SUPERBAS ARE FREE FROM ALL SUSPICION OF CROOKED STUNTS

Brooklyn Players Have Not Been Approached, Says Public Prosecutor.

New York, Oct. 2.—Examination of the Brooklyn club of the National league by District Attorney Lewis of Kings county was completed Saturday with this result:

The district attorney found that not only had none of the Superbas been approached in an attempt to "fix" the coming world's series but that "it would have been dangerous for gamblers or their representatives to make such advances to the new champions of the National league."

The district attorney said he was prompted to make the investigation because of vague rumors of alleged "fixing" contained in a newspaper story. Exonerating the Brooklyn players in emphatic terms the examiner declared he had learned from conversations with the players of the dangerous ground upon which "fixers" would have been treading had they attempted crooked deals.

KIDNAPING CHARGE AGAINST M'CRORIE

Father Faces Contempt of Court on Allegation in Woman's Affidavit.

Charles McCrorie of Great Falls, was arrested Saturday by Deputy Sheriff W. C. Bean on the charge that he had kidnaped his own child. He is held at the county jail in default of \$500 bail. The warrant for his arrest was issued out of the Earl Justice court simultaneously with a district court order commanding him to appear on October 14 and show why he should not be held in contempt.

The charge of kidnaping and the district court order were issued after McCrorie had allegedly removed the child from the St. Thomas orphan's home in violation of the court's instructions. Mrs. McCrorie initiated both proceedings by filing with the court an affidavit alleging that pursuant to a complaint filed by her January 7, 1919, McCrorie was instructed by the court to keep the child in the home, but that he recently removed it. The mother alleges that her husband has threatened to remove the child from the court's jurisdiction and declares that she does not now know where the child is.

At the contempt proceedings McCrorie will also be required to show why the mother should not have permanent custody of the child. McCrorie was arrested at the Milwaukee hotel.

OHIO SENATOR GIVES REASON FOR CHANGING

Harding Lays Blame For Scrapping League on President Wilson

West Jefferson, O., Oct. 2.—Declaring that President Wilson had "scrapped his own League of Nations" Senator Harding reiterated at a Republican rally here Saturday that if elected to the presidency he would work for an international association but never would consent to a barter of American nationality.

"There has been some criticism," he said, "because my position as a candidate is not precisely my position as a member of the United States senate. Let me say to you that in dealing with the peace treaty as a member of the senate I could only deal with the covenant as it stood. I do not intend to protect our interests with the best and strongest reservations that we could obtain. Then after the reservations had been adopted, the president scrapped his own league by refusing to accept them."

"But when I'm your president I shall be your agent of negotiation with foreign powers. And I'll still be for an association of nations. I promise you that never so long as I'm president will there be any barter of American nationality. I give you a solemn pledge that so long as I'm president there never will be any sort of a substitute for the Stars and Stripes."

In making his program for agricultural advancement the nominee asserted that co-operative marketing, stabilized labor conditions, dependable transportation, reduction of tenancy, tariff protection for farm products and higher standards of rural education all must have their place in bringing the American farm to its greatest usefulness.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me. Eugene M. Pullen, Carpenter, 709 1/2 Marcellus avenue, Manhattan, N. Y. Better cut out this notice and show it to any other who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Christensen Defines Stand on Business and Outlines League of Nations Plan.

Philadelphia, Oct. 2.—Parley P. Christensen, candidate for president on the Farmer-Labor ticket, in an address here declared the Farmer-Labor party is an American organization and "does not want to destroy industry."

"Nor are we going to confiscate it," he added. "The capitalist today makes the rules of our country. His only motive in the world is profits. 'When the producers of this country become friends with the great labor organizations of the world, when we can call a conference in Washington, London or Berlin, then we'll rightfully have a League of Nations, the result of which will not produce wars. I stand squarely opposed to a League of Nations which is but a compact by international bankers soviets.'"
