

Now Feels 20 Years Younger

"Tanlac Is Finest Thing I Ever Heard of," Says William Thompson.

"After eight years of suffering Tanlac has put me on my feet and made me feel 20 years younger," said William Thompson, a well known mechanic, employed by the City of Berkeley, Cal., and who lives at 1116 Glen avenue, the other day.

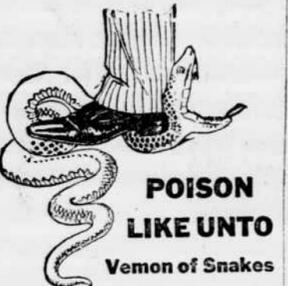

"Acute indigestion bothered me so bad," he continued, "that I would have violent pains in my left side, and I was afraid to eat anything because it always caused me awful suffering. Gas would form on my stomach and would feel as tight as a drum, and I would get so short of breath I thought every minute would be my last one. I was so constipated that I had to take a laxative every night, and at times I would get so dizzy I couldn't walk and would have to lean up against a building until this feeling passed over and I came to myself. I never slept good at night and my kidneys were out of order and many a night I would have to get up four or five times and I had awful pains in my back that were caused by my kidneys.

"This was my condition and I might have still been in this shape now, if it hadn't been for a friend who recommended Tanlac to me so highly that I decided to try it at once. It seems too good to be true that after all these years I finally found a medicine that can do what Tanlac has done for me. Why, I never have the sign of a pain now and no matter what I eat I digest it perfectly and don't suffer from gas or from pains in my stomach. Those dizzy spells never come on me and I'm not constipated and sleep like a log every night and get up feeling like a young man. Tanlac is the finest medicine I ever heard of and it was a lucky day for me when my friend told me about it, and you can count on me to pass the good word along whenever I get the chance."

Tanlac is now sold in Great Falls by Model Rx Pharmacy, 315 Central avenue, and Cascade Rx Pharmacy, 110 Third street south.—Adv.

CATTLE STILL BEING MOVED OFF THE RESERVATION.

Browning, Dec. 8.—Cattle in large numbers are still being shipped off the reservation. A trainload of beef from the government tribal herd and also a few privately owned cattle were shipped to the Chicago market, Friday.

POISON LIKE UNTO VERNON OF SNAKES

Professor H. Strauss, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night when you suffer with sick headache, or dizzy, nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store "An-uric" (anti-uric acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "An-uric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins.

Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It" removes it as easily as it does the toughest corn. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns.

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill.

Use "Gets-It" and Dance, Even with Corns removed it as easily as it does the toughest corn. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers, in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tape, "package" bandages, knives or scissors for corns or calluses. Sold in Great Falls and recommended as the world's best corn remedy by Model Pharmacy, Great Falls Drug Co., Cascade Pharmacy, Bridgeman Drug Co.

NEW SUPREME COURT IS BUSILY ENGAGED GIVING DECISIONS

Six Are Turned Out in Monday Morning's Grist—Each Justice Is Represented.

Helena, Dec. 8.—Six decisions were handed down by the Montana supreme court Monday morning. Each of the justices delivered an opinion.

In the decision by Associate Justice Mathews, concurred in by the rest of the court, the conviction of J. D. Bratton and J. G. Montgomery, convicted in the district court of Sanders county of alleged misrepresentation in the sale of stock in the Reservation Farmers' Elevator company, is reversed and the case is remanded.

In an opinion by Chief Justice Brantly, the court cuts from \$25,000 to \$15,000 the verdict awarded to Victoria Hall by the district court of Silver Bow county in a suit against the Northern Pacific railroad growing out of the death of her husband, Albert Hall, a locomotive engineer, who was fatally injured in a collision in the East Butte mining company's yards in April, 1916.

In an opinion by Associate Justice Cooper the court holds that Michael Sullivan is entitled to collect on his judgment secured in the district court at Butte against John W. Marshall for electrical work done in the Butte Tabernacle.

