GREAT MOUNTAIN OF LOST BAGGAGE

Government Holding 150,000 Pieces to Be Claimed by Returned Soldiers. National headquarters of the American Red Cross has called attention to the fact that there are at present approximately 150,000 pieces of lost baggage belonging to members of the A. E. F. on the government docks at Hoboken, N. J., consisting of 20,000 trunk lockers, 15,000 bed rolls, 5,000 suitcases and 110,000 baggage bags, which have come from overseas and remain unclaimed by their owners. Much of this baggage is marked with the name only and cannot be forwarded to the owner. In all cases a new shipping address is required. All owners of lost baggage should be advised to send their claims and present addresses to the Lost Baggage Branch, Pier No. 2, Hoboken, N. J. A complete card index there permits prompt identification and the baggage will be forwarded by express at government expense if on hand at Hoboken. The Red Cross desires to assist each man from overseas to recover his lost property, as well as to help the government dispose of this enormous accumulation.

EAGLES OBSERVE ARMISTICE DAY

Great Falls Eagles conducted a program Monday evening in observance of armistice day, there being present one of the largest audiences that has ever attended a session of the localerie. The Eagle lodge has determined upon November 11, each year, as the flag day of that order and Monday evening's program was the first under that order for the localerie. Past worthy President E. Homer Stane was in the chair as master of ceremonies. George I. Martin was the chanin. There was a patriotic address by Robert E. Crowley and there was also an address by Past State President W. A. Trembley, of Miles City. The program carried out was the ritualistic one provided by the granderie and was in all points similar to that carried out by Eagles everywhere on the same date. It included the singing of the "Star Spangled Banner," a tableau, the singing of "America," and a ceremonial carried out after which there was the address by Mr. Crowley. One of the happy features of the program was the tribute to the flag by Miss Florence Kowaleska who appeared in the role of Columbia. She was much praised for the excellent manner in which she rendered the part.

The Merchants association of Great Falls has called a meeting of the retail dealers in merchandise of this city which will convene in the Palm room of Hotel Rainbow this afternoon at 2 o'clock. Merchants from surrounding cities and towns will also be welcome. In fact, a number of dealers from the outside have asked President P. O. Wilson that they be allowed to attend. DEPUTY'S OFFICE HORSE INFIRMARY

Humane Officer Contemplates Caring for Stray Stock at His Headquarters. Nobody need be surprised if within the next few days a few shovels, forks and other barnyard impediments are discovered in the hallway outside the office of Humane Officer A. E. Deewe. If they are there it will be because the officer needs them. If the observer is curious he can learn more by looking in the door, for there, in all probability, will be found a number of stalls, a feed rack or two, several famished horses and a man wearing overalls and a high top boot. The latter will be Mr. Deewe. It is not certain, of course, that the horses will be in the office, but an authority of Mr. Deewe himself it can be stated that if they are not there they will not be anywhere else.

DEPUTY'S OFFICE HORSE INFIRMARY

Humane Officer Contemplates Caring for Stray Stock at His Headquarters. All of which makes it easier to say that Mr. Deewe is confronted with a problem; he doesn't know what to do with the half dozen or more starving horses that are ranging near the city. The owners can't be found; the animals are not worth what it would cost to feed them a week and he has no authority to kill them. One particular animal is causing the officer a deal of worry. It is a yearling colt that has been badly cut by a fence, but which has not, and will not if properly fed, reach the stage making necessary the use of a rifle as a humane measure. The colt and its mate was called to the officer's attention Sunday, but there was no question as to what should be done with the matter—it was cast in a ditch and so nearly dead that methods adopted by the officer unattended the natural approach of the gatekeeper by the end of the week or two.
