

BIG STACKS COULD AROUND CHICAGO AS COAL SHRINKS

L. & N. Road Discontinues More Trains; Lake Section Less Hit.

Chicago, Nov. 22.—Further restrictions on the use of coal and hardship on industry marked the twenty-second day of the miners' strike.

W. T. Tyler, director of operations of the railroad administration, declared there was enough coal in the country for many months if it were supplied only to domestic consumers and essential industries. He said that fully 70 per cent of the usual soft coal supply "is used by consumers who could discontinue business for a couple of months without seriously injuring the public welfare."

Industry continued to shut down or predict cessation within a few days in a number of cities. The United States Gypsum company, of Chicago, announced that a number of its mines throughout the country had been forced to close and others would probably have to close next week. The George B. Lambert manufacturing company, of East Chicago, Ind., the Johnson Biscuit company and the Hanford Produce company, both of Sioux City, Ia., and three flour mills in northern Colorado were reported shut down.

The Stewart-Warner company's plant at Beloit, Wis., will be forced to close Monday unless fuel is obtained, the Illinois Manufacturing company was notified.

The Louisville and Nashville railroad discontinued six local trains in central and eastern Kentucky.

Conditions in northern Michigan, Wisconsin, Minnesota and the Dakotas were reported good, by E. D. Brigham, chairman of the Duluth coal sub-committee, who conferred with R. H. Ashton, director of the Northwestern railroad region. This was due, he explained, to handling the Lake Superior districts needs by lake navigation in the summer months.

Have you noticed that there's always a crowd at the Palace theater? Nuf sed.—Adv.

HARDING ENTERED FOR PRESIDENCY; FORCED IN IS WORD

Ohio Senator Some Time Ago Announced He Preferred to Retain Toga.

Washington, Nov. 22.—Friends of Senator Warren G. Harding, of Ohio, formerly announced tonight, that an active effort would be made to obtain for him the republican nomination for president.

In a statement, declaring Ohio republicans would line up solidly for Mr. Harding, Harry M. Daugherty, a member of the state executive committee, declared the Ohio senator had "practically been forced into the contest."

Senator Harding himself had no announcement to make, although it was indicated by his friends that he might issue a statement soon. He recently declared publicly he was not a candidate.

NO SIGN OF MEXICO OBEYING NOTE SENT IN JENKINS ARREST

State Department Officials Believe Emphasis of Demand Will Dawn on Carranza.

Washington, Nov. 22.—Although the note sent by the American government to the Mexican government, Wednesday, demanding the immediate release of William O. Jenkins, American consular agent at Puebla, was delivered to the Mexican foreign office the same evening, the Mexico City press says Jenkins still is in the penitentiary.

Mexico continued today to be the object of vigilance at the state department, pending an answer from the Mexican government to the note, warning that further molestation of Jenkins, twice arrested in connection with his abduction by bandits, would seriously affect the relations between the United States and Mexico.

It is believed by officials that Jenkins will be released as a result of the note, one of the strongest ever sent to the Carranza government.

State Board Prepares for Examination of Montana Teachers

Special to The Daily Tribune. Helena, Nov. 22.—The state board of educational examiners, composed of Miss May Trumper, state superintendent of public instruction, Professor Daughters of Missoula, Miss Elizabeth Sutherland, county superintendent of Beaverhead, J. U. Williams, city superintendent of Harlowton, and A. J. Roberts, principal of the Helena high school, met here today to prepare for the state teachers' examinations to be held at the county seats of the state December 4, 5 and 6.

Report Exaggerates Smallpox Situation in Lincoln County

Special to The Daily Tribune. Helena, Nov. 22.—Every case of small pox and scarlet fever reported in Lincoln county is quarantined and health officers report both diseases under control and the situation exaggerated in first reports. Dr. J. J. Sippy, state epidemiologist, said according to reports he received today.

Folks know they'll see a good show and hear good music at the Palace theater.—Adv.
