SIX MORE COUNTIES JOIN IN OPPOSITION TO NEW PRIMARY LAW

Nine Counties Have Now Sent in Petitions Asking for a Delayed Referendum.

Helena, Nov. 28.—Six more counties have filed petitions seeking to hold up the primary election law and the law repealing the preferential primary passed at the extraordinary session of the Sixteenth legislative assembly and refer them to the voters at the general election November 2, 1920, under the provisions of the referendum clause of the state constitution.

This makes a total of nine counties from which petitions have been received, a total of 4,438 signatures being on the preferential primary petitions and 4,451 on the petitions to hold up the primary election law.

The counties which have filed petitions against the law repealing the preferential primary and the number of names of the petitioners are: Hill, 682; Fergus, 782; Chouteau, 465; Yellowstone, 257; Teton, 170; Sanders, 227; Roosevelt, 152; Valley, 329; Phillips, 216; Missoula, 887; Gallatin, 138; and Rosebud, 133.

Those filing against the primary election act and seeking to refer it and keep the old primary law effective for the 1920 election are: Hill, 682; Fergus, 782; Chouteau, 465; Yellowstone, 257; Teton, 170; Sanders, 227; Roosevelt, 152; Valley, 329; Phillips, 216; Missoula, 887; Gallatin, 137; and Rosebud, 136.

FORT PECK INDIANS WILL DRAW \$100,000

Government to Make Distribution Upon Per Capita Basis of \$50 Per Head.

Nashville, Nov. 28.—Within the next few weeks the Indians of the Fort Peck reservation will receive a per capita payment that will total over \$100,000. The payment, which will be \$50 for each Indian, will be made as soon as the rolls can be completed.

Just when this work will be finished is impossible to say but Major Mossman did make the statement that the payment would be made within the next few weeks.

Major Mossman has issued a letter to the Indians in which he makes suggestions as to how the money should be spent to the best advantage and at the same time points out ways that the money should not be spent.

Delivering Coal by Taxi in Butte

Butte, Nov. 28.—Fuel Administrator John H. McIntosh will make five deliveries of two sacks of coal to cases of extreme need. Deliveries were made in a taxicab. At the same time E. H. Lang, traffic manager of the A. C. M. company, was delivering two sacks to another family, where there was a sick child and all coal and wood had been exhausted. Mr. Lang filled the sacks from his own bin and half of Mr. McIntosh's deliveries were also from his own bin.

These examples serve to show that the fuel situation locally remains serious in spite of the fact that within the past three days 40 carloads of coal have arrived and practically all distributed. Wood has run very scarce and the deliveries by Mr. Lang and Mr. McIntosh included a small supply of dry wood from their own slender stocks.

Don't Disregard a Cold.

The influenza and pneumonia that swept the country a year ago were preceded by an epidemic of colds. Foley's Honey and Tar will check a cold if taken in time, and will also stop a cough long standing. It promptly gives relief, soothes and heals. Mrs. Geneva Robinson, 88 N. Swan St., Albany, N. Y., writes: "Foley's Honey and Tar is the best cough medicine I ever used. Two bottles broke a most stubborn lingering cough." It loosens phlegm and mucous, clears air passages, eases hoarseness, stops tickling throat.—Great Falls Drug Co.—Adv.

LEAVE MONTANA FARM TO RETURN TO KENTUCKY

Special to The Daily Tribune.
 Chinook, Nov. 28.—Mr. and Mrs. John A. Carrick and three children, who have lived near Twote for the past eight years, where they had a farm, left Wednesday for Georgetown, Kentucky, to make their home in the future.

HARLEM INTERESTS UNITE IN A STRONG BOOSTING SOCIETY

Form Harlem Development Association and Dodge Sitting Bull Valley Club.

Special to The Daily Tribune.
 Harlem, Nov. 28.—The Harlem Development association was formally organized Wednesday evening at a meeting held in Masonic hall. It was attended by a large crowd, representing every industry in and around Harlem and from the spouting enthusiasm the development of this section will receive a great impetus this coming season. R. W. Baird, manager of the Home Lumber company, was elected president; W. C. Hauck, assistant cashier of the Blaine County State bank was selected as treasurer, and A. Boe, cashier of the Blaine County State bank, was selected for executive secretary.

A committee on by-laws, consisting of R. V. Bottomly, J. H. McGraw, and P. R. Polley, was appointed to report at the next meeting. The dues of the association were set at \$5 per year, and Ernest Ellis and H. L. Barton were selected by the president to make canvass and get the dues collected up in the near future so that the organization will have a working fund.

