DEAN IS WATCHED AT STATE PRISON Great Falls Convict Given No Privileges Since Attempted Escape. That Kenneth Dean, one of the men sent to the state penitentiary a year ago for circulating fraudulent checks in Great Falls, is a closely guarded prisoner at Deer Lodge is the word brought back from that place by Deputy Sheriff E. J. Tait. A short time ago Dean escaped from the prison, stole an automobile and drove as far as Warm Springs before he was captured, and since then he has been placed with the convicts who are constantly under surveillance. He was sentenced to serve not less than two nor more than five years and his attempted escape eliminates possibility of a parole at the end of the minimum period. Dean was considered one of the most dangerous criminals handled by the local sheriff's office in some years. He was arrested by Deputies Tait and Dean at the Burlington hotel, but not until he had attempted to use the huge gun in his belt. The weapon stuck in its holster, which very obviously was the only reason why it was not used. "Two years!" Dean snuffed his contempt at the sentence when talking to Sheriff J. P. Burns, following his return from the court room. "I can do that on my own every morning before breakfast." Before he was taken to the penitentiary Dean made an effort to escape from the county jail. He succeeded in concealing himself in the hall when the cells were locked on night and with saws carried about his clothing tried to cut the bars on a window. He gave up the job after learning that his tools were inadequate and was sleeping peacefully when discovered. Dean is wanted by a dozen eastern cities for passing bad checks and Warden Frank Conley has received numerous requests that he be surrendered for further prosecution when his term expires.

Homes for Children Sought by Society There are some healthy boys and girls wanting a home whose only misfortune is that they have been left helpless in a world which must look after them until they reach an age when they can fight their own battles. They are from 10 to 12 years old, bright, pleasant and capable people who, if given an opportunity in a home that gives them encouragement will bring joy and happiness to the people who provide their opportunity. They are now in the custody of the Montana Children's Home society, and E. C. Barton of 721 Fifth avenue south, the local district representative of the home will be glad to hear from any family that desires the smiles of a child to brighten the home. He will furnish the needed information as to how the child can be secured and the conditions that will be exacted in placing it with a family. Mr. Barton can be reached by telephoning him at 6807.

Don't Spoil a Good Meal With a Bad Stomach If a physician, a specialist in stomach diseases, came to you and said: "I will fix up that miserable, worn out stomach for you or money back." "I will make it as good as new so you will not suffer from indigestion and can eat what you want without fear or suffering, or money back would you turn down his offer?" And when you are offered M-i-o-n-a stomach tablets, made from a prescription better than many of the stomach specialists know how to write, are you going to be narrow minded and continue to suffer from indigestion, or are you going to be fair to yourself and try M-i-o-n-a on the money back agreement. M-i-o-n-a stomach tablets are offered to you on this basis, that if they do not put your stomach into such good shape that there is no dizziness, sour stomach, biliousness, sick headache, and stomach distress, your money will be returned to you by Model Pharmacy and all leading druggists.—Adv.

Stork Visits

Deaconess hospital on Wednesday, October 29

The Rev. Dr. W. W. Van Orsdel, who is a patient at the Deaconess hospital following a stroke of paralysis several days ago at Chinook, continues about the same as when he was brought here 10 days ago. At times he fails to rest at night and on such occasions, the following day finds him fatigued, as was the case yesterday. Last night, however, he was resting and seemed better than early in the day.

The quick action of simple witch-hazel, hydrastis, camphor, etc., as mixed in Lavopik eye wash will surprise Great Falls people. One girl with weak, strained eyes was helped by a single application. Her mother could hardly sew or read because of eye pains. In one week she, too, was benefited. We guarantee a small bottle of Lavopik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. Great Falls Drug Co.—Adv.

Stefansson, the explorer, will lecture at the Grand opera house on Friday evening, November 7, being brought here by the City Federation of Women's clubs, Harpers' Weekly, speaking of Stefansson's success, says: "His success marks a new era in Arctic explorations. Like great military commanders, Stefansson has solved the problem of supplies. Heretofore explorers have been limited in their trips by the amount of food they could carry—depending upon eating their dogs on their return. Stefansson, traveling with a minimum of provisions, has lived off

the land for months at a time, yet returned with men and dogs in good health."
