Widower Congratulated
"Since my wife's death, five years ago, I have suffered greatly from stomach and liver trouble and gas attacks. I lost over 50 lbs., and at times was as yellow as saffron. My doctors could not help me. Six doses of Mayr's Wonderful Remedy have entirely cured me. I have regained my weight and every one is congratulating me how well I look." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.
Sold by Model Pharmacy and druggists everywhere.—Adv.

CASH AND CARRY
When Mr. Sandahl opened the first Cash and Carry Store in Great Falls on the 21st day of July, 1917, he was laughed at and many of the old time merchants, that knew nothing but a credit business and that usual long, long profit stunt, said he would go broke and be glad to get out of the grocery business in six months.
It will be three years next July that Sandahl has sold groceries on the Cash and Carry small profit basis and by giving service, quality, price, courteous and honest treatment to all, he has succeeded in building up an enormous grocery business. And the buying public of Great Falls would not for a minute consider the idea of putting the grocery business back to abnormal condition it was in before Sandahl opened up.

"Tom, Our Gas Bill Is Our Smallest Bill"
It is a source of much satisfaction to us to know that most housewives find their bill for Gas Service the smallest received during the month.
When you stop to consider the convenience of Gas—how it always is available day or night whenever you want it—how it cooks your meals three times a day, saving you the dirt, bother and loss of time associated with solid fuel cooking—how it heats the water for your bath or warms your rooms—how it does your laundry—it must be admitted that Gas is a wonderful convenience and relatively cheap.
Although the purchasing power of the dollars has declined 50% within the past few years, your dollar today buys practically as much Gas as it did before the war.
