

BISBEE DAILY REVIEW

REGULAR MEMBERS OF THE ASSOCIATED PRESS.

A PAPER THAT GIVES THE NEWS EVERY DAY.

VOLUME VI.

BISBEE, ARIZONA, FRIDAY, OCTOBER 24 1902.

NUMBER 138

Lieutenant John M. De Zoldy, The celebrated Hungarian soldier, violinist, who is New York's latest musical sensation.

RESUMPTION OF MINING

WAS NOT GENERAL IN ANTHRACITE REGIONS.

Unlooked for Difficulties Were Encountered in Water and Accumulated Gas.

Wilkesbarre, Oct. 23.—Resumption of mining throughout the anthracite region was not as general today as was expected. Unlooked for difficulties were encountered in water and accumulated gas and dangerous roofs, which threatened to fall and entomb the workers were also discovered in many of the collieries.

Mine superintendents would take no chances and the mining of coal was put off until all parts of the underground workings can be made safe. This will take a few days and in some cases weeks. In some of the collieries the machinery connected with the hoisting of coal worked badly and it was found necessary to close down after the miners were ready to go to work. The number of mines reported in operation is less than two-thirds of the total number. The output of coal is less than half normal. The Delaware, Lackawana and Western company took the lead in production. Their collieries are in better condition than the mines operated by the other large companies. An increase of at least twenty per cent in output may be looked for tomorrow. About one-half of the mines of the Delaware, Hudson company are working and the output of those in operation is light. The mines of the Susquehanna Coal company, at Mansfield, are in operation but only the upper levels could be worked, as the lower levels contained much water.

JAPANESE MURDERER.

Sacramento, Oct. 23.—Y. Hidaka, a Japanese, said to have come from Seattle, entered a Japanese boarding house this afternoon shortly after 4 o'clock and shot three of his nationalities—Mr. and Mrs. Yoshimoto and M.

Tokutomi, killing all of them. He then made his escape into brush north of the city and has not been apprehended.

LAND WITHDRAWN.

Six Million Acres for Creation of Forest Reserve in California.

Washington, Oct. 23.—Approximately six million acres of land in Northern California were provisionally withdrawn from the public land era for the creation of forest reserves under orders issued today by Commissioner Hermann, of the general land office. The order was issued at the direction of the Secretary of the Interior. The aggregation of those tracts were recommended after the investigations by the general survey. A further survey will be made, pending which final orders establishing the reservation are deferred. The lands involved in today's order, as now contemplated, is to be divided into four reserves, namely, Klamath, Mount Shasta, Lassen park and Diamond Mountain reserves. On these lands a great rush has recently been made for timber land by speculators and complaints have been numerous.

TREASURY REPORT.

Washington, Oct. 23.—The report of Judson W. Lyons, register of the treasury, for the fiscal year ended July 30 last, was made public today. The most interesting feature of the report is the analysis of holdings and loans, showing the number of foreign holders of United States bonds compared with domestic holders. This analysis shows that out of a total of \$782,924,330 bonds only \$16,022,550 are held by foreigners and of this latter amount \$12,578,000 is held by insurance companies and on deposit with the superintendents of insurance in various states of the union.

Christy Thomas and wife returned from Tombstone yesterday, where they went in answer to a misunderstood phone message announcing the dangerous illness of his brother. His brother was sick with the fever, but in no immediate danger.

WLL DEMAND INCREASED WAGES

WHICH WILL EFFECT THIRTY THOUSAND EMPLOYEES.

Determined Action on the Part of Railroad Employees—Members of the Union Refuse to Discuss Their Plans.

Oakland, Cal., Oct. 23.—According to interviews obtained with the heads of railroad unions and union members there will be a demand made upon the Southern Pacific within the next thirty days for an increase in wages, which will affect thirty thousand employes. Both men and officials of the unions will not discuss their plans. They say premature publication of their demands and plans of procedure might defeat the purpose in view. It was admitted however, that a concerted demand will be made on twenty-three great railroads. During the past six months, it is stated membership in one union, the United Brotherhood Employees, has increased from eight to sixteen thousand members. It is said that in California there are fourteen thousand employes of various roads belonging to this and other unions, all of whom it is claimed stand together with eastern organizations.

