

WHEN THE STOMACH GOES ON A STRIKE

Good, red blood, which means blood well supplied with oxygen, is necessary to healthy digestion. Upon the fluids, the perfect action of the muscles of the stomach and the assimilation of the digested food. That is why a debilitated, run-down condition so often causes the stomach to go on strike.

The success of the tonic treatment in cases of stomach trouble or indigestion is illustrated by the experience of Mr. W. M. McCasles, of No. 3343 Bellefontaine avenue, A, Kansas City, Mo.

"Indigestion did not appear suddenly with me," says Mr. McCasles. "Its appearance was so gradual that my blood was pretty well run down and weak before I realized that I suffered from cramps and a feeling of fullness long after a meal, especially at night. The pains seemed to become worse when I tried to get to sleep. I grew nervous and had sudden dizzy spells and was bilious at times."

"I read about Dr. Williams' Pink Pills and procured a box. A few days after starting the treatment I felt a little better and went on with the treatment. Gradually my blood became richer and then I was able to eat a hearty meal and it was evident that my food was digested for I no longer suffered from cramps or other stomach pains. I sleep well now and feel better in every way than I have in a long time. I strongly recommend Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills act directly to supplying the elements that the blood lacks and enable it to properly nourish the nerves and the organs of the body. In this way they are useful in neuralgia, sciatica, indigestion and the run-down condition resulting from colds, influenza and fevers.

A booklet "What to Eat and How to Eat" which tells about this treatment, will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. All druggists sell Dr. Williams' Pink Pills or they will be sent by mail postpaid, on receipt of price, 50 cents per box.

SOME SLEEPER RATES ADVANCE

Pullman and Milwaukee Cars Add 20 Per Cent More; G. N. Unchanged.

Sleeping car tickets will be sold beginning today (May 1) at an advance of 20 per cent on the Milwaukee system and on all roads where Pullmans are used, but will remain unchanged on the Great Northern, according to instructions wired to Great Falls railroad officials Friday.

Other roads operating their own sleepers will continue the Great Northern in allowing the old charges to remain, it is understood, while still others are listed with the Milwaukee as having approved the 20 per cent advance, but definite information could be obtained only as regards lines running into Great Falls. The increase will be effective at all points where Pullman cars are in service.

Conflicting and qualified instructions concerning an anticipated increase in sleeping car rates have been received by local officials for the past month, but it was not until Friday that anything at all definite in nature developed. It is believed that the apparent difference in rates on competing roads will be brought to a common level within a short time and that the spread indicated in instructions forwarded from Great Northern and Milwaukee headquarters is due to conflicting interpretations of a ruling of the interstate commerce commission.

CLEANUP PROGRAM OUTLINED FOR WEEK BEGINNING MONDAY

Every One Will Participate in Movement to Make City Bright and Clean.

The following program is a statement of the purpose and aim of the Cleanup Week program that will be inaugurated on Monday by Great Falls. It is the annual festival of fighting trash and dirt and getting ready for the flowers and freshness of spring and summer. The city provides the wagons to haul away the trash and rubbish taken from the premises if it is placed by the garbage can at the alley gate. The health officers believe there is no excuse that can be sufficient for anyone not cleaning up the premises and helping to make the city look more attractive. The call of the city is for all to act promptly starting next Monday.

Program for Cleanup Week:
Monday, May 3—Rake the lawn, put the refuse and rubbish taken from the alley gate, and then give the porch chairs the once over and see if they need paint and repairs.

Tuesday, May 4—Clean the attic and the basement and rubbish taken from the garbage can where it can be easily gotten at.

Wednesday, May 5—Clean the backyard and put the rubbish beside the garbage can where it can be easily gotten at.

Thursday, May 6—Merchants will give attention to the business district. Clean the basements, get the rubbish from the alleys and agents for owners will clean the vacant lots.

Friday, May 7—Complete any cleanup work that was not finished about the home.

Clean your half of the alley. Arrange for planting flowers and vegetables.

Saturday, May 8—See if the garbage cans are in good condition. Hang the screens. Look after the backyard gate. Make Cleanup Week a success by seeing that nothing has been neglected.

Sunday, May 9—Finish a perfect week by being proud of premises free from rubbish, trash of all sorts, and dirt and with fresh paint as evidence that progressive people occupy the place.

Ruth Strand Returns Home After Two Years in Federal Service

Miss Ruth Strand, one of the Great Falls business women who rendered their services to the United States government during the war, returned to her home here Thursday night from Washington, D. C. and New York City, after a two year absence.

While at Washington Miss Strand was assistant chief of accounts for the United States employers' compensation commission. She, with Miss Gladys Lapp, now Mrs. Sam Fischer, of Chile, South America, enlisted as stenographers early in 1918. Miss Lapp was married a year ago to Sam Fischer, formerly of the B. & M. smelter here and now employed in South America.

Miss Strand has resided here all of her life and is one of the popular and efficient young business women of the city. Before entering the service she was employed at the American Trust and Savings bank.

