

Former Railroader Performs Ceremony for Two Railroaders

Special to The Daily Tribune. Lewistown, Feb. 18.—Fowler James, a well-known young railroad man running out of Spokane, and Mrs. Frances Montague, a popular Lewistown girl; Charles Oquist, until recently a railroader, and Miss Julia Anderson, were the contracting parties in a double wedding here Monday, Dr. J. A. Martin, district superintendent of the Methodist church for the Great Falls district, who performed the marriage, is a former railroad fireman, so that it was altogether quite a railway affair.

Don't Neglect the Little Ones. A snuffing, sneezing, coughing child certainly is a reflection upon the parents. To permit a child to suffer from a cold is more than negligence; it is cruel. A cold that hangs on weakens the system and can easily turn into something serious. Mrs. J. S. Pitson, 376 E. 15th St., Cleveland, Ohio, writes: "I can't speak too highly of Foley's Honey and Tar. When my little girl has a cold I give her Foley's Honey and Tar and that stops her coughing in a few minutes. Children like it. It contains no opiates."—Great Falls Drug Co.—Advt.

GOES TO NORTH DAKOTA. Special to The Daily Tribune. Chinook, Feb. 18.—W. C. Blackwood is spending the week in Towner, N. D., while looking after business matters.

Study of medical records of the United States draft recruits shows goose to be most prevalent in the vicinity of the Great Lakes.

RHEUMATISM WAS SO BAD SHE COULD NOT LIFT ANYTHING

One of the most common and at the same time, one of the least understood diseases is rheumatism. Scientists are baffled by its causes, but are in practical agreement that the disease is in the blood and that it weakens and thus the blood to such an extent that there is little resistance left. One of the most effective methods of arresting and finally correcting the disease is to build up the blood to the point where it is strong enough to throw off the poisons of the disease. Sufferers from rheumatism are certain to be interested in the experience of Mrs. Frank Gibbons, who lives at No. 665 Sullivan street, Ogden, Utah. When soon recently at her home Mrs. Gibbons said: "I had pains all over my body, especially through the small of the back. They were sharp and shooting, and seemed to cut like a knife at times. The fingers on both hands swelled and they were so sore and stiff that I couldn't pick up anything. My elbows and arms were numb and it seemed as though there was something crawling on them, and then again there would be a prickling sensation. The pains continued to get worse and I was getting weaker. I had also had neuralgic pains in my face and across my temples. "A friend of mine had advised me to give Dr. Williams' Pink Pills a trial, and I finally proved a believer. I have always regretted since that I didn't take her advice sooner. In the course of a few days after I began taking the pills the pain across the small of my back became less severe and in a short time disappeared entirely. Then the pain in my arms and hands went away as well as the neuralgia. My blood improved and I have a much better color and an entirely free from rheumatism. Dr. Williams' Pink Pills helped me and I strongly urge others who have rheumatism to give them a trial." Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, post-paid, on receipt of price, 60 cents per box. Write for the free booklet, "Building Up the Blood," containing a special chapter on rheumatism.—Advt.

Little Friends of the Liver

The liver is the regulator of health. If the liver is active and well, good health and happiness prevail; but once you allow your liver to get torpid and sluggish, life becomes a misery. Dyspepsia, indigestion, biliousness, constipation, headaches and melancholy assail you, resulting in lack of energy, loss of memory and ill health; but remember Carter's Little Liver Pills touch the liver and correct all liver ills. Small Pill—Small Dose—Small Price. DR. CARTER'S LITTLE LIVER PILLS, Nature's great nerve and blood tonic for Anemia, Rheumatism, Nervousness, Sleeplessness and Female Weakness. Beware of cheap imitations. Beware of cheap imitations.

Resinol the tested skin treatment. "Resinol is what you want for your skin-trouble—Resinol to stop the itching and burning—Resinol to heal the eruption. This gentle ointment has been so effective for years in treating eczema, ring worm, itching, burning rashes, and sores, that it has become a standard skin treatment. It contains nothing that could irritate the tenderest skin." Your druggist will also tell you that Resinol Ointment is excellent for relieving the smart, itch, and burn of mosquito bites, and insect stings. It soothes and cools skins burned by wind or sun. All dealers sell Resinol Ointment. Men who use Resinol Shaving Stick find soothing lotions unnecessary.

COMMUNITY CLUB OF PONDERA PLANS BIG YEAR OF WORK

Will Back Good Roads, City Parks and Good Farming. David Craig Secretary.

