# New Customers and Old Customers

Are Loud In Their Praise of the Big Drive at The Paris and the Store Is Crowded From Morning 'Til Night

"This store seems to be doing all the selling," was the expression from dozens of people yesterday, and today we will be busier than ever because friends are telling friends and the good news is spreading. In reality, this is an exposition of good merchandise, good styles, good values and good service; a demonstration of progress and of honest advertising. Its object is to secure five thousand new customers by June first and to firmly cement the business friendship of thousands

of patrons who have traded here for years. Its magnitude can hardly be measured without a personal visit to the store, and its scope extends far outside of Great Falls because mail orders will be given personal and prompt attention. In fact, many from other towns are taking advantage of this opportunity to visit Great Falls to procure their spring wardrobe. Everyone will be repaid for taking part in such a movement.