The association listened to a very interesting report from R. V. Bottomly, who was delegate to the good roads convention in Great Falls, and also from R. W. Baird, R. V. Bottomly and C. A. Smith, who attended the meeting of the proposed Sitting Bull Valley Development association, which was held at Gaslow last Saturday evening.

After their report considerable discussion ensued as to the object of that association. The association has been started for the purpose of boosting irrigation and good roads and giving publicity to the Milk river valley in the territory from Lohman to Glasgow, but it is proposed that there be delegates at the meeting from all the Missouri river towns, clear to the state line, and from Plentywood and Seeby, and the new association was to include all territory in northern Montana east of Havre, under the name of the Sitting Bull Valley Development association.

This new name did not appeal to the members of the Harlem Development association for the reason that it is not significant of this section of the country. It is a fictitious name and as long as the prime object of the meeting was to boost and give publicity to the Milk river valley, that name should not be lost sight of if it is proposed to put the Milk river country on the map. It was the sentiment that the Harlem Development association would not endorse the new organization, but would be willing to endorse an organization that has for its sole purpose the development of the Milk river valley solely, for the reason that the people east and north of the Milk river valley have no interests synonymous with this valley except in the matter of highway work. In this matter the Harlem Development association will be glad to lend a hand.

Another meeting of the Harlem Development association will be held next Tuesday evening, when several other important matters will be threshed out and a committee will be appointed to conduct the farm bureau in the matter of exterminating gophers.

Father of Senator McKay Is Appointed County Commissioner

Missoula, Nov. 28.—Judge Asa L. Duncan has made the formal announcement of J. H. McKay of Eddy to the office of county commissioner of Sanders county, left vacant by the absence of Commissioner Frederick Symes from the country for a period longer than the legal limit permits. The office was declared vacant November 6. The appointment was made by the judges of district number 4, Asa L. Duncan, Theodore Lentz and R. Lee McCulloch.

Mr. McKay, the new commissioner, who will complete the unexpired term of My Symes, is the father of State Senator J. F. McKay of Noxon. He is one of western Montana's "old timers," and was made a candidate for the office by friends who petitioned for his appointment.

Not Fair to Sell Colored Water

Butte, Nov. 28.—That he attempted to sell colored water, bottled and bearing government stamps and a high price, as whisky, is the charge which Federal Agent Mann made today against G. Chauvois, who was arrested Wednesday night by Police Captain O'Donnell on complaint of a special agent for the B. A. & P. railway. Chauvois is held at the city jail pending the conclusion of the investigation which Federal Agent Mann has instituted.

CHINOOK LAWYER RETURNS FROM CALIFORNIA TRIP

Special to The Daily Tribune.
 Chinook, Nov. 28.—County Attorney D. L. Blackstone and little daughter, Dorothy, returned home Wednesday from California, where they spent several weeks ago with Mrs. Blackstone, who will spend the winter in the south for her health.

Burned clay is successfully used as gravel in concrete work.

Important Meeting Highway Commission Is Postponed a Day

Helena, Nov. 28.—A meeting of the executive committee of the state highway commission, scheduled for Friday afternoon, was postponed until Saturday afternoon.

The principal matters to be considered at the meeting are the outlining of a budget of expenses of the commission in 1920 and the probable work to be undertaken next year.

T. M. Keane, senior highway engineer of the federal bureau of public roads, with headquarters at Missoula, will attend the meeting to consult with Chief Engineer John Eddy and the executive committee upon the probable federal aid projects to be taken up next year.

There have been more than \$8,000,000 in bonds voted by the various counties for road construction, money from the sale of which will soon be available. The amount of construction estimated to be possible next year is \$5,500,000, which it is believed will take up most of the money available for federal aid work and from the sale of the bonds already voted.

WANTS BUTTE MINES DOWN TO SAVE COAL

Regional Fuel Director Suggests Throwing Thousands Out of Work to Keep Warm.

Butte, Nov. 28.—A suggestion was made today in a telegram from Regional Fuel Administrator T. W. Proctor, of Chicago, to close down the properties of the Anaconda Copper Mining company in order to assure sufficient coal for private homes.

The telegram was received by Fuel Administrator John H. McIntosh, who at once replied, stating that the Anaconda Copper Mining company did not wish to appear in the position of being determined to operate, that surplus supplies of copper are on hand at the present time, but that cessation of operation by the mining company would not help but would add to the hardships of the wage earners.