Special to The Daily Tribune. Conrad, Feb. 18.—The regular monthly meeting of the Pondera Community Club was held in the city hall Monday night, and an active year's work for general community betterment was gotten well under way. The club now has a membership of over 200, including residents of all of the eastern part of Pondera county. The work undertaken includes betterment of farming conditions as well as undertaking to solve some of the problems of the city, and a number of committees have been appointed and are now at work along these various lines. The organization has been particularly fortunate in securing the services of David Craig, a former well known resident of Great Falls, as secretary. Mr. Craig has had an extensive experience in general community work, and his services makes certain the success of the community club activities. Among the subjects now being considered by special committees, and which have the backing of the whole organization, are road improvements, encouraging and assisting in raising better livestock, better farming methods generally, with special reference to improving irrigation methods, the procuring of a county agent to assist and instruct the farmers, and general co-operation between all the residents of the county, both in the towns and on the farms, for the general development of this part of the state.

In addition to the problems above referred to, the club is actively backing the proposition of bonding the city for \$180,000 for the installation of an adequate city owned water system, and the improvement of the city park and other matters pertaining to the civic betterment of the town.

County Commissioner Scott was present at the meeting and gave an interesting talk on the road situation in the county. He explained that the state highway through this county would be started just as soon as weather conditions will permit in the spring. This highway will be built from the southern boundary line of the county, on the Great Falls road, through Brady and Conrad to Valier. This will give a gravelled road of 40 miles on the line from Great Falls toward Glacier park, and it is expected that in time much park travel will be over it. Much other road work is planned for this year, Mr. Scott stated, and the club will undertake to thoroughly post all roads within the county with signs and directions.

Nashua Boys Leave Home for a Career

Nashua, Feb. 18.—Having decided that Nashua was not sufficiently large for them to properly expand, two adventurous spirits of the south beach, sons of Ed Roberts and Webb Catt, decided to look for new fields and several days ago they left home and started east. Upon learning of the boys' departure their parents notified the police in the larger towns along the Great Northern this resulting in information that the pair had stopped at Minot, N. D., where young Catt had enlisted in the navy and the other had gone to Jefferson barracks. The Roberts boy was still in Minot and was sent back home.

RETURNS TO CHINOOK SHOP.

Special to The Daily Tribune. Chinook, Feb. 18.—Percy McKenzie returned Sunday to Chinook from his home in Minneapolis and has resumed his work with the A. B. Duke company.

RETURNS FROM TACOMA.

Special to The Daily Tribune. Chinook, Feb. 18.—Miss Alvina Thompson returned Saturday from Tacoma, Wash., and left the same day for Maddux where she will visit.

Real Wonder-Worker For Wrinkled Faces

Those who have tried all sorts of so-called "wrinkle removers" in a vain effort to lose those unwelcome traces of age, illness or worry, can scarcely find words to express their delight with the wonderful saxonite formula, once they have given it a trial. The success of this formula is due not alone to its marvelous effectiveness—upon the deepest lines and crowsfeet, as well as upon the very fine ones—but through its surprisingly quick action and its entire harmlessness. Its simplicity is another commendable feature, for one need only dissolve an ounce of powdered saxonite in a half pint of witch hazel, and bathe the face in this solution. At once a remarkable transformation is beheld. It is not only the effect on wrinkles and creases that is so noticeable, but facial contour is remarkably improved and the face looks much younger. One should be sure to ask the druggist for the powdered saxonite. The lotion, being so refreshing, is particularly grateful to tired faces.

Long Investigation Results in Payment for Death of Greek

Special to The Daily Tribune. Helena, Feb. 18.—After corresponding with Greeks, members of royalty, foreign ambassadors, legations in Washington and Seattle, justice of the peace, presidents of communes in the old country and at last getting substantial proof the industrial accident board has settled the case of Lazaros Peters Kentrovakie. He is also known as Peters. Peters was killed in a fall of ground in the North Butte mining company's properties in Feb. 1918. His wife, mother and child were in the old country and as the war was going on it was difficult to communicate with the dependent relatives. After communicating with relatives and officials in Greece the widow was paid a lump sum settlement of \$1690.

To Guard Against Influenza.

Don't let the dread influenza get you. If you have even the slightest cough or cold, better begin using Foley's Honey and Tar at once. Henry Willis, Sandy Point, Texas, is one of many thousands who consider this remedy "just time." He says: "I suffered severely with a bad cough, and using four or five dollars worth of different medicines decided to try Foley's Honey and Tar. The bottle gave relief. Best medicine I ever used." Contains no opiates.—Great Falls Drug Co.—Advt.

RICH STRIKE OF ORE AT MARYSVILLE MINE HAS BEEN REPORTED

Special to The Daily Tribune. Helena, Feb. 18.—Discovery of immense gold and silver values in new levels, as depths under the old workings of the Bell Boy mine in the Marysville district, at a depth of 200 feet, in a vein 60 feet from the Gleason shaft, were reported to Helena today. The ore is of two grades, of both metals assays \$2,500.00 a ton. The property is being operated under lease and bond by C. C. Simoni, a mining man of Jefferson City, and E. S. Ropes of Helena, who took over the property last fall.