TROOPS ORDERED OUT.

To Protect Negro Criminal in Georgia.

Atlanta, Oct. 23.—Governor Canfield has ordered a detachment of the state militia to Tallapoosa, Ga., to protect George Brown, a negro, charged with attempting assault upon a white woman near that place. Brown has been placed in jail there, which is reported surrounded by a crowd of determined men who are bent on lynching the negro.

DEVELOPMENTS AROUND CAMP

THE NEW SPUR HAS BEEN COMPLETED.

Track Being Laid Under the Big Bins of the Calumet and Arizona Company.

The new spur starting out at the Calumet and Pftsburg and connecting with the Spray branch just above the Hobbrook was completed day before yesterday. The last spike looked just like all the others, but as it crept to the heart of that old oak tie, it recorded another bright page in the wonderful industrial progress of Bisbee. The road throughout is of the most thorough and substantial character. A broad solid road bed laid with oak ties, brand new, seventy pound steel Cc plates, extra heavy, joint straps, curve braces and every thing to secure safety and permanency characterizes the connection of the spur. Yesterday the force were laying track under the big bins of the Calumet and Arizona. The big rails were rolled into a train trolley by the side of the car, abut to the front where the ties were already placed. The man in the lookout raised a red flag. The construction engine moved forward, the blue steel that never felt the pressure of drivers before, trembles for a moment, then enters upon its sphere of usefulness, and the train stands under the great bins. The Calumet and Arizona has been preparing for this auspicious event for months and years. The ore is hoisted to the surface, run out to the newly constructed shutes, dumped down to the level of the top of the bins, and by a short and convenient run emptied into the ore bin, whence to be drawn off into the cars and away to Douglas.

The company will, as soon as possible, run a tunnel direct from the top of the bins to the main shaft, where a commodious landing station will be

established. The first car of ore was dumped into the new bins yesterday. The smelter at Douglas will be ready to receive it by the first two cars of silicate having already been sent forward to be used in the completion of the furnace.

The big hoist is crawling rapidly into its place. The immense cylinder castings ponderous as the hills of the universe are already where they are supposed to stay. The main shaft with the big crank wheels are properly mounted, and the boys were attaching the cable wheel last night. The sheaves are in place and very soon the 5 big smoke stacks will send their murky declaration of prosperity across the bosom of Cochise county.

The said company are clearing away for a tramway from the track up to the power house, which will supply the main works with coal and all other necessary material. The Calumet and Arizona evidently means business with a big "B."

"Our hand on it" Mr. Man, you can get more all around satisfaction at Schwartz Bros. & Spiers than any place in Bisbee, because we are strictly Men's Outfitters.

DEMAND OF TRAINMEN.

New York, Oct. 23.—A meeting of the directors of the Union Pacific company was held at the offices of the company here today and the demands of the trainmen, who have threatened to strike were considered. Nothing was made public as to what, if any, action had been decided upon.

MOLLINEAUX'S DEFENSE.

New York, Oct. 23.—A strong point was scored by the defense in the trial of Roland B. Molineaux today, when Justice Lambert ruled out the Bennett letters. Justice Lambert decided that as evidence the letters must be excluded as improper, but he was willing to admit them simply as standard to comparison in writing.

FOREIGN MINISTER ARRIVES.

Washington, Oct. 23.—Senor Don Ojda, recently appointed minister from Spain to the United States, formally presented his credentials to President Roosevelt today.

RELIGIOUS CONVENTION

Omaha, Oct. 23.—With tonight's session of the convention of Disciples of Christ, ended one of the most enthusiastic and best attended religious conventions ever held. Over seven thousand delegates were registered and probably five thousand other strangers came to the city. Probably no session was attended by less than two thousand and several meetings saw ten thousand persons gathered at the coliseum.