SHIPPING A TRAIN LOAD OF ZINC 25 CARS CARRY 1,000 TONS EAST

Consignment Carried Banners Proclaiming Record Shipment Is From Great Falls Electrolytic Plants; Nation-Wide Ad.

Carried in a solid train of 25 cars, approximately 1,000 tons of electrolytic zinc from the zinc plant of the Great Falls reduction works of the Anaconda Copper Mining company will be started early Monday for Ansonia, Conn., consigned to the American Brass company, where it will be used in the manufacture of high grade brass.

The shipment is the largest single consignment that has been sent out of the Great Falls works, though not the largest single order received, and it is to be run as a special train all the way to its destination in order that it may reach Ansonia by a definite date fixed in the contract, the time being too short to attempt to handle it in any other way.

The cars of the train will be bannered on each side as coming from the "Great Falls, Montana, Electrolytic Plant." On the banners also will be found the statement that the product of this plant runs 99.93 per cent pure zinc. The cars will give Great Falls a fine line of advertising all the way across the continent.

The output of this plant has been much in demand by the American Brass company because of the high quality of the zinc and the rush order for this 1,000 tons discloses the fact that the Great Falls works have created a product for which there is more than an ordinary demand. The shipment is being arranged by Assistant General Superintendent J. O. Elston of the local works.

HAVRE ON ITS TOES FOR A BUSY SEASON ASSERTS I. O. BLAKE

Big Crop Acreage in Prospect in North, and Hill County Capital Humming.

In the opinion of I. O. Blake, manager of the Irving Whitehouse company of this city, there are no more loyal Montanans to be found than the people who reside in and about the city of Havre.

Mr. Blake has just returned from this city after being there three or four days looking after business for his company in connection with coming issues of bonds by the city and his visit brought him into contact with business men and officials so that he got an intimate view of the business of that section.

He says reports indicate an abundance of moisture in the soil and that wherever there is any winter wheat in that section it is looking fine. But the big thing is the determination of the farmers to get busy as soon as the weather favors, and put out a big crop for this season.

"Havre has a splendid record in its municipal business, viewed from the standpoint of a bond issue," said Mr. Blake. "In all her history records show that she has never repudiated a cent of debt, that her interest has always been met promptly and her bonds have been paid off when, or before, they were due. They will have no difficulty, would forecast, in finding plenty of bidders for their forthcoming issue."

Hughes to Be Cashier of Bank at Cascade

To take charge of the Marcus State bank at Cascade for interests of the American Bank and Trust company of this city which have purchased control of that institution, P. G. Hughes will go to Cascade on Sunday and assume his duties as cashier of the bank when it opens for business on Monday morning. Mr. Hughes has enjoyed rapid promotion in the banking business since he entered that line of effort and has gained the confidence of the officers of the American Bank and Trust company with whom he has been associated. He is a native of Great Falls and his initials bear evidence of the fact, as he was named for the founder of this city, United States Senator Paris Gibson.

Rodgers will give the Tenderfoot requirements.
New Troop Forming.
The Methodist Boys brigade of the First M. E. church are now planning to organize a troop, according to Mr. Graybill, which will be known as Troop 3. Frank J. Parker will be scoutmaster. Because of other meetings, the regular

session of Troop 1 this week has been postponed, but Troop 2 will meet as usual this (Saturday) evening at 7:30. "Open house" will be held at the headquarters of the Great Falls post, American legion, between 10 and 12 this morning for scouts who wish to take the tests for various classes. F. L. Graybill will have charge of examinations.

STATE ASSOCIATION TAKES OVER FERGUS COUNTY WORK
Special to The Daily Tribune.
Lewistown, April 30.—The Merchants Association of Montana today took over the work of the Fergus County Credit association. H. W. Schnell, of Kalispell, president of the state concern, coming here to make the change.

ELECTION PLANNED BY SCOUT COUNCIL ON TUESDAY EVENING

Boys Will Meet in Palm Room of Hotel Rainbow for Public Exhibition.

Great Falls Boy Scouts and the general public will meet Tuesday night at 8 in the palm room of Hotel Rainbow to select a local council representing the various interests of the city, according to an announcement Friday by F. L. Graybill, scout executive.

The control of the local organization will be turned over to the community. The Rotary club has sponsored the movement to the present time and has raised a fund which guarantees its continuance throughout the year.

All persons who have contributed to the fund are receiving special notice of the meeting Tuesday evening. Parents of boys of scout age, which is 12 and over, and all others interested in the movement, have been urged to attend.

Reid Will Preside.
J. H. Reid, president of the Rotary club will preside during the election of a local council and officials. Brief talks on the work, its purpose and methods will be given by members of the committee, and F. L. Graybill will explain details and answer questions.

Members of Troop 1 and 2 will take part in a demonstration of scout activities at the meeting. Richard Hart and Ralph Mowery will demonstrate first aid methods. Clarence McLennon and John Crane of Troop 2, and possibly a team from Troop 1, will take part in a signaling contest. Roswell Leavitt will tie regulation and special knots. Wayne
