Gets Compensation for Lost Eye Then Creditors Lose Him

Helena, Oct. 22.—The state industrial accident board received a letter from the Sommers Lumber company yesterday regarding the settlement in full of something like \$1,400 paid to C. W. McLaughlin, an employe who lost an eye by accident in the mill last June. McLaughlin was offered a job at good wages as watchman and \$50 a month compensation, but he insisted upon a lump sum settlement. No sooner had he received it, says the letter of the lumber company, than he quit his job and with his wife disappeared from Sommers leaving a lot of unpaid bills.

FERGUS MARRIAGE LICENSE. Special to The Daily Tribune.

Lewistown, Oct. 22.—A marriage license has been issued to John P. McAllister and Miss Bessie Orr, prominent young people of Forest Grove.

There are two tastes in tea: the tea-flavor and tannin. The tea-flavor brings enjoyment, rest, cheer—that is what you want. Tannin is harsh, bitter, injurious. Tannin, you know, is used to tan leather and make ink; it is not meant to put into the stomach. It is bad for the digestion; it is hard on the nerves. Nobody wants tannin—it isn't even good to taste. Get Schilling's Tea and enjoy the real tea-flavor and steer clear of tannin. There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At Grocers everywhere.

Church Nursery Permits Mothers Attend Services

Special to The Daily Tribune. Bozeman, Oct. 22.—A nursery has been established at the Presbyterian church in order to give mothers with young children an opportunity to enjoy the church services, especially in the morning, and at the same time feel that their children are having proper care. A capable woman is in charge of the nursery, and she will be assisted by young women who have had experience in the care of the children.

BOYS-GIRLS CLUBS OF BLAINE CONDUCT SUCCESSFUL FAIR

Make Excellent Displays of Farm Products—Great Showing in Livestock.

Chinook, Oct. 22.—The county club fair and purebred stock sale conducted Saturday at the county fair grounds by winners of community contests under the leadership of the Blaine County Boys' and Girls' club director, Glenn C. Smith, and County Agent M. A. Torsfinson, was a decided success. Cash prizes of \$3, \$2, and \$1 had been given to the winners of first, second and third awards, but the biggest prize awarded was a year's scholarship to the winner of first place in each of the regular clubs. Those receiving the scholarship prizes are: Joe Dickson, garden club; Roy Streeter, poultry; Elizabeth Stephens, canning; Earl Streeter, corn; Marguerite Cheek, calf; Alma Cheek, sheep; Mable Ramberg, poultry; Ralph Dickson, pig. The winners in the club fair for all places are: Garden—First, Joe Dickson, Chinook; second, Letha O'Neal, Chinook; third, Fred, Mary Streeter, Zurich, and Robert Leckelt, Chinook. Potatoes—Irrigated, first, Roy Streeter, Zurich; second, Willie Ross, Bearpaw. Dryland—First, Florence Cichosz, Tule; second, Mary Zeestraten, Tule; third, Elizabeth Zeestraten. Canning—First, Elizabeth Stephens, Corral Coulee; second, Grace Stone, Coburg; third, Mary Streeter, Zurich. Corn—First, Earl Streeter, Zurich; second, Theo. Vander West, Hollandville; third, Henry Hollenberger, Zurich. Calf—First, Margaret Cheek, Turner; second, Alice Cheek, Turner; third, Mae Pauly, Harlem; third, Alvin Sisson, Chinook. Pig—First, Ralph Dickson, Lloyd; second, Willie Ross, Bearpaw; third, Roy Hillmeyer, Cherry Patch. Poultry—First, Mable Ramberg, Chinook; second, Helen Colgrove, Harlem; third, Russell Meinhold, Coburg. In the purebred clubs, prizes were given also as follows: Calf club: First, Roger Cronk, Coburg; second, Arthur Acher, Zurich; third, Willie Ross, Bearpaw. Chester white pigs: First, Garland Willman, Chinook; second, Russel Meinhold, Coburg; third, Wilbur Boswell, Tweed. Two special prizes were offered to members of the Poultry club, and members of the Chester White Pig club. Ray T. Moe offered two purebred Buff Orpington pullets and a cockerel to members of the Poultry club, and this prize was received by Mable Ramberg, who had a splendid exhibit of purebred White Leghorns and had almost a perfect record, having hatched 34 out of 35 eggs set and raised every chicken. The purebred Chester White sow pig raised by John Cronk, which won the sweepstakes at the Phillips county fair and which was offered as a prize by the Farmers' National bank of Chinook, was received by Garland Willman. Russell Meinhold of Coburg and Garland Willman of Chinook ran a close race on every point. The purebred sow given by the Farmers' National bank will start an endless chain pig club. Under contract, Garland Willman receives this pig to give two of her pigs next fall for prizes in the Chester White club contest. The sale of purebred Herefords and Chester White hogs netted the Boys and Girls' club a good profit on their investments. Most of the Purebred club members, however, bought their own pigs and are going into the business of raising purebred hogs. The bulls sold at an average price of \$270 and the Chester White pigs at an average price of \$80. Last June the bulls cost on an average \$176.90 and the pigs an average of \$40. The highest price received in the Hereford sale was for the bull belonging to Roger Cronk, bought by George Barber for \$100. The animals belonging to Bob Hemp-hill and Willie Ross each sold for \$300, while that of Arthur Acher sold for \$225. The pigs bringing the highest price were Waveand Rose, belonging to John Cronk, Jr., bought by the Farmers' National bank, and Queen of the West, belonging to Bernie Smith, each of which was sold for \$110. Garland Willman's pig sold for \$100 and Earl Streeter's for \$105.