In an opinion by Associate Justice Holloway, the district court of Ravalli county is affirmed in the verdict given A. C. Juby against H. E. Craddock and Bernice Craddock, in an action brought to recover on a promissory note and foreclose a mortgage given as security, in opposing which the defendants alleged fraud.

Associate Justice Hurly, in an opinion in a water right and ditch suit appealed from the district court of Fergus county, William Dalgarno against H. Holloway, sustained the verdict.

It is held that where it is impossible to identify the property by the description contained in a mechanic's lien, the lien will be held invalid and the action of the district court of Richland county, in finding for the defendant in a suit brought by J. C. Johnson against Henry Erickson to foreclose on a mechanic's lien, is sustained. The opinion was by Justice Holloway.

JURY DECIDES WILL OF CARROLL IS VOID

Upholds Contentions of Heirs of Butte Man That He Was of Unsound Mind.

Special to The Daily Tribune.

Butte, Dec. 8.—Following a trial of the estate of John T. Carroll, deceased, the will of John T. Carroll, deceased, found by the jury to be invalid. The verdict indicates that Carroll was mentally unbalanced when he executed his last will and testament more than two years ago. Taking the matter into district court, Martha, Louisa and Thomas E. Dolman contested the will, naming L. A. King, Mrs. Maid H. King, D. J. Fitzgerald, George B. Winston and William C. Carroll as defendants.

The Dolmans, claiming to be heirs-at-law, contested the validity of the will on the grounds, as alleged by them, the deceased was of unsound mind when the will was executed, and that during the last days of John T. Carroll's life, D. J. Fitzgerald exercised undue influence over him, causing Carroll to believe his relatives had forsaken him, leaving him to die alone.

The petition of the contestants asked that the probate of the will which involves an estate valued at \$30,000, be revoked, and that D. J. Fitzgerald and L. A. King, named as executor, be required to show cause why the will should not be declared null and void. The will is so declared by the verdict of the jury.

Joseph Carroll died in Butte Oct. 30, 1917. What purported to be his last will and testament was filed with the clerk of the district court Nov. 5, 1917, and Jan. 18, 1918, and the order was issued for the probate of the will and letters testamentary, issued to Fitzgerald and King.

Contestants claimed in their petition that they, as heirs-at-law, were entitled to an individual one-third distributive share of the estate after all debts should have been paid, while the deceased, in his last will and testament, declared over his signature that none of his relatives should inherit any part of his estate, depeaching it to others.

Maybe you don't quite know what is your personal taste in tea.

Here's a good way to find out:

Try one flavor after another of Schilling Tea, and get your money back from your grocer on each, until you have found the flavor you like.

— We pay the grocer. So don't worry about that.

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At grocers everywhere.

A Schilling & Co. San Francisco

RESIDENTS OF MONTANA NOW GATHERING DISPOSED MINE WASTE FOR BURNING

Helena, Dec. 8.—Great piles of slack, which coal mine operators had considered worthless, are proving a godsend to the people of Montana during the fuel famine, according to information that has reached Governor Stewart's office.

These piles of coal lie out in the open and unskilled labor can load them. In the Carbon county fields dry land farmers with teams are being utilized for the purpose and at one mine in Bear Creek, alone, thousands of tons of slack have been loaded and shipped. In one case a large roadway across a collee which had been made by filling the arroyo with coal slack had been shipped to market.

The arrival of troops in some of the fields has made still more of such slack available for shipment. This morning the governor received the following telegram from the International Coal company at Red Lodge:

"We are now in position to ship a large tonnage of slack coal from our stock pile. We are using this coal in our own steam plant. If you can use any, please wire your requirements."

This coal is specially adaptable to stoker furnaces and several shipments of such coal have been used by the city heating systems in Butte, Billings, Glendive and the electric lighting plant in Forsyth. Two carloads of such coal have been taken by the state for the capitol heating plant. It is adaptable for any forced draft firebox and may be used in other kinds of fireboxes augmented by wood or other combustible material.