Hotel Arrivals.

NORTON HOUSE—H. C. Kerns, Los Angeles; Mike Hewit, S. W. Ferguson, Cananea; Thomas Riley, Montana; B. Rouse, C. H. Smith.

ANGIUS—W. M. Redding, Boston; R. T. Mead, ranch; T. W. Collins, Roseland, B. C.; Otto Kaiser, Los Angeles; W. D. Tanner, H. Hagson, Phoenix; R. D. Carter, Deming.

COPPER QUEEN—E. A. McFarland, Naco; W. W. Cameron, Waco, Tex.; H. A. Stradhoff, Douglas; J. O. Connor, Cananea; F. S. Steward, Whistler; W. C. Miller, J. Knoblock, L. A. Hawkins, Jerome.

METAL MARKET

New York, Oct. 23.—Silver 50%; Mexicans 39%; copper dull, standard 11; lake 11.75 to 12; casting 11.75; to 30; electrolytic, 11.20 to 30

We are not looking for tenderfeet but if you have them our foot form Packard at \$5.00, or Sels at \$3.50 will do them good. For a Long Time. Schwartz Bros. & Spiers.

Attorneys O'Connell and Leavenworth were among the outgoing passengers to Douglas yesterday along with the big show.

WILD SCENE IN PARLIAMENT

IRISH NATIONALISTS BOMBARD THE SPEAKER WITH QUESTIONS.

William Redmond was Especially Prominent in Yesterday's Proceedings.

London, Oct. 23.—Another scene was caused by the Irish Nationalists in the House of Commons today on the identical lines with those which almost daily marked the present session. Nationalists bombarded the Chief Secretary for Ireland, Wyndham, with all kinds of irrelevant questions and when the speaker barred the attack in this direction the nationalists moved an adjournment of the House in order to discuss some triviality which happened during the first session. When the speaker ruled the motion out of order great disorder followed. Nationalists and Nationalists sprang to his feet and violently challenged the speaker's ruling. William Redmond was especially prominent in insisting on arguing with the speaker to which he was egged on by the frantic cheers and shouts from the Nationalist benches.

STOPPED A CLASS FIGHT.

Justice Harlan of the United States Supreme Court Interferes.

Washington, Oct. 23.—Justice Harlan, of the United States Supreme court, who is a member of the faculty of the Columbia University Law School of this city, last night interfered and prevented a class fight between freshmen and sophomores. Justice Harlan is a giant in stature and although sixty-nine years of age, he is still vigorous and active. The youngsters were no match for him when he entered the arena. He reached over the heads of the assaulting party, seizing leaders of the forces by the collar and dragged them from the pile.

THE SAD ELECTION DAYS.

Dedicated to the Republican Funeral which is Billed for November 4th.

Election days have come to be, The saddest in the year, When all the rounders turn from tea To whiskey, gin and beer. The hobo has never had A proper "square" before Turns up with twinkling peepers at The politicians door.

The rusty old Republican Gets out his drum and fife And down the street with flying feet He's tooting for his life. Oh, let him has a good time, For in the dark November, In full retreat and dire defeat His place he will remember.

They pounded Dell Lewis on the back, They snarled around him like a pack, Of little sore-eyed poodles, But like a warrior in the right He knew their meanness and his might, Ignored them in the little fight; Those silly Yankee doodies.

They had enough to buy a drum, Those poor old rustic sinners, But just the same they did not have Enough to buy their dinners, With all the gall and all the wind They stir up with a flurry, In dark November they'll go up Salt river in a hurry.

J. M. Attkin, of Phoenix, Grand Chancellor of the Knights of Pythias for the territory of Arizona, will pay an official visit to Bisbee lodge on Tuesday night next. On Monday evening he will visit at Tombstone.

Ed Prutz, of the E. P. & S. W. company, was in Bisbee yesterday. Ed is a Prutz any old time, and always remembers Bisbee as a good thing.
