HAPPY CHRISTMAS FOR ORPHANS
RESULT OF CONTRIBUTIONS MADE
BY FRIENDS OF ST. THOMAS HOME

Sisters of St. Thomas' Orphans' Home had many reasons to know they have a large number of friends during the Christmas period and they are most grateful to them all. The friends saw to it that St. Thomas' Orphans' Home was well remembered in cash and contributions of other character, there being many gifts of food and clothing that were quite as useful for the home as an equal value in cash would have been.

One of the Sisters, speaking of the case, said: "We are sincerely thankful to all who have helped us. The big problem of maintaining the home and keeping the 100 to 125 little people warm and well fed is made so much easier because of this splendid support and co-operation and it gives us renewed courage and determination at the opening of the new year to face the work ahead. Things would often times prove discouraging if we did not have this fine evidence of the loyal people always ready to aid in taking care of the children. We thank all of them for this friendship and we know that God will not fail to note their splendid spirit of helpfulness and assistance in this work."

In the list of contributors, the following were \$50 and above: Bishop M. C. Lenihan \$300, John D. Ryan \$500, George O. Quigley \$100, Mrs. J. C. Healy and sons \$70 and Mrs. M. E. Lator \$30. The following gave one dollar to \$25:

Are Weak Nerves and Lack of Physical Strength Holding You Back in Life?

You Must Have Plenty of Iron in Your Blood if You Want the Power and Energy to Win, Says Physician

When the crushing grip of worry, trials and care saps your vitality and keeps you from the full enjoyment of home, social and business life—take Nuxated Iron and watch its strength-giving, up-building effect—it will increase the strength and endurance of weak, nervous, run-down folks in two weeks' time in many instances.

THOUSANDS are held back in life for want of sufficient iron in the blood. Says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Out-Door Dept.), New York, at the Westchester County Hospital, in commenting on the relation of strong nerves and physical endurance to the attainment of success and power: "A weak body means a weakened brain; weak nerve force means weakened will power, and like the race horse beaten by a more capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which come from having plenty of iron in the blood. That irritable twitch, that fit of despondency, that dizzy, fearful feeling—these are the sort of signals nature gives to tired, listless folks when the blood is clamoring for strength-giving iron—more iron to restore the health by enriching the blood and creating thousands of new red blood cells.

In my opinion the greatest curse to the health and strength of American people of today is the alarming deficiency of iron in their blood. Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. It is through iron in the red coloring matter of the blood that life-sustaining oxygen enters the body. Without iron there is no strength, vitality and endurance to combat obstacles or withstand severe strains. Lack of sufficient iron in the blood has ruined many a man's nerves and utterly robbed him of that vital force and stamina which are so necessary to success and power in every walk of life.

Therefore, I strongly advise those who feel the need of a strength and blood builder to get a physician's prescription for organic and strong iron—or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original package and see that the particular name (Nuxated Iron) appears on the package. If you have taken other iron products and failed to get results, remember that such preparations are an entirely different thing from Nuxated Iron, which has been used and strongly endorsed by many physicians formerly connected with well-known hospitals, and such men as former United States Senator and Vice-Presidential Nominee Chase A. Towne, former member of congress; Judge Atkinson of the United States

Court of Claims at Washington; Ignace Jan Paderewski, premier of Poland and master pianist, and others.

In regard to the value of Nuxated Iron, former Health Commissioner of Chicago, William H. Kerr, said: "As health commissioner of the city of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy. But, in the case of Nuxated Iron, I feel an exception should be made to the rule. From my own experience with it, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country, and if my endorsement shall induce anemic, nervous, run-down men and women to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it."

Dr. Schuyler C. Jacques, formerly Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising results. And those

who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

No matter what other tonics or iron remedies you have used without success—if you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous, run-down people in two weeks' time in many instances.

Manufacturers' Note: Nuxated Iron, which is prescribed and recommended by physicians and which is being used by over three million people annually, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, and does not irritate the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Great Falls Drug Co. and all other druggists.—Adv.
