

CROOKS ENTER THREE HOMES ON SOUTH SIDE

House of Former Councilman Is Looted; Jewelry, Money and Watches Taken.

Burglars, apparently all in the same gang, ransacked three south side homes Saturday evening while the owners were away and obtained about \$30 in cash, two watches and a ring in addition to some groceries taken from one of the places, according to reports to the police.

The home of former Councilman A. J. Sullivan at 714 Seventh avenue south was one of the first opened by the burglars. Mr. Sullivan is now in the Columbus hospital and the members of the family who were there visiting him at the time of the burglary found that \$30, two watches and a ring had been taken when they returned home.

From the home of Frank Lyons, 716 Seventh avenue south, adjoining that of Mr. Sullivan, was entered between 4 p. m. and 9 p. m., and some jewelry and a quantity of groceries taken. All the furniture had been upset by the burglars in their quest for loot.

James Nelson, 421 Fourth avenue south, on returning home late Saturday night found that his home had been gone through by burglars and reported at once to the police. Investigation made by Mr. Nelson later showed that only groceries had been taken and no damage done beyond upsetting some of the furniture.

It is believed that the burglars were working with an automobile as people in the vicinity reported seeing a car near the houses robbed. The large amount of groceries and bulky goods taken also points to this probability, the police say.

RED CROSS SEEKS MEN

The home service section of the American Red Cross, 225 Ford building, Great Falls, is anxious to get in touch with the following men or with their friends or relatives: Francis Coate and Joseph Collins.

DELEGATES FROM MONTE CARLO FORCED TO LEAVE TOWN "PRONTO" WHEN BOB GORDON TAKES THE REINS

Within the last week there have left Great Falls a quarter of a hundred gentlemen who for a long time had been seen tipped over one eye, loudly shrieking clothes, highly polished shoes and cut glass in their neckties. All of them were disgruntled and none of them expressed the hope that they could ever come back. For in all the city there has not been since last Sunday the whiff of a card or the click of a chip. Sharply at midnight on the day Sheriff Bob Gordon took office every game in town closed and the exit of the ferret-eyed, slim-fingered party began. They didn't want to go, but they went.

Twenty-four professional gamblers left Great Falls on one train, for Helena, it is said. Numerous people met the exiles as they were entraining, and in the whole crowd there was not a smile, not anything else but bitter condemnation for a city that could not furnish them with a livelihood at their chosen avocation.

BURGLARS ENTER TWO MORE HOMES

North Side Houses Entered Sunday morning; Five Burglaries Since Saturday.

Two more home burglaries, making a total of five since Saturday evening, were reported to the police late Sunday. Both of the last two homes ransacked by the burglars were on the north side, while those looted Saturday were on the south side.

At the home of J. E. Seelinger, 715 Second avenue north, which was entered while the family was away, about 8:15 o'clock Sunday night by burglars who unlocked a cellar door, a band ring set with emeralds and diamonds, a gold wedding ring, a lavalliere, a bracelet, an automatic pistol and about \$3 in cash were secured.

An empty home at 1020 Third avenue north, owned by E. I. Holland, was entered some time early Sunday morning by men who went in through the coal chute. The attempted burglary was reported Sunday by J. H. Mills of the Jensen apartments.

Game proprietors who customarily had kept open house until 1 a. m. turned their patrons out at midnight last Sunday. They would not take a chance for a single hour on the new sheriff. The good old days had been revived, but their first passing had been no more conclusive than their second. It was the next day that the dolorous procession of professionals began their exodus.

Four Are Arrested by Police on Sunday

Three arrests were made by the police Sunday. Louis Forze and Alphonse Phillips were arrested early Sunday morning on Central avenue by Officer Murray on vagrancy charges. They are held in the city jail without bond. J. H. Fisher was arrested Sunday afternoon by Chief Marcus Anderson on a speeding charge. He was released on \$10 bail to appear before Police Judge Baban this (Monday) morning. John Dowling was arrested at 10:30 p. m. on a charge of drunkenness.

G. N. Dispatcher Back From Trip to South

A. C. Huhn, chief dispatcher of the Great Northern railroad here, has returned from a three weeks' trip to California where he went on his honeymoon with his bride who was formerly Mrs. Vivian Cameron, an instructor at the Great Falls high school. Mr. Huhn resumes his work at the dispatcher's office today (Monday).

BAHAI FAITH IS EXPLAINED BY LECTURER

Professor Mazandrani Talks on New Movement at Palace Theater Meeting.

"Bahai," the Arabic word for "the follower of light"—this explains the whole Bahai movement for world unity now being taught by Abdul-Baha, the leader of the new faith, in his little mission in the

PROFESSOR MAZANDRANI

town of Haifa, Palestine, declared Professor Janabe Fazel Mazandrani, former lecturer at a university in Teheran, Persia, in his lecture under the auspices of the New Thought Society at the Palace theater, Sunday afternoon. He delivered another lecture on the movement at the Masonic temple at 8 p. m. Sunday.

Combines Great Religions. "The new religion, the one that will unite the peoples of the earth for a common purpose," declared Professor Mazandrani, "will combine the great moral

teachings of the all the world's great religions to give a single faith to all nations. Abdul-Baha, in his classes in the old town of Haifa on the slopes of Mount Carmel, teaches the oneness of humanity; he tells his followers that all men, no matter what their color may be, are brothers, and that they must follow this doctrine to bring about the great program of world development which is the aim of the Bahai movement.

"A universal curriculum of education which will fit the children of all races for useful lives will be one of the Bahai aims. The universal educational curriculum will include vocational education as well as literary and scientific education. All Must Work.

"Another of the great precepts of the new faith is the necessity for work for all members of society. A man without work, according to Abdul-Baha, is like a limb of the body that is paralyzed. There can be no great happiness or no great progress toward the goal of world unity unless every man has his task to perform."

The ultimate spreading of the new faith is certain, the speaker said. The great crisis the world is at today gives men a greater desire than ever before for a new faith which will lift the turmoil and the rut in which it has been traveling for thousands of years, he declared.

Men Demand New Faith.

"The souls of men are crying for a new and more satisfying standard of life, Abdul-Baha teaches. Humanity is striving to find a way of progress to take the place of the system that has prevailed in the past centuries and it is from this desire that the Bahai movement will draw its strength, asserted the speaker. "Out of the new desire will come the banishing of the hatred that has existed in the world before and new understanding between the nations will take its place."

Professor Mazandrani will leave this (Monday) morning for Billings, where he will lecture on the Bahai movement. After this he will go west to the coast, where he will lecture in several of the larger cities.
