

ALLIES INSIST ON HAVING WAR CULPRITS

PEACE COUNCIL TO PRESS BERLIN, MAYBE HOLLAND

New Note to Germany Will Reiterate Paris Demand for Surrender of 900 Personages.

Netherlands Is Taking Steps to Bar Neighbor Notables Who Might Be Source of Trouble.

London, Feb. 12.—The allied supreme council today, after discussing the situation arising from Germany's violent protest over the extradition demands, agreed on the question of insisting upon those demands.

It is probable that the position of the allies will be set forth soon in a statement. This may take the form of another communication to Germany, or possibly one to Holland. As far as can be ascertained however, nothing definite has been decided regarding any further steps to be taken toward Holland.

The council, in dealing with other questions, decided that the financial experts of the allied governments, many of whom are here, should meet soon to discuss the problem of international exchange in an effort to devise a plan for its stabilization.

Headquarters of the council will remain in Paris. However, it will continue to sit here, probably through the coming fortnight.

FORMER KAISER PEEVED BY PRINCE'S MANEUVER.
The Hague, Feb. 12.—It is declared in reliable quarters that former Emperor Frederick William was serious in making his offer to the entente governments to surrender himself in place of the Germans on the extradition list and that he is inclined to believe that the allies will accept his plan.

It is learned here that former Emperor William is strong in his disapproval of his son's action. Nothing was known at Wieringen of the ex-emperor's intentions before his message to the heads of the various governments had been dispatched, and the only notification given by Frederick William was one to the Dutch government when he sent the communications abroad.

Newspaper reports to the effect that the grand duke of Hesse and his son and likewise seven German generals named on the extradition list had escaped into Holland are discredited at the Dutch foreign office.

In connection with the report that Germans whose extradition is demanded by the entente had crossed the Ger-

man border into Holland, it was learned at the foreign office that Holland is taking steps to prevent the coming into the country of any Germans whose presence is likely to cause trouble to her. The view of Holland, it was explained, is that the former emperor and former crown prince, who already are here, are entitled to such protection as the Dutch law requires, but that the country does not desire the presence of any others.

Premiers Not United on Russian Policy; Other Views in Paris

Paris, Feb. 12.—(Havas)—Commenting on the speech of Premier Lloyd George, in the British house of commons Tuesday with reference to Russia, the evening newspapers are unanimous in remarking that there is a difference in the ideas expressed in London and those voiced in Paris by Premier Clemenceau, and afterwards by Premier Millerand, concerning Russia and Turkey. They insist on collaboration and frank intercourse between France and England on these subjects.

Blanton Asks Wilson Not to Grant Wage Demands of R.R. Men

Washington, Feb. 12.—Representative Blanton, Democrat, Texas, has made public a letter to President Wilson, expressing the hope that he would not permit Mr. Hines to accede to present railroad demands.

Mr. Blanton told the president that in the past few months he had received more than 5,000 letters from democratic voters, asserting that if the administration accedes to the demand from organized labor, they will no longer vote the democratic ticket.

"A show down must come sooner or later," Mr. Blanton said, "and now is the opportune time. The American people are ready for it."

Mutiny on Steamer Due to Time Expiring Men Under Guard Say

Washington, Feb. 12.—An official report of the mutiny of the crew of the shipping board steamer Poughkeepsie at Bermuda was received at the navy department today from the commander of the gunboat Sacramento. He said an armed guard would take the ship to Norfolk, where the crew would be turned over to federal authorities for trial.

The mutiny occurred February 5, the message said, the men refusing to serve longer on the claim that the time for which they had signed on the ship had expired.

CHAOS IN TURKEY IS ACCENTUATED BY GREEK ISSUE

Delayed Peace Declared Impossible if Smyrna Is Left to Old Foes; Russians Welcomed.

Constantinople, Feb. 12.—Work in the harbor is completely disorganized as a result of delay by the peace conference in reaching a decision relative to the future status of Turkey. It is impossible to move cargos to Black sea ports because of the bolshevik menace, and speculators here are holding clothing and foodstuffs for higher prices, as a result of which the cost of living is as high in Constantinople as it is in Paris or London.

Thousands of Russian refugees are cordially welcomed here. The average Turk wears out his capacity for hatred in expressing his enmity against the Greeks and pays little attention to persons of other nationalities, even traditional enemies such as Armenians.