Everything is peaceable and quiet in the Montana coal fields and there have been no demonstrations as a result of the presence of troops, according to information so far received by the executive.

The state railroad commission Monday morning received a plea from M. M. Duncan, mayor Virginia City, urging that some coal be diverted to Madison county points. The appeal was referred to J. R. Cooke, fuel distributor for the state, at Billings.

WILL HIRE MANAGER TO HANDLE AFFAIRS ROAD ASSOCIATION

To Consolidate Districts Highway Improvement Association; Six New Districts.

Butte, Dec. 8.—For the purpose of consolidating the various districts of the Montana Highway Improvement association into one state body, an organization meeting was held Saturday in Butte, attended by delegates from the five districts.

Nelson Story, Jr., and J. A. Harader of Bozeman were elected president and secretary, respectively, of the consolidated organization with headquarters in Bozeman. It also was decided that the organization will employ a manager at an appropriate salary, who is to devote all of his time to the management of the affairs of the association.

Six more districts will be created in the state, making eleven in all. Headquarters for the districts will be: Glendive, Miles City, Billings, Bozeman, Butte, Missoula, Great Falls, Havre, Glasgow, Roundup and Helena.

Frank Conley, chairman of the state highway commission; R. S. Zahariser of the engineering department of the state highway commission, and Samuel Webb, also of the state highway commission, were present Saturday at the first state meeting of the roads' association.

The next meeting will be held in Billings, Jan. 10, 1920, when the executive committee, as well as members, will be in attendance. The state highway commission will meet jointly in Billings with the new association.

WITH PLENTY COAL IN SIGHT BILLINGS CAN'T BURN A POUND

Fifteen Carloads Standing in Railroad Yards While the People Are Shivering.

Billings, Dec. 8.—Although there are 15 carloads of coal in the local yards awaiting release by the regional coal director not a pound of fuel is available for distribution in either Billings or Laurel today. The situation at both places is acute. The temperature in Billings fell nine degrees in the two hours between 6 and 8 o'clock this morning, but since that time the thermometer has been rising. A minimum temperature of 24 degrees below zero was recorded this morning.

Billings, Dec. 8.—A deal was consummated recently by which the First National Bank of Dodson acquires the business, building and fixtures of the State Bank of Dodson, the latter retiring from business and surrendering their charter.

The First National will be moved into the State Bank building soon and the business of both banks consolidated.

Cashier Carl Liddell of the First National remains in charge. H. J. Testu, cashier of the State Bank will hold a like position in the consolidated bank. P. A. Everson, late of Chinook, a man of long experience and good training in banking affairs, will be active in the management.

J. M. Warren and Miss Laura Lee, cashier and assistant, respectively, of the State Bank, have surrendered their positions and Mr. Testu is at present attending to the affairs of the State Bank until the consolidation is completed and under one management.

The amount of the capital stock and surplus fund of the First National under the new arrangement have not yet been given out.

The number of banks in Dodson is thus reduced to one, which in many ways will be a great convenience to the people of the vicinity. The combined business of the two banks will make the First National one of the strongest institutions of its kind in northeastern Montana.

BANKING CONCERNS OF DODSON MERGED

First National Takes Over State Bank; Personnel of New Banking Force.

Dodson, Dec. 8.—A deal was consummated recently by which the First National Bank of Dodson acquires the business, building and fixtures of the State Bank of Dodson, the latter retiring from business and surrendering their charter.

The First National will be moved into the State Bank building soon and the business of both banks consolidated.

Cashier Carl Liddell of the First National remains in charge. H. J. Testu, cashier of the State Bank will hold a like position in the consolidated bank. P. A. Everson, late of Chinook, a man of long experience and good training in banking affairs, will be active in the management.

The number of banks in Dodson is thus reduced to one, which in many ways will be a great convenience to the people of the vicinity. The combined business of the two banks will make the First National one of the strongest institutions of its kind in northeastern Montana.

