receiving twice that amount. These figures do not include the royalties from the university lands, the latter are now running about \$20,000 a month, and \$40,000 a month. The total revenue for 1920, therefore, is likely to be in excess of \$1,500,000.
 These facts were made public today by A. Baker, state land commissioner. In making his estimates he did not take into consideration the royalty, now impounded by reason of litigation between the federal and state governments and bound to be released as soon as the contents are disposed of. Something like \$2,000,000 is involved in these suits.

Alleged Moonshiner Goes Into U. S. Court

His bond has been set at \$1,500 by Ray Anderson, United States commissioner. A complete whiskey-making still and a quantity of raw sins, partly fermented mash, pint flasks and whiskey was seized. Grenier at first claimed he made whiskey solely for his own use, but it is said that he afterwards admitted selling some.

TOP MOUNTAIN LAKES TO IRRIGATE TRACT MANY MILES AWAY

Joliet-White Horse Project Will Bring Water From Bear-tooth Range.

Special to The Daily Tribune.
 Billings, Sept. 30.—Four lakes high in the Bear-tooth mountains are to be tapped to provide water for land miles away, in Carbon county, according to the plans of the Joliet-White Horse irrigation project. The district of the project has just been created by Judge Charles A. Taylor, who named its commissioners Harry Duffield, Robert Barnes and M. C. Breckenridge.
 The new district embraces about 7,000 acres north and northeast of Joliet. Work on the project will be started as soon as organization is completed, and it is hoped to finish it next year.
 The forest service has granted permission to place dams at the outlets of the four mountain lakes in order to increase their size and retain the floodwaters until they are needed during the irrigation season. Rock creek will be used as a conveyor. Provisions will be taken to assure that the waters of Rock creek are not reduced.

Snow in Musselshell Makes Farmers Glad

Special to The Daily Tribune.
 Roundup, Sept. 30.—A snow which fell to the depth of about four inches and which was general over the county being heavier in the mountain sections has made the farmers glad here. This moisture will help the winter wheat which has been sown, and more will be planted within the next two weeks. The snow melted slowly, all of the moisture entering the ground. But a small percentage of the usual acreage of winter wheat has been seeded, and a much greater acreage than usual will be seeded to spring wheat.
