

FIRES OF THE PAST SEASON IN NATIONAL FOREST ARE LIGHT

Only 20 in Deer Lodge Forest During 1920 With Total Damage but \$20.

Butte, Oct. 9.—According to unofficial figures given out here today by officials of the Deer Lodge national forestry, there were only 20 fires during the past season as compared with 149 in 1919. The damage was \$50, compared with \$23,940.25 a year ago. Only 75 acres were burned over during the summer. Last year a total of 3,842 acres was

included in the fire areas. This year it cost the government less than \$800 to combat the flames, as compared with \$10241 in 1919. Of the 20 fires this past summer one was caused by railroads, seven by lightning, four by brush burning, four by campers, and the origin of the remaining four is unknown. In district No. 1 comprising Montana and parts of Idaho and Wyoming, there were 1,600 fires, which destroyed 75,000 acres of timber. The loss has not yet been estimated.

Superior's Hospital is Opened to Public

Superior, Oct. 8.—Superior has a new modern hospital now in full operation. This enterprise was promoted through the efforts of Miss Dixie Levy, a graduate nurse of New York city, who came to Superior several months ago, purchased the Masser building opposite the new courthouse, thoroughly renovated it and furnished it with a complete equipment for a modern hospital. Miss Levy is the head nurse and has for an assistant, Mrs. Folk of New York, also a graduate nurse. The new hospital has a reception room, a 10-bed capacity, an operating room, sterilizing room, diet pantry, and nurses' refectory. Several patients have already been received. Dr. McCarthy of Superior, is the house physician.

WILL BUILD ADDITION TO HARLEM GARAGE

Special to The Daily Tribune. Harlem, Oct. 9.—Dolven Brothers, proprietors of the Standard garage, are putting in the foundation for an addition to their place of business which will be used as a repair shop. The addition will be a one-story frame structure to conform with the rest of the building.

STATE WHEAT YIELD SHOWS WIDE RANGE FIVE TO 40 BUSHELS

Some Slight Damage Is Done by First Killing Frosts of the Fall Season.

Helena, Oct. 9.—The first killing frosts of the season occurred last week in several sections in Montana, according to reports for the week ending September 30 from 12 counties, received by Commissioner C. D. Greenfield of the department of agriculture and public safety. Threshing continues throughout the state, but has been delayed in instances because of the shortage of labor. There is a great diversity in yields, some sections reporting a production of as high as 40 bushels while in others as low as five bushels. The flax crop will not be as large as estimated, but the quality is reported as excellent. Livestock is being marketed very generally throughout the state. Lack of rain has prevented fall seeding in a number of sections. The following are the reports from the different counties:

Richland.—First general frost Tuesday. Corn practically all matured. Sweeteners being put into the silos. Several carloads of livestock shipped out during the week.

Dawson.—Weather conditions favorable for threshing. Wheat yielding five to 18 bushels, average eight to 10. Corn matured well and there will be plenty of good seed corn on hand.

Prairie.—First killing frost Tuesday night. Late flax damaged. Threshing about 75 percent finished. Flax yields are poor but the grade excellent. Barley yielding about 20 bushel per acre. Oats generally good. Several shipments of livestock have left the county.

Custer.—Conditions most too dry for fall seeding, although some fall rye is up through the ground. Livestock marketing in progress.

Yellowstone.—First frosts. Corn mostly all in silos. Some fall seeding being done. Abundance of hay. No damage to livestock.

Stikwater.—Killing frosts during week. Threshing about two-thirds finished. Average yield on irrigated land 35 bushels, dry land 15. Flax being harvested with only a fair yield. Corn and sunflowers harvested and mostly in silos. Potatoes turning out well. Ground too dry for fall seeding. Seventy percent fall seeding will not be completed until after a rain. Sixteen carloads of livestock shipped out last week.

Wheatland.—Hard frost stopped growth of corn and sunflowers. Wheat harvest about completed. Threshing well along with generally good yields. Livestock in good shape.

Gallatin.—Threshing in progress all over the county, but larger part of the crops not yet threshed. Fall wheat seeding in progress and some late running from 20 to 40 bushels per acre in Lewistown-Judith Gap district.

Valley.—Weather good for fall work and threshing. The northwestern section is showing the lowest yields, averaging not more than one bushel per acre; eastern third or fourth of the county averaging five to six bushels; central portion two and one-half to three bushels. Forage crops have made excellent growth relieving the feed situation. Livestock shipping association is handling practically all stock shipping this year. Farmers are beginning to look for outside work.

Phillips.—Weather cooler with killing frosts. Threshing well advanced. Wheat average yields approximate the early estimate of six to seven bushels to the acre. Flax averaging two bushels per acre. Marketing movement of livestock light.

Ravalli.—Weather interfering with the harvesting of the apple crop. Better weather is also needed to finish up threshing. Livestock condition is good.

Billings to Entertain Congregationalists

Special to The Daily Tribune. Billings, Oct. 9.—Members of the Congregational church here have arranged an elaborate program of entertainment for the large number of delegates to the annual state conference of the denomination, which opens Tuesday.

