

### CHARGES OF PERJURY ARE FILED IN COURT JUDITH BASIN CASE

#### Hobson Supporter Brings Charge Against Men Who Acknowledged Signatures.

Special to The Daily Tribune.

Lewistown, Oct. 30.—In connection with the charge recently made by the committee in charge of Hobson's county seat campaign that forged applications for absent voters' ballots had been sent to the county clerk, J. J. Jewell of Hobson, last evening swore to complaints in Justice Edward Brassey's court, charging that R. L. Fliccroft, C. C. Alexander, Raymond E. H. Bisson, W. C. Fliccroft and J. I. Hamner had committed perjury in connection with the affidavits accompanying the applications for ballots.

The affidavits of four electors on whose behalf the applications for the ballots were sent in have been filed with County Attorney Stewart McConochie in connection with the perjury charge. These electors set out that their signatures were forged to the applications. The proceedings indicate, for one thing, the bitterness that has been injected into the county seat fight between Hobson and Stanford, creating an issue that seems to have dwarfed everything else connected with the election in Judith Basin country.

## Pale, sallow skins

The new steam treatment for them

If your skin is pale and colorless, try this new steam treatment for it. Steam penetrates the skin in a way water alone cannot do. It enables you to cleanse thoroughly the pores that have become clogged, to stimulate inactive blood vessels and give the skin new color.

To make your skin soft and colorful, one night a week fill your bowl full of hot water—almost boiling hot. Bend over the top of the bowl and cover your head and the bowl with a heavy bath towel, so that no steam can escape. This opens the pores wide, stimulates the tiny blood vessels of the face and brings the blood to the surface.

Now lather a hot cloth with Woodbury's Facial Soap. With this, wash your face thoroughly, rubbing the lather well into the skin in an upward and outward motion. Then rinse the skin well, first with warm water, then with cold, and finish by rubbing

it for thirty seconds with a piece of ice. This closes the pores and makes the skin firm in texture.

The very first time you use this Woodbury steam treatment, your skin will begin to show more color. The other six nights of the week, cleanse your skin thoroughly in the usual way with Woodbury's Facial Soap and warm water.

Get a cake of Woodbury's and begin tonight the treatment your skin needs. You will find Woodbury's Facial Soap on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.