The strike is one of the richest reported in the vicinity of Helena in years and is regarded as of great importance in assisting more operators in starting in this district which is enjoying a revival on a big scale. The discovery is in two grades of ore, with high grade vein 68 inches wide and the lower grade three feet. It is all free milling ore according to the operators, who discovered the vein some time ago. The high grade gold ore has values of 169.68 ounces to the ton valued at \$3,393.60, the second grade gold ore is carrying 2.4 ounces to the ton with a value of \$41.20. The high grade silver ore is running 48.9 ounces to the ton with values of \$64.55 and the low grade silver ore is 1.1 ounces to the ton with values of \$1.25 a ton.

To Relieve Catarrh, Catarrhal Deafness and Head Noises

Persons suffering from catarrh of the nose, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows: Secure from your druggist 1 oz. Parment (Double Strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Parment is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear and in the results it gives are nearly always quick and effective. Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial.

DEATH TAKES FOUR HORNS, EARLY DAY FRIEND OF WHITES

Reservation Indian Who Welcomed the Settlers Passes Away at Browning.

Special to The Daily Tribune. Browning, Feb. 18.—Four Horns, one of the best known Indians of the reservation, died at his home near the old agency last Wednesday, age estimated by those in a position to know to be about 70 years. He was one of the last of that band of Blackfoot of Piegan Indians, consisting of such warriors as Little Plume, Little Dog, John Middle River, Running Rabbit and others who not only were able to gain the respect and leadership of their tribe but also gained the good will and respect of the white settlers during early days. In reality Four Horns was a man of peace but when war parties were in vogue among the different tribes, he, with the above named Indians and others, were noted far and wide for their skill and cunning as warriors, these two traits indicating bravery. After the advent of the white settlers and the question arose as to the desirability of allowing them to enter the country, Four Horns and other tribal leaders at all times advocated the cause of the whites with the result that Montana in all probability was settled many years earlier than it would have been settled if such warriors and chiefs as he did not take the stand they did with reference to the coming of their white brethren.

HOME FROM HOSPITAL.

Special to The Daily Tribune. Chinook, Feb. 18.—Mrs. R. H. Rhodes returned Monday from the Deaconess hospital, Great Falls, where she has been a patient for several weeks, after undergoing an operation.

BACK FROM HONEYMOON.

Special to The Daily Tribune. Chinook, Feb. 18.—Mr. and Mrs. John McCauley have returned from their honeymoon trip and Mrs. McCauley is back at her desk in the county recorder's office at the courthouse.

An eagle kills its prey with its claws and never with its beak.

Ford THE UNIVERSAL CAR. Most of the Gas Companies throughout the country use a fleet of Ford Runabouts. The same is true of other big corporations. The reasons are very practical. The Ford Runabout is the most economical solution of quick transportation from manufacturer to retailer. For soliciting business, for the Collector, for the Doctor, Contractor, Builder, and almost every other line of business activity, the Ford Runabout is really a necessity. We solicit your order for one or more. We ask your repair business. We would like your motor accessory business. We can serve you, we believe, to your best advantage. MCKINNEY MOTOR CO. 13 Fifth St. South Phone 9732

Six Road Projects Approved by State Road Commission

Special to The Daily Tribune. Helena, Feb. 18.—Approval of six federal aid road projects to be constructed by the state highway commission was given at the meeting here of the executive committee of the commission. The projects approved are: 1. Lolo project, \$25,000, in Missoula county, contingent upon feasibility of route. 2. Application from Lincoln county for three federal aid projects. 3. Project to gravel a street in the town of Plevna in Fallon county, which will be a part of the Yellowstone trail. 4. Paving project in Musselshell county from Roundup to Klein. 5. Two applications from Powell county for federal aid projects costing about \$10,000.

Plan to Assemble All the Ministers of State in Helena

Butte, Feb. 18.—In the interests of the inter-church world movement a national conference has been called at Helena, February 25, 26 and 27 when it is expected that the first time in the history of the state practically every minister in Montana will be assembled under one roof. In conjunction with the conference is more than 2,200 women mission society leaders and other church workers will meet in Helena. Arrangements are being made to send a large delegation of women from Butte. Arrangements for the women's conference are being made under the direction of Mrs. C. E. Cronk and Mrs. Grace Farmer of New York. B. V. Edworthy, field secretary for the inter-church world movement for Montana, Idaho and Wyoming, has established headquarters in Butte and E. J. Stanley, Butte newspaper writer, will direct the publicity in those states.

Filing Oil Leases on Reservation Land

Special to The Daily Tribune. Browning, Feb. 18.—The reservation is now undergoing another oil boom. During the past week, Russell Whorp, manager of the Galbreath Cattle company, filed at Cut Bank a number of oil leases, the leases covering land situated along Cut Bank creek and the railway.