COMES FROM MINNEAPOLIS TO LOOK AFTER INTERESTS

Divorced Wife Weds; Now Former Husband Would Annul Decree

Special to The Daily Tribune. Kallispell, Oct. 9.—Louis Garnsey of Whitefish has filed a motion in district court to vacate a decree of divorce which was granted to his former wife, Inez V. Garnsey, on October 2. On the day the divorce was granted Mrs. Garnsey was married to Earl Holly of Whitefish. The case now presents legal entanglements and promises to be a hard fought legal battle.

With his motion to vacate the decree Garnsey filed a cross complaint and answer in which he denied the allegations made by his former wife in her original complaint and charges her with cruel and inhuman treatment to himself and a daughter by a former marriage. He claims that she persisted in living on a scale beyond his means and is unfairly to have the custody of four minor children awarded to her by the decree of divorce.

Four Rigs Involved in an Auto Smash on Billings Street

Special to The Daily Tribune. Billings, Oct. 9.—A smashup involving four vehicles added to the sensation of a speedy run of the fire department to a small blaze yesterday. A fire truck, a touring car, a coal wagon and a small roadster were all damaged. George Morris, driver of the coal wagon was slightly hurt, and Clarence Damon, chauffeur for a garage, is under arrest for violating the traffic ordinance.

After two fire trucks had passed, Damon backed his car out of an alley into the path of the third truck, driven by E. Sading. The truck struck the touring car, smashed it, careened to the curb, struck the rear of the coal wagon and tumbled Morris to the pavement. The tongue of the wagon drove through the rear end of the roadster.

Postmaster Resigns to Take Traffic Job

Special to The Daily Tribune. Butte, Oct. 9.—V. N. Weber has resigned as postmaster in Deer Lodge, a position he took two years ago when he relinquished the position of station master for the Northern Pacific there. He will go to Anaconda where he will be connected with the traffic department of the Anaconda Copper Mining company.

Flathead Man Goes to Pullman College

Special to The Daily Tribune. Kallispell, Oct. 9.—Elwin G. Wood, son of J. C. Wood, state horticulturist, has joined the faculty of the Washington State college at Pullman, as assistant instructor in pomology. He resigned his position as assistant state horticulturist of the state of Washington to take up the new work. He is a graduate of the Flathead county high school and of the Washington State college.

Wheeler to Address Meeting at Harlem

Special to The Daily Tribune. Harlem, Oct. 9.—Arrangements have been completed in Harlem whereby B. K. Wheeler, Democratic nominee for governor, is to speak in Harlem next Wednesday afternoon, October 13. Mr. Wheeler will be accompanied by J. W. Anderson, senator from Richland county, and they will discuss the political issues of the day from the Nonpartisan standpoint of view.

The Switchmen's Union of North America from August 1, 1919, to August 1, 1920, has organized 44 new locals.

Asks Coal Operators to Give Preference Montana Consumers

Helena, Oct. 9.—Entering a vigorous protest, the Montana railroad commission wired all coal producers in Montana today calling upon them to give Montana dealers preference in coal shipments, instead of shipping the coal to eastern states. The board also says it will do all in its power to supply cars. The state board points out that Montana consumers are already beginning to suffer from lack of coal. The operators are far behind in their orders to Montana dealers.

Aged Horseman Hurt When His Mount Falls

Miles City, Oct. 8.—Major Douseman is in the hospital suffering from several broken ribs. He was brought to Miles City last Friday from his ranch 50 miles south. Although 70 years old he is an expert horseman. It was while breaking a horse he sustained his injuries. The horse reared and fell backward, falling on his rider who, at first it was thought, had received serious injury. Major Douseman served in the world war, having had charge of the Red Cross work in France. Unless complications arise he will recover.

Lives to See the Prescription He Wrote in 1892 the Worlds Most Popular Laxative Remedy

DR. W. B. CALDWELL TODAY
Born Shelbyville, Mo., March 27, 1839
Began the manufacture of his famous prescription in 1892

Founder of Dr. Caldwell's Syrup Pepsin, the largest selling liquid laxative in the world, long past biblical old age, but hale and hearty—Still sees patients daily—Wonderful achievement of a "country doctor."

WHEN I started to practice medicine, back in 1875, there were no pills or tablets or salt waters for the relief of constipation, and no artificial remedies made from coal tar.

The prescription for constipation that I used early in my practice, and which I put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid remedy, and I have never had reason to change it. I intended it for women, children and elderly people, and these need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

I am gratified to say that under successful management my prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that over eight million bottles were sold by druggists last year proves that it has won the confidence of mothers whose chief interest is the health of their children.

It is particularly pleasing to me to know that the biggest half of those eight million bottles were bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for grownups. The price of a bottle holding 50 average treatments is sixty cents; such a bottle will last a family several months.

I have never made a secret of what is in Dr. Caldwell's Syrup Pepsin. It is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. These ingredients are endorsed in the U. S.

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington Street, Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

Pharmacopoeia. I consider Syrup Pepsin today in the serious 82nd year of my age, as I did in 1892, the best remedy a family can have in the house for the safe relief of constipation and its accompanying ills, such as headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and I believe if you will once start using it you will also always have a bottle handy for emergencies.