RANGE IN PHILLIPS SUFFICIENT ONLY FOR LOCAL STOCK

Malta Commercial Club Advises Owners to Thoroughly Investigate Before Shipping.

Special to The Daily Tribune. Malta, Oct. 22.—There seems to be a general impression throughout the western part of Montana, that the range conditions in Phillips county and other eastern counties in the state, are in excellent condition and that a large number of farmers have in order to get their stock to properly care for horses during the winter months. A large number of stockmen from the western part of the state have already contracted with parties living in some of these counties, to care for horses during the winter months and at the present time this stock is pouring into the country in a wholesale manner. However, it is a fact at least in Phillips county, that while there is some range, there is only sufficient range in the county to care for local needs, and stockmen from the western part of the state shipping stock into this country will find that the range will be over loaded and the stock will be insufficiently fed. Furthermore, it is a fact that in parts of Phillips county water is very scarce and in a good many instances, stockmen are finding it necessary to drive their horses and cattle several miles in order to get water. In the event of a severe winter, it is doubtless a fact that there will be a large number of range horses that will starve to death and in the event of an open winter, water will be so scarce that with overloading the range condition is doubtful if the majority of the stock will pull through. In view of these conditions, stockmen from other parts of the state are advised to use precaution in making arrangements for wintering their stock in this territory. The citizens of Malta, through their official organization, the commercial club, have received a good deal of information relative to range and water conditions and feel that they are speaking not only in the interests of local farmers and stockmen who are trying to range their livestock through under the conditions, but also in the interests of western stockmen who may be misled by believing that range is plentiful in this country.

DENNIS SEES WILD SHEEP IN THE HILLS WEST OF AUGUSTA

Railroad Commissioner Gets Elk and Ducks but Dares Not Shoot Sheep.

Helena, Oct. 22.—Lee Dennis, railroad commissioner, has returned from an elk hunt which included three or four of his friends. They landed one elk and a dozen or so mallard ducks, but that was all. They hunted in the mountains west of Augusta about 30 miles, and while the elk were scarce, they had opportunities to shoot mountain sheep, of which a number were seen. One old buck, a fine specimen, walked relative to range within 100 yards of Mr. Dennis and a companion and stood there for 15 minutes and then, not content with the scrutiny, made a circuit of the mountain and emerged on a ledge above them. "There he stood, about 150 feet away, his head cocked to one side gazing at us," said Mr. Dennis. "After a while a couple of ewes joined him and they stood and watched us until we walked out on a rimrock, and then they disappeared. I was greatly tempted to shoot, but the game laws forbid so we walked hence with many a backward glance at the crinkly-horned leader of the flock." Mr. Dennis says there were quite a number of hunters in the vicinity, but up to the time he left not a great many elk or deer had been bagged.

DETAILS ARE STILL LACKING ON DEATH OF CAPTAIN STRONG

Body of Helena Man Killed While Hunting Is Still in Wilds of Rockies.

Helena, Oct. 22.—Until the hunters accompanying the body of William R. Strong arrive at Montaur Creek ranger station on the south fork of the Flathead river, in the heart of the Rockies, no details will be known of the death of the Helena man. It was expected that hunters would bring the body out yesterday and arrive in Helena last evening, but it is now expected that the body will not arrive in Helena until tomorrow. It appears that the first message, bringing news of the death during the week of Captain Strong while hunting elk with Treasurer H. L. Hart, Hans DeYoung and Elmer Keith, was sent by a courier who went over the main range from the Sullivan cabin, 35 miles north of Ovando, by little-known trails to Swan Lake and from there it was telephoned to Helena. Forest rangers at Swan Lake reported last evening that they had received no word since the first message. Efforts to get Montaur Creek over forestry lines out of Kalispell, Missoula and Helena were fruitless. While many rumors came to the city yesterday, none of them could be authenticated and only the original message saying that Mr. Strong had been killed and was found dead could be relied upon. A number of other Helena men went into the same country about the same time as Mr. Strong and his friends, S. McKenna of the Union bank and others from Helena went in with a big string of pack horses. Whether they joined the Strong party or not had not been definitely determined last evening, but it appears from word received here by friends that both parties joined forces at the Montaur station and with a big string of pack horses went into the wilderness. They reported there were many Flathead and Blackfoot Indians who were hunting near the Montaur station and because of them the Helena men went in farther in the hope of getting better game.

Easy to Make This Pine Cough Remedy Thousands of families swear by the promptness, effectiveness, and safety about it. You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose. Fine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex in a pint bottle, add 1/2 cup with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly. You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment. Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

The More You Delay The Better It Raises

If you can shut yourself up in the kitchen and avoid all interruptions most any baking powder will give good results. But with Crescent delays do not make a particle of difference—in fact, best results are obtained by allowing the dough to stand for five or ten minutes before placing in the oven. Griddle cakes or biscuits raised with Crescent can stand hours if necessary before baking. Neither is a very hot oven required for Crescent. Crescent produces sweet, wholesome baking. Your grocer can supply you.