Greeks Keep 400,000 Armed.
General resentment against Greek occupation of Smyrna is seemingly on the increase and all factions here say peace is impossible if Greeks control any territory where there is a predominant Turkish population.

Premier Venizelos, of Greece, General Paraskevopoulos, commander of Greek troops at Smyrna, and M. Veradandis, Greek high commissioner, are reported to have decided to hold all Greek forces, approximately 400,000 under arms. It is said this decision was reached because of the fact that Turkish forces in Anatolia have been increased.

French Clash With Turks.
Italian soldiers have had little trouble, but the French have had encounters with Turks in Anatolia and with Bedouins near Lake Tiberius.

Members of the nationalistic bloc, numbering 116, have pledged themselves not to accept a peace which does not return to Turkey all territory having Turkish majorities and places Turkey under the guardianship of a single nation having territorial aspirations in the Near East.

30-Year General Will Succeed Denikine, Who is Too Old for Task

Budapest, Feb. 12.—General Denikine will be superseded in active command of the anti-bolshevik forces on the southern Russian front by the thirty-year-old General Wrangel, it is reported by persons returning from southern Russia. General Wrangel's Cossacks have long been the backbone of the resistance to the bolshevik, according to travelers, who say that General Denikine is too old and worn out by political and military difficulties to handle the situation.

24,000 Farm Houses in New York Vacant Through City Rush

Ithaca, N. Y., Feb. 12.—The abandonment of farm life by men and boys during the last year for the city has left more than 24,000 habitable farm houses in the state vacant, according to estimates made here by Professor G. F. Warren of Cornell university. His figures were based on a survey of nearly 4,000 representative New York farms which has just been completed by federal and state agriculture societies.

The professor said the farm abandonment for the city plainly explained the scarcity of houses in the cities.

Great Northern Drops Nine-Hour Day Order at Hillyard Shops

Spokane, Feb. 12.—Great Northern railroad officials have rescinded an order for the installation in the company's shops at Hillyard, near here, of the nine-hour day, it is announced by Charles H. Putnam, superintendent of the shops.

Following the posting of a company order in the shops last Monday morning, saying the nine-hour day would supplant that of eight hours, the men voted to quit work as usual at 4 o'clock. Since then they have been quitting work at the usual hour.

PADEREWSKI OFF TO SWITZERLAND

SHIPPING BOARD VACANCY LIKELY FOR SHAFROTH

With Advisers Reorganized, President Plans to Preside Over Next Meeting, Is Report.

Washington, Feb. 12.—John Barton Payne, of Illinois, has been selected by President Wilson to be secretary of the interior to succeed Franklin K. Lane. Mr. Payne is now chairman of the United States shipping board.

Mr. Payne will take over his new duties March 1, when Mr. Lane retires at his own request. Before becoming chairman of the shipping board on August 7, 1918, Mr. Payne was general counsel of the railroad administration and before that he was general counsel of the Emergency Fleet corporation. He is a native of Virginia and is 65 years old. His home is in Chicago.

Cabinet to Meet When He's Well.
Former Senator John Franklin Shafroth of Denver, is understood to have been selected by President Wilson to be chairman of the shipping board to succeed Mr. Payne.

The next meeting of the cabinet probably will be called and presided over by President Wilson.

Secretary Lansing said he had written cabinet officers that there would be no more regular sessions of the president's official family for the present. He would offer no explanation but it was understood that his letter was written by direction of Mr. Wilson.

Throughout the president's illness the cabinet has met regularly and when the coal strike situation became acute, the meetings were increased from one to two weekly. There was no meeting Wednesday and none will be held Friday.

For several weeks now the president

has been taking more and more of a hand in the conduct of official business. Secretary Tumulty said today he had never seen Mr. Wilson looking better.

Rear Admiral Grayson, the president's physician, said today the president had said nothing to him about attending the next cabinet meeting, but he added that it would not be a bad guess that he would.

The president's physician frowns on his patient doing too much work, and said he had by no means let down the bars.

Harbin, Feb. 12.—A dispatch from Chita reports that the forces of General Kappell, commander-in-chief of the western armies of the all-Russian government have recaptured Irkutsk and established contact with General Semenov. General Kappell's forces found no trace of Admiral Kolchak.

Previous reports were that the troops of General Kappell had joined with the Czechs and were fighting the bolsheviks in the vicinity of Chermekova, 80 miles from Irkutsk.