Browning Has No Coal but Wood Is Available

Special to The Daily Tribune.

Browning, Dec. 8.—Browning like many other places is up against the fuel game but fortunately some wood is available. There is no coal to be had for love or money and it likely that before many days some of the business houses will have to either begin burning wood or else temporarily close their doors. What little coal that has been received has been parceled out in 500 pound lots, and still there was not near enough to go around. With the severe weather, the condition is becoming serious.

Eight Children Had Croup

"I have eight children and give Foley's Honey and Tar to all of them," writes Mrs. P. Rehkamp, 2401 Herman St., Covington, Ky.; "they all were subject to croup." It loosens and clears mucus and phlegm, stops that strangling cough, makes easy breathing possible and permits quiet sleep. It contains no opiates, and children like it. Good for colds, bronchial coughs and the coughs that linger on after influenza or grip. Good for grown-ups as for children.—Great Falls Drug Co.—Adv.

CHERIO!

"Things will be even worse next year," says Mr. J. H. Thomas, M. P. This intimation has caused much relief among those who feared their next year wasn't going to be allowed to come at all.—London "Punch."

HE STARTS A BLAZE TO GET INSURANCE DRAWS PRISON TERM

Roundup Man Sets Fire to His Meat Market; Is Convicted on Arson Charge.

Special to The Daily Tribune.

Roundup, Dec. 8.—Vaugh Q. Bennett was found guilty in Judge Jones' court Saturday of arson and was sentenced to one to three years in the state penitentiary. The jury was out 10 hours before being able to arrive at a verdict. Bennett was charged with setting fire to a small building occupied by him as a meat market after insuring the contents for a considerable sum. The building was not owned by him.

SHE SHOULD WORRY

"Delia," said Mrs. Barrows sternly, "I met that policeman today who sat in the kitchen with you so long last night. I took advantage of the opportunity to speak to him."

"Oh, go on now," replied Delia, with a smile. "Ye needn't think that'll make me wan bit jealous, mum. Oh have got him safe enough."—New York Globe.

Using Electricity and Gas to Heat Billings Theaters

Special to The Daily Tribune.

Billings, Dec. 8.—On the showing that operation by gas and electricity will not involve the consumption of any coal, District Judge Charles A. Taylor has issued a restraining order forbidding interference by the city authorities with the operation of two moving picture theaters, closed Friday under an emergency ordinance passed by the city council forbidding the opening of all theaters, irrespective of whether they used coal for heating or not. Hearing on the application to make the injunction permanent will be held Dec. 12.

In One Night While You Sleep, Mustarine Ends Sore Throat, Cold on Chest, Pleurisy

Quickest Pain and Ache Killer on Earth—Neuralgia, Backache, Headache Goes in 5 Minutes.

The minute you rub on Begy's Mustarine for any pain, ache or soreness you'll know that all the misery and agony has started to go. It is very penetrating and won't blister.

Any druggist anywhere, will recommend it; praise it; guarantee it. He will tell you that a small box of this wonderful discovery will do the work of 60 mustard plasters.

Tonsillitis, bronchitis, pleurisy and deep-seated coughs go over night. Rheumatic sufferers joyfully praise it for the way it speedily stops the agony and reduces the swollen joints.

Begy's Mustarine is the original mustard plaster substitute made of good, honest, yellow mustard—not cheap substitute—combined with other pain destroyers and is highly recommended by many physicians to reduce the swelling of gout.

After all other remedies have failed thousands have overcome the misery caused by sore, burning feet, corns, bunions and callouses. Use Mustarine for chilblains and frosted feet, but be sure it's Begy's in the yellow box.

STOPPES PAIN! MUSTARINE CANNOT BLISTER

"Knew we'd get together"

—Ches. Field

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Samson—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that satisfying body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do satisfy as no other cigarette has satisfied you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.
