BRIEF CITY NEWS

Dance This Evening. The Ladies of the Macabees will give a dance this evening at Tammany Hall.

Big Land Deal. Governor Orman, of Colorado, who has been in Naco for several days closing up a large land deal, passed through Bisbee yesterday on his way north.

He Is Satisfied. B. J. O'Reilly spent yesterday in Naco. He told his friends there that the sale of lots in the Calumet Addition had come fully up to his expectations.

A New Teacher. Miss Thomas has been appointed teacher in the Central School, vice Miss Perley, resigned. Miss Thomas comes to Bisbee very highly recommended as a teacher.

Will Buy Residences. James Blair is negotiating for the purchase of three residences on Oak Avenue, Limestone Canyon, belonging to I. L. Merrill, who leaves shortly for Los Angeles.

A Bold Thief. Sam Wilkinson, a bold thief, was taken to Tombstone from Naco yesterday to answer to the grand jury for having stolen \$120 from the pockets of a prominent Mexican in a Naco saloon.

Out for Practice. The football team were out at Don Luis yesterday practicing for the Thanksgiving day game. They are determined that Douglas shall be defeated. New signals were given the team during the game.

Still Advancing. At noon yesterday B. J. O'Reilly received a telegram from Calumet, Michigan, stating that Wolverine and Arizona was selling there for \$5.50 per share, and would probably advance still higher before the day was over.

Rich Ore. George Clark and J. M. O'Connell returned yesterday from a visit to a group of mines about nine miles from Naco. Mr. Clark had a piece of very rich copper and gold ore in his possession which he has taken from the mine.

Grand Temple Organized. The Grand Lodge of the Rathbone Sisters, which convened in Tucson last week, elected the following officers for the ensuing year: Past grand chief, Mrs. Jennie Pritchard, of Bisbee; grand chief, Géorgie Aitken, Phoenix; senior, Hattie White, Yuma; junior, Hattie Shanklin, Morenci.

They Got the Usual Amount. Three Mexicans got on the rampage Sunday night, and from being friends became enemies and tried to whip each other. They had not got along very far in this way when an officer interrupted them, and placed them in the city jail. This morning they were taken before Justice Brown, who found them guilty and fined them in the usual amount.

An Elegant Place. The Opera Club was thrown open to the public yesterday afternoon, and was crowded with ladies and gentlemen until a late hour. The dining room is elegantly fitted up with the finest of chinaware and glassware, immaculate linen, a fine fine Brussels carpet adorns the floor, and a more cozy and homelike place could not be found in any city. A first-class chef from California has charge of the kitchen, and cleanliness is the order there. Everything that the market affords will be kept constantly on hand, and if the meals served yesterday are an index of what the future is to be Manager Nobles will have his hands filled in making room for his patrons.

Got Plenty of Game. Two hunters left town Sunday morning for the San Pedro river in the search of game. They returned in the evening after a very successful day. They secured seventy-five cotton tails, three jack rabbits, and two dozen quail, and said that they only half tried. Their buggy presented a very unique spectacle as it was driven through town on their return. The whole of the outside was trimmed with cotton tails suspended from a string, while from the back axle were hung three large jack rabbits as a sort of getting to the whole. W. A. McFarlane, who saw the buggy, thought that the jack rabbits were burros and that the cotton tails were some species of wild dog. He said that he could never write back to Pennsylvania and describe what he had seen and be believed.

Ladies in Black Face.

A Review man was passing the old mine office this morning, when he heard female voices in rag time songs, and the shuffling of feet in regular hoe downs. Wondering what was occurring in the building where formerly such journalistic lights as Nash, DeSouza, Gould and Pritchard had held forth, the scribe entered, or tried to enter. He had just opened the door when an avalanche of feminine screams nearly swept him from his feet. When he recovered himself the door was locked. A hole in one of the curtains enabled the reporter to see what was going on within, and there was seen a whole host of pretty girls with their skirts pinned up, doing the double-shuffle and other up-to-date coon dances, while others were singing the latest rag songs. Investigation proved that these were all star performers, who are to appear in negro minstrelsy at the opera house on the evening of December 3rd and 4th, who were rehearsing for the occasion.

Diamond Drill "Ad." Especial attention is called to the advertisement of the Sullivan Machinery company which appears in the columns of The Review this morning. The success met with in the operation of the Sullivan Diamond Drill in the Bisbee district, has attracted a wide interest in mining circles, and the information which the Sullivan Machinery people are putting forth will interest every person who is engaged in mining.

Purchased Residence. James Blair has purchased the D. W. Crawford residence in Limestone canyon, and is having the same thoroughly renovated and repaired, and also enlarged. He is having the property fenced in and is erecting a large and commodious barn on the premises.

A Smooth Mexican Woman. A Mexican woman walked into Justice Brown's court this morning and asked for a warrant for John Doe, whom she claimed had stolen six dollars and brought into court, and proved that he had not stolen any money from the woman. He admitted, however, that he was in debt to the woman to the amount of six dollars for board. Justice Brown concluded that he was not in the collection business, so he promptly discharged the prisoner.

Change of Services. The Rev. Harvey M. Shields, who has been ministering to the spiritual wants of the little church at Naco, will preach in that place this evening instead of Wednesday evening, as has been customary, owing to the latter being Thanksgiving eve. Much interest is being taken in the church in Naco of late, and a choir of seven voices adds to the services of a faithful preacher ministering to a devoted few followers of the Lowly Nazarene who otherwise would be without the consolation of encouraging words sent to them through the medium of His ordained teacher.

The Cubans have voted old Gomez \$50,000. Now all the old man needs to be happy is to get the dough.

Still Running Them Out. On Sunday morning Marshal Mullen resumed his raid upon the undesirable characters that are now infesting Bisbee, with the result that three more of them were placed under arrest.