Williams Community Club Holds Election

Special to The Daily Tribune.
 Williams, Nov. 28.—The annual election of the community club, held this week, resulted in the election to the board of directors of E. D. Lacy, C. L. Olson, and Roy Campbell for a one year term; A. M. Tourtellotte, A. W. Paxson, and C. A. Rand for a two year term; and H. L. Barber, Haskell Barber, and J. H. Hardy, for a three year term. The community club is a civic organization having for its aim the promotion of all matters of general interest to the community including the entire Valier project association and the Williams library association. Since its organization many matters of common interest have been worked out, and the new board promises an active campaign for the coming year.

Girl of Lewistown Weds Spokane Man

Special to The Daily Tribune.
 Lewistown, Nov. 28.—Miss Gladys Regg one of Lewistown's most popular girls, yesterday became the bride of Leslie S. Jones, a prominent young man of Spokane. The wedding took place at the home of the bride's parents, Mr. and Mrs. George F. Regg, Rev. Archie Griggs performing the ceremony. The bride is a daughter of the court reporter in Judge Briscoe's department of the district court. She was a clerk in the local war office from the time it was opened until it closed, and personally knew most of the soldier boys who went out from Fergus county.

Dry Land Farmers Would Take Census

Special to The Daily Tribune.
 Chinook, Nov. 28.—Census Examiner Geo. H. Minson of Great Falls, conducted examinations in the county court room Wednesday, when 14 men seeking to become census takers, wrote on the questions. No women applicants were among the writers, and the greater number were dry land farmers.

Cut This Out—It's Worth Money.

Don't miss this. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley Kidney Pills for pain in sides and back; rheumatism, backache, kidney and bladder ailments; and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache, and sluggish bowels.—Great Falls Drug Co.—Adv.

RETURN FROM FUNERAL HELD IN KANSAS

Special to The Daily Tribune.
 Chinook, Nov. 28.—Mrs. J. B. Tucker and little son and daughter returned home Wednesday from Kansas, where they spent three weeks ago in response to a message telling of the death of Mrs. Tucker's father. They were accompanied home by her mother, who will spend the winter here.

BUTTE SHOW HOUSE ROBBED OF \$1,000 BY MASKED BANDITS

Assault Cashier While She Is Counting Night's Receipts. Escape With Money.

Special to The Daily Tribune.
 Butte, Nov. 28.—Two masked bandits entered the office of the American theater at 9 o'clock this morning and after beating into insensibility, Miss Emma Peterson, the cashier, and John Kelly, the janitor, robbed the safe of all its contents. Manager Frank Bailey of the American does not know as yet how much money was taken, but it is estimated that the sum was close to \$1,000.

Miss Peterson was alone in the office counting last night's receipts when the robbers appeared. The safe was open. Kelly appeared at the door as the bandits had overpowered the woman. He was backed up at the point of a gun and then struck over the head. Miss Peterson and Kelly were then thrown into an adjoining room, where they regained consciousness a few minutes later. The robbers escaped.

Valier Gets Coal From Local Mines

Special to The Daily Tribune.
 Valier, Nov. 28.—The coal situation in Valier appears to be in good shape. So far as can be learned no one is out of coal. There is no outside coal for sale by any of the dealers, but the local mines are working full capacity and a number of loads are coming in daily. The miners at the local mines, which are located only eight miles from town, were out for a few days at the beginning of the strike, but a compromise was effected and they have been working for a considerable period.

The University of Idaho dental college has devised a dummy jaw for practice by novices.

Choteau Stockman Purchases 700 Tons South Dakota Hay

Choteau, Nov. 28.—T. A. Meagher has returned from South Dakota points after having purchased 700 tons of native prairie hay at various points along the Milwaukee line. The hay was purchased by the county and will be laid down here at a cost of about \$23 per ton and is said to be of a very good quality.

MRS. EVERSON TO DIRECT SALE OF CHRISTMAS SEALS

Special to The Daily Tribune.
 Chinook, Nov. 28.—Mrs. P. K. Everson has been appointed director of the sale of Red Cross Christmas seals for the Woman's club in Chinook. The Rotary club at Havre has charge of the sales in this district, which includes Blaine, Hill and Chouteau counties.

APPLIES FOR CITIZENSHIP.

Special to The Daily Tribune.
 Chinook, Nov. 28.—John E. Baines, of Riedel, born in England, has filed a petition for naturalization papers.
